The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.

## UTAH.

CAPITAL, SALT LAKE CITY.

Population of State, 207,905.

(Census of 1890.)

Males .....	110,463	Native .....	154,841
Females .....	97,442	Foreign .....	53,064
White .....	205,899	Chinese .....	810
Colored .....	588	Indians .....	608

Number of physicians, 265.

The State of Utah extends from 37 degrees to 42 degrees north latitude, and from 109 degrees to 114 degrees west longitude, and is bounded on the north by Wyoming and Idaho, on the south by Arizona, on the east by Colorado, and on the west by Nevada.

It comprises an area of 84,476 square miles, or 54,064,640 acres, and forms part of the vast plateau which lies between the Rockies and the Sierra Nevada. The surface is very mountainous, interspersed with arid plains, valleys and basins; much of it is utterly sterile. The climate is mild and dry, the mean annual temperature as observed at Salt Lake City being 51.86 degrees, that of the summer 73.59 degrees, and of the winter 30.38 degrees. The average annual rainfall is about 18 inches, but in the vicinity of the Great Salt Lake it increases to 23 inches.

The following table shows increase in population during 40 years:

1850 .....	11,380	1880 .....	143,963
1860 .....	40,273	1890 .....	207,905
1870 .....	86,786		

Among the mineral springs of the State are: The Salt Lake Hot Springs (thermal), the Salt Lake Mineral Springs (sulphureted), and Beck's Hot Springs, at Salt Lake City, and the Utah Hot Springs, 8 miles north of Ogden.

Rate of mortality in Utah, as computed from the U. S. Census of 1890:

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000 White.	Rate per 1,000 Colored.
207,905	2,118	10.19	2,107	11	10.23	5.53

Total number of deaths from consumption during 1890 was 62, which was at the rate of .30 per 1,000 of population, or 29.26 per 1,000 of total deaths.

## MEDICAL LAWS OF UTAH.

### AN ACT REGULATING THE PRACTICE OF MEDICINE IN THE STATE OF UTAH.

#### TITLE 52—PHYSICIANS AND SURGEONS.

Be it enacted by the Governor and Legislative Assembly of the State of Utah:

1728. State Board of Medical Examiners—Appointment.—There shall be appointed by the Governor at each regular session of the Legislature, by and with the consent of the Senate, a State Board of Medical Examiners, which shall consist of seven members, who shall be representatives of the various recognized schools of medicine and shall hold office until their successors are appointed and qualified. Each person so appointed shall qualify by taking an oath before a judge of the district court, that he is a graduate of a legally chartered medical college in good standing and will faithfully perform the duties of his office. Vacancies in the board shall be filled by appointment by the Governor within one month from the time the vacancy shall occur. ('92, p. 81\*; '94, p. 128\*.)

1729. Organization—Examination and Certificates.—Said board shall organize immediately after its appointment by selecting from its members, a president, a secretary, and a treasurer. Four members of the board shall constitute a quorum. The board shall have a seal, with which it shall attest its official acts. Any member of the board shall have authority to administer oaths and the board shall have authority to take testimony in all matters relating to the duties of the board. The board shall have power to issue certificates to any person who furnishes satisfactory proof of having received a degree or diploma from a chartered medical college in good standing and who shall pass a satisfactory examination before the board. The board shall issue two forms of certificates or licenses, one for persons holding such a degree or diploma who has been examined and favorably passed upon by the board, and another for persons desiring to practice obstetrics under the provisions of section seventeen hundred and thirty-seven. Certificates and licenses shall be signed by all members of the board granting them. ('92, p. 81\*; '94, p. 129\*.)

The prohibitions of the United States Constitution against State legislation abridging the privileges of citizens are not violated by act; March 10th, 1892, applicable alike to citizens of Utah and of other States and territories, which authorizes the licensing, without examination, of medical graduates who were, but not those who were not, in actual practice at its passage, and also of persons who had practiced for ten years in the territory before the taking effect of the act, upon passing an examination, although without a diploma, while requiring others to have a diploma besides passing an examination. *People v. Hasbrouck*, 11 U. 291; 39 p. 918. Nor is such act, in authorizing the board to ascertain and determine the qualifications of applicants to practice medicine, unconstitutional, as conferring judicial power on the board. *Id.*

1730. Fee for Examination.—The fee for the examination provided for in the last preceding section shall be fifteen dollars, which shall be paid to the treasurer of the board of examiners. ('92, p. 82\*; '94, p. 129.)

1731. Non-Graduates.—No non-graduate licensed under the provisions of the acts of the territorial legislature shall, in any way advertise as a doctor, physician, or surgeon, but shall, if he advertises at all, do so as a licensed non-graduate practitioner of medicine. The secretary of the board shall enter, without fee, upon the register to be kept by him, the names of all persons to whom certificates are issued as physicians and surgeons. ('92, p. 82\*; '94, pp. 129-30.)

1732. Certificates to be Recorded.—Every person holding a certificate from the said board shall have it recorded in the office of the recorder of the county in which he resides, within three months from the date, and the date of record shall be indorsed thereon. Until each certificate is recorded as herein provided, the holder thereof shall not exercise any of the privileges conferred therein to practice medicine. Any person removing to another county to practice medicine shall record the certificate in like manner in the county to which he removes, and the holder of the certificate shall pay the recorder the usual fees for recording such certificates. ('92, p. 82\*; '94, p. 130\*.)

1733. Record.—The county recorder shall keep, in a book provided for that purpose, a complete list of the certificates recorded by him, with the date of the issue of the certificate, and, if the certificate be based upon a degree and examination, the name of the medical college conferring the degree, and the date thereof. The register of the county recorder shall be open to public inspection during business hours. ('92, p. 82\*; '94, p. 130\*.)

1734. Examinations—Refusal and Revocation of Certificates.—Examinations may be made wholly or partially in writing. The board of medical examiners may refuse to issue the certificates provided for in this title to individuals convicted by a court of competent jurisdiction of any offense involving immoral or dishonorable conduct, the nature of which shall be stated in writing. The board may revoke such certificates for like causes. ('92, p. 82\*; '94, p. 130\*.)

1735. "Practicing Medicine" Defined.—Any person shall be regarded as practicing medicine within the meaning of this title, who shall treat, operate upon, or prescribe for any physical ailment of another for a fee, or who shall hold himself out by means of signs, cards, advertisements or otherwise, as a physician or surgeon; but nothing in this title shall be construed to prohibit services in case of emergency, or the administration of family remedies, nor to prevent medical officers of the United States army from the discharge of their official duties, nor to prohibit visiting physicians in the act of consultation. ('92, p. 80\*; '94, pp. 130-1\*.)

1736. Practicing Without License.—Any person practicing medicine, surgery, or obstetrics within this State without holding a lawful certificate or license or otherwise contrary to the provisions of this title, shall be deemed guilty of a misdemeanor. ('92, pp. 82-3\*; '94, p. 131\*.)

1737. Obstetricians.—Persons desiring to practice obstetrics in this State shall be entitled to a license upon satisfactorily passing an examination by the State board of examiners and paying to the treasurer thereof a fee of five dollars; provided, that this section shall not be construed to prevent physicians holding a certificate from practicing obstetrics, or to prohibit such service or the acceptance of a fee in case of emergency, or persons practicing obstetrics in communities where there are no licensed practitioners. ('92, p. 83\*; '94, p. 131\*.)

1738. Meetings of Board.—The board of medical examiners shall meet on the first Monday in January, April, July, and October of each year, at 10 o'clock a. m., and such other times as the president of the board shall deem necessary. The place of meeting shall be at the State capital. ('92, p. 84\*; '94, p. 132\*.)

1739. Removal of Member of Board.—Any member of said board may be removed for misconduct in office by a two-thirds vote of all the members of the board, but no member shall be removed until after he has been given a trial before said board. ('92, p. 84\*; '94, p. 132\*.)

1740. "Medical College" Defined.—The term "medical college" in this title shall include colleges in good standing in the states where they exist. ('92, p. 84\*; '94, p. 132\*.)

1741. Territorial Certificates.—Nothing in this title shall be deemed to require persons now holding certificates from the territorial board of examiners to make application for license. ('92, p. 82\*; '94, p. 132\*.)

1742. Fees, How Expended.—Money received under this title may be applied in defraying the expenses of the examining board. ('94, p. 132\*.)

The curriculum of this school of medicine requires a proper preliminary education, and four years of study in college, devoted to laboratory, didactic, and clinical instruction, to recitations, and to manual training in the use of instruments and appliances.

Instruction is given in two capacious, well-lighted edifices. The new building contains five large laboratories, in which are conducted the practical laboratory courses in Anatomy, Physiology and Histology, Chemistry, Materia Medica, Pathology and Bacteriology.

The old building is devoted to instruction by clinics, didactic lectures, and by numerous important practical courses in manual training in manipulations and in the use of the instruments employed in medicine, surgery, obstetrics and the specialties.

Manual training in all departments of medicine is a special feature of the instruction in this college. Systematic recitations, conducted in five commodious recitation rooms, are regarded as a most important means of teaching.

With over seventy professors and instructors, and with ample room and appliances, this school is able to furnish its classes with the most approved systematic education in medicine.

Physicians and medical students are invited to visit the laboratories and to inspect the educational appliances of this school.

For further information and for announcements, apply to the College Clerk or to the Secretary,

The State of Vermont extends from 42 degrees to 45 degrees north latitude, and from 71 degrees 25 minutes to 73 degrees 26 minutes west longitude, and is bounded on the north by Canada, on the south by Massachusetts, on the east by New Hampshire and on the west by New York. It comprises an area of 10,212 square miles, or 6,535,680 acres, and is intersected by the Green Mountains, which, trending from north to south, nearly parallel to the western boundary, are covered by dense forests of coniferous trees.

The climate is cold, and like most of the New England States, is marked by great extremes, the winters being severe and of long duration, and the summers short, but extremely warm. The mean annual temperature, as observed at Montpelier, is 42.76 degrees, and the average annual rainfall about 36 inches.

The following table shows increase in population during 70 years:

1820 .....	235,966	1860 .....	315,098
1830 .....	280,652	1870 .....	330,551
1840 .....	291,948	1880 .....	332,286
1850 .....	314,120	1890 .....	332,422

There are a number of mineral springs in the State, among them the Clarendon Springs (calcareous) at Clarendon, the Alburg Springs (sulphureted) at Alburg Springs, the Highgate Springs (sulphureted) at Highgate, the Middletown Springs (alkaline) at Middletown, the Newbury Springs (sulphureted) at Newbury, and the Missiquo Springs (alkaline) at Sheldon.

There is one medical college in Vermont, the Medical Department of the University of Vermont, at Burlington.

Rate of Mortality in Vermont, as computed from the U. S. Census of 1890:

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000 White.	Rate per 1,000 Colored.
332,422	5,425	16.32	5,412	13	16.33	12.95

Total number of deaths from consumption during 1890 was 661, which was at the rate of 1.99 per 1,000 population, or 121.84 per 1,000 of total deaths.

MEDICAL LAWS OF VERMONT.

Sec. 3908. Medical societies organized under a charter from the General  
Assembly shall, at each annual session, elect a board of censors, consisting  
of three members, who shall hold their office till others are elected; which  
board may examine and license practitioners of medicine, surgery or mid-  
wifery.

Sec. 3909. A practitioner of medicine, surgery or midwifery who, by sign  
or advertisement, offers his services to the public as practitioner of either  
medicine, surgery or midwifery, or who, by such sign or advertisement, as-  
sumes the title of doctor, shall obtain a certificate from one of such medical  
societies, either from a county, district or state society.

Sec. 3910. A person not a resident of this State, who has not received a  
diploma from a chartered medical college, shall obtain a certificate from a  
board of censors in this State before he shall be permitted to practice the  
medical art in this State.

Sec. 3911. Each board of censors shall issue certificates without fee to  
physicians and surgeons who furnish evidence, by diploma from a medical  
college or university or by certificate of examination by an authorized board,  
which satisfies said censors that the person presenting such credentials has  
been, after due examination, deemed qualified to practice the branches men-  
tioned in such diploma or certificate.

Sec. 3912. The censors of each medical society aforesaid shall, in their  
discretion, notify practitioners of medicine, surgery or midwifery, of the  
terms of this chapter, and shall require such persons to comply therewith,  
within thirty days after such notification, or within such further time as is  
allowed by the censors, not exceeding ninety days.

Sec. 3913. The certificate shall set forth that said censors have found the  
person to whom it is given qualified to practice the branches of medical art  
mentioned in it, and shall be substantially in the following form:

No..... CERTIFICATE.

State of Vermont, County of.....

This may certify that the undersigned Board of Censors have found  
....., of....., in the County of....., and  
State of....., qualified in the following branches of the medical  
profession:....., and therefore license him to  
practice said branches within this State.

Sec. 3914. The person to whom a certificate is thus issued shall cause the same to be recorded in the clerk's office of the county in which he resides, or if not a resident of the State, in the county in which he obtains such certificate, in a book to be kept by the county clerk for that purpose and to be called the medical register of.....county. The fee for recording such certificate shall be twenty-five cents.

Sec. 3915. A certificate issued by a board of censors, as herein provided, shall be valid throughout the State, after being duly recorded. Said censors may revoke or annul a certificate, if, in their judgment, the person holding it has obtained it fraudulently, or has forfeited his right to public confidence, by conviction of crime.

Sec. 3916. A person who practices medicine, surgery or midwifery in the State or signs a certificate of death for purposes of burial or removal, unless authorized so to do by a certificate issued and recorded as herein provided, shall, for the first offense, be fined not less than fifty nor more than two hundred dollars, and for a subsequent offense not less than two hundred nor more than five hundred dollars; which fine may be recovered by an action of debt for the use of any person who sues therefor, or by an indictment.

Sec. 3917. No person practicing either of the branches of medicine, surgery or midwifery within this State, shall be permitted to enforce, in the courts, the collection of a fee or compensation for services rendered, or medicine or material furnished, in the practice of any of the branches, for which he has not a certificate as provided in this chapter.

Sec. 3918. This chapter shall not apply to the practice of dentistry, nor to the practice of midwifery by women in the town or locality in which they reside, nor to those practitioners of medicine who had resided and practiced medicine in the State five years previous to November 28, 1876.

FOR THE TREATMENT OF

## Medical and Surgical Diseases

150 BANK STREET,

BURLINGTON,        =        =        VERMONT.

This Sanitarium, recently built and equipped with all modern appliances, is designed to furnish a place where patients may be under the direct care of a physician, and at the same time enjoy all the comforts of home life. Located in the picturesque city of Burlington, which overlooks Lake Champlain and furnishes a variety of Lake and Mountain scenery, it is yet sufficiently isolated to satisfy the requirements of all those who need rest.

This institution has accommodations for thirty patients; the rooms are pleasant, comfortably furnished and heated by steam, with fire-places for mild weather.

A Bath Establishment in connection with the Sanitarium furnishes Turkish, Electro-Vapor and Medicated Baths, according to the needs of the patient. Massage treatment is given by competent attendants. Trained nurses attend such patients as require special services. Patients are received by the week or month at reasonable rates.

Address the physicians in charge for further information.

## MEDICAL LAWS OF VIRGINIA.

An Act to regulate the practice of medicine and surgery in the State of Virginia.

1. Be it enacted by the General Assembly of Virginia, That from and after the passage of this act the following persons, and no others, shall be permitted to practice medicine or surgery in this State:

First. All persons who practice medicine or surgery in this State continuously for the period of at least five years prior to the passage of this act, but only such persons as have been assessed with a license tax as a physician or surgeon by some commissioner of the revenue in this State during each of the five years preceding the passage of this act shall be regarded as included within the provisions of this clause: Provided, that this act shall not apply to any physician or surgeon now legally licensed and practicing as such in this State.

Second. All persons who have been duly examined and have been awarded certificates by the board of medical examiners under the acts of January thirty-first, eighteen hundred and eighty-four; March first, eighteen hundred and eighty-eight, and chapter seventy-seven of the code, or the amendments thereto, and who have also otherwise complied with the requirements of the said laws.

Third. All persons who shall hereafter receive certificates from the board of medical examiners of this State as provided by section six of this act, and who shall also in all other respects have complied with the provisions of the same.

2. Any person shall be regarded as practicing medicine or surgery within the meaning of this act who shall profess publicly to be a physician or surgeon and shall offer for practice as such, or who shall prescribe for the sick or for those needing medical or surgical aid and shall charge and receive therefor money or other compensation, directly or indirectly; but this act shall not apply to any midwife, dentist, commissioned officer or contract surgeon of the United States army or navy or marine hospital service in the performance of his duties as such, nor to any physician or surgeon residing in any State or territory of the United States, or in the District of Columbia, called into consultation in a special case with a physician or surgeon residing in this State; nor shall this act be construed as affecting or changing in any way the laws in reference to the license tax to be paid by physicians, surgeons, and dentists.

3. There shall be for this State a board of medical examiners, consisting of one member from each congressional district in this State and two for the State at large, and in addition two homeopathic physicians from the State at large, whose term of office shall be four years, or until their successors are appointed and qualified. The term of office of the board first appointed after this act takes effect shall commence on the first day of April, eighteen hundred and ninety-four, but the board in office under the law in force at the time of the passage of this act shall constitute a board of medical examiners under this act until a new board shall be appointed under the authority of the same.

4. The said board shall consist of men learned in medicine and surgery, and shall be appointed by the Governor on the first day of April, eighteen hundred and ninety-four, and every fourth year thereafter, from a list of names to be recommended by the Medical Society of Virginia.

He shall also appoint two homoeopathic physicians, who may be nominated to him by the Hahnemann Medical Society of the old Dominion in the manner hereinafter provided. Vacancies occurring in such board for unexpired terms shall be filled in the same manner. Such recommendations shall be by vote of a majority present, at some meeting of the said societies, and the same shall be certified to the Governor by the president and secretary of such societies: Provided, however, in case the Governor shall consider any of

the persons so recommended unsuitable, he may decline to appoint any such person or persons, and communicate the fact to the presiding officers of the society presenting the nomination, and such society shall, within ninety days thereafter, make other recommendations in the manner hereinafter prescribed, which shall stand on the same footing in all respects as those first made: Provided, further, if such society fail to make such recommendations prior to the time of appointment, or within ninety days, the Governor shall appoint such board, either in whole or in part, without regard to such recommendations. If any of the said examiners shall cease to reside in the district for which he was appointed, his office shall be deemed vacant.

5. The members of said board shall qualify by taking the usual oath of office before the county or corporation court of the county or corporation in which they respectively reside, or before the judge of such court in vacation. The officers of said board shall be a president, vice-president and secretary (who shall act as treasurer), said officers to be members of and selected by the board. Regular meetings of the board shall be held at such times and places as the board may prescribe, and special meetings may be held upon the call of the president and any five members; but there shall not be less than one regular meeting each year. Five members of the board shall constitute a quorum. The board may prescribe rules, regulations and by-laws for its own proceedings and government, and for the examination by its members of candidates for the practice of medicine and surgery.

6. It shall be the duty of the said board at any of its meetings to examine all persons making applications to them who shall desire to commence the practice of medicine or surgery in this State, and who shall not, by the provisions of this act, be exempt from such examinations; and when an applicant shall have passed an examination satisfactory as to efficiency before the board in session, the president shall grant to such applicant certificate to that effect. A fee of five dollars shall be paid to said board through such officers or members as it may designate by each applicant before such examination is had. In case any applicant shall fail to pass a satisfactory examination, he shall not be permitted to stand any further examination within the next six months thereafter, or until the next meeting of the said board, nor shall he have again to pay the fee prescribed as aforesaid: Provided, however, no applicant shall be rejected upon his examination on account of his adherence to any particular school of medicine or system of practice, nor on account of his views as to method of treatment and cure of diseases; and provided, further, that when, in the opinion of the president of the board, any applicant has been prevented by good cause from appearing before the board, the president of the board shall appoint a committee of three members, who will examine such applicant, and may, if they see fit, grant him a certificate, which shall have the same force and effect as though granted him by the full board until the applicant shall have an opportunity to appear before the said board, when, if the applicant fail to appear before the said board, the president of the board shall have authority to revoke said certificate, or in any case the president shall have authority, at his discretion, to grant a special permit to any applicant to practice medicine until he shall have an opportunity to appear before the board in session for examination, which said special permit shall be revokable at the discretion of the president.

7. The fees realized from the aforesaid shall be applied by the board to the payment of its expenses, and to making a reasonable compensation to the president and secretary.

8. Before any person who obtains a certificate under section six of this act may lawfully practice medicine or surgery in this State, he shall cause the said certificate to be recorded in the clerk's office of the county or corporation in which he resides in this State, or, if he resides in the City of Richmond, in the clerk's office of chancery court of said city; but if he does not reside in the State of Virginia, he shall cause the said certificate to be recorded in the clerk's office of the county or corporation in which he offers to practice in this State, or in the clerk's office of the chancery court of the City of Richmond, if he offers to practice in said city. The certificates shall be recorded by the clerk in a book to be kept for that purpose, and it shall be indexed in the name of the person to whom the certificate was granted. The clerk's fee for recording shall be the same as for recording a deed.

9. Any person who shall practice medicine or surgery in this State in violation of the provisions of this act shall be fined not less than fifty or more than five hundred dollars for each offence; and it shall not be lawful for him to recover any action, suit, motion or warrant, any compensation for services which may be claimed to have been rendered by him as such physician or surgeon.

10. All acts and parts of acts inconsistent with this act are hereby repealed.

11. This act shall be in force from its passage.

Approved February 22, 1894.

The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.

Colored .....	1,602	Indians .....	3,655

Number of Physicians, 641.

Washington extends from 45 degrees 33 minutes to 49 degrees north latitude, and from 117 degrees to 124 degrees 41 minutes west longitude, and is bounded on the north by the British Possessions, on the south by Oregon, on the east by Idaho, on the west by the Pacific Ocean, and on the northwest by the Strait of San Juan de Fuca and the Strait of Georgia. It comprises an area of 69,994 square miles, or 44,796,160 acres, and is divided by the Cascade Mountains into two distinct sections; the western, a heavily timbered country, rugged and broken, with a few fertile prairies; and the eastern, which has extensive plains admirably adapted to stock raising.

The climate is mild, equable and salubrious, and the mean annual temperature is 50.81 degrees. The average annual rainfall is about 39 inches.

The following table shows increase in population during 30 years:

1860 .....	11,594	1880 .....	75,116
1870 .....	23,955	1890 .....	349,390

Rate of Mortality in Washington, as computed from the U. S. Census of 1890:

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000 White.	Rate per 1,000 Colored.
349,390	2,695	7.71	2,630	65	7.72	7.32

Total number of deaths from consumption during 1890 was 278, which was at the rate of .79 per 1,000 of population, or 103.15 per 1,000 of total deaths.

## MEDICAL LAWS OF WASHINGTON.

AN ACT TO REGULATE THE PRACTICE OF MEDICINE AND SURGERY IN THE STATE OF WASHINGTON, AND TO LICENSE PHYSICIANS AND SURGEONS; TO PUNISH ALL PERSONS VIOLATING THE PROVISIONS OF THIS ACT, AND TO REPEAL ALL LAWS IN CONFLICT THEREWITH, AND DECLARING AN EMERGENCY.

Be it enacted by the Legislature of the State of Washington:

Section 1. The governor of this state shall appoint a board of examiners, to be known as the State Medical Examining Board, consisting of nine members, who shall be learned and skilled in the practice and theory of medicine and surgery, and who shall hold their office for three (3) years, and until their successors are appointed and qualified: Provided, That the members thereof first appointed under this act shall be divided into three (3) classes, each class to consist of three (3). The first class shall hold office under said appointment for the period of one (1) year; the second class for two (2) years, and the third class for three (3) years, from the date of their appointment: It is further provided, That no member thereof shall be appointed to serve for more than two terms in succession.

Sec. 2. The members of said medical examining board shall, before entering upon their duties as such members, take and subscribe an oath to support the constitution and laws of the State of Washington, and of the United States, and to well and faithfully and without partiality perform

the duties of such office according to the best of their knowledge and ability; which oaths shall be filed and preserved of record in the office of the secretary of said board. Said medical examining board shall elect a president, secretary and treasurer, and shall have a common seal. The president and secretary shall have the power to administer oaths. Said medical examining board shall hold meetings for examination on the first Tuesday of January and July of each year; said meetings shall be held alternately in Western and Eastern Washington, at such places as the board may designate: Provided, That the first meeting be held at Olympia within thirty (30) days after the appointment and qualification of said board: And provided, That the board may call special meetings when in the opinion of a majority of said board such special meetings are necessary. Said board shall keep a record of all the proceedings thereof, and also a record or register of all applicants for a license, together with his or her age, the time such applicants shall have spent in the study and practice of medicine and surgery, if they shall have practiced at all, and the name and location of all institutions granting to such applicants degrees, or certificates of lectures in medicine or surgery. Said record or register shall also show whether such applicant was rejected or licensed under this act. Said books and register shall be prima facie evidence of all matters therein recorded.

Sec. 3. Hereafter every person desiring to commence the practice of medicine and surgery, or either of them, in any of their or its branches in this state, shall make a written application to said board for a license so to do, which application shall be supported and accompanied by an affidavit of such applicant, setting forth the actual time spent by the applicant in the study of medicine and surgery, and when; whether such study was in an institution of learning, and if so, the name and location thereof, and if not in such institution, where and under whose tutorship the study was prosecuted; the time said applicant shall have been engaged in the actual practice, if at all, of medicine and surgery, or either of them, and where the applicant was located during the time of such practice; and the age of the applicant at the time of making such application; such application and affidavit to be filed and preserved of record in the office of the secretary of said board. Such applicant, at the time and place designated by said board, or at the regular meeting of said board, shall submit to an examination in the following branches, to-wit: Anatomy, physiology, chemistry, histology, materia medica, therapeutics, preventive medicines, practice of medicine, surgery, obstetrics, diseases of women and children, diseases of the nervous system, diseases of the eye and ear, medical jurisprudence, and such other branches as the board shall deem advisable. Said board shall cause such examination to be both scientific and practical, and of sufficient severity to test the candidate's fitness to practice medicine and surgery; which examination shall be by written or printed, or partly written and partly printed questions and answers, and the same shall be filed and preserved of record in the office of the secretary of said board. After examination, if the same be satisfactory, said board shall grant a license to such applicant to practice medicine and surgery in the State of Washington; which said license can only be granted by the consent of not less than five members of said board, except as hereinafter provided, and which said license shall be signed by the president and secretary of said board, and attested by the seal thereof. The fee for such examination shall be ten (\$10) dollars, and shall be paid by the applicant to the treasurer of said board toward defraying the expenses thereof; and such board may refuse or revoke a license for unprofessional or dishonorable conduct, subject, however, to the right of such applicant to appeal from the decision of said board refusing or revoking such license, as hereinafter provided.

Sec. 4. The words "unprofessional or dishonorable conduct," as used in section three (3) of this act, are hereby declared to mean:

First—The procuring or aiding or abetting in procuring a criminal abortion.

Second—The employing of what are popularly known as "cappers" or "steerers."

Third—The obtaining of any fee on the assurance that a manifestly incurable disease can be permanently cured.

Fourth—The willfully betraying a professional secret.

Fifth—All advertising of medical business in which untruthful and improbable statements are made.

Sixth—All advertising of any medicines, or of any means, whereby the monthly periods of women can be regulated, or the menses re-established if suppressed.

Seventh—Conviction of any offense involving moral turpitude.

Eighth—Habitual intemperance.

Sec. 5. In any case of the refusal or revocation of a license by said board under the provisions of this act, said board shall file a brief and concise statement of the grounds and reasons for such refusal or revocation in the office of the secretary of said board, which said statement, together with the decision of said board in writing, shall remain of record in said office. Before a license can be revoked by said board for unprofessional or

dishonorable conduct under the provisions of this act, a complaint of some person under oath must be filed in the office of the secretary of said board, charging the acts of unprofessional or dishonorable conduct and facts complained of against the licentiate accused, in ordinary and concise language; and thereupon said board shall cause to be served upon such accused licentiate a written notice and copy of such complaint, which said notice shall contain a statement of the time and place of hearing of the matters and things set forth and charged in such complaint; and said notice shall be so served at least ten days prior to the time of such hearing. Such accused licentiate may appear at such hearing and defend against the accusations of such complaint, personally and by counsel, and may have the sworn testimony of witnesses taken, and present other evidence in his behalf at such hearing, and said board may receive the arguments of counsel at such hearing.

Sec. 6. In any case of the refusal or revocation of a license by said board under the provisions of this act, the applicant whose application shall be so refused, and the licentiate whose license shall be so revoked by said board, shall have the right to appeal from the decision so refusing or revoking such license within thirty days after the filing of such decision in the office of the secretary of said board, as hereinbefore in this act provided. Such appeal shall be to the superior court in and for the county in which was held the last general meeting of said board prior to the refusal of such license, in the case of such refusal; and to the superior court in and for the county in which the hearing was had upon which such license was revoked, in case of such revocation. In any case a person desiring to take such appeal shall serve, or cause to be served, upon the secretary of said board, a written notice of such appeal, which shall contain a statement of the grounds of such appeal, and shall file in the office of such secretary an appeal bond with good and sufficient surety, to be approved by said secretary, to the State of Washington, conditioned for the speedy prosecution of such appeal and the payment of such cost as may be adjudged against him upon such appeal. Said secretary shall, within ten (10) days after the service of said notice of appeal and the filing and approval of said appeal bond, transmit to the clerk of the superior court to which such appeal is taken a certified copy, under the seal of said board, of the decision of said board, and the grounds thereof in the case of the refusal of a license; and in addition thereto a certified copy, under such seal, of the complaint in the case of the revocation of a license, together with the bond and notice of appeal. The clerk of such court shall thereupon docket such appeal causes, and they shall stand for trial in all respects as ordinary civil actions, and like proceedings be had thereon. Upon such appeal said causes shall be tried de novo. Either party may appeal from the judgment of said superior court to the supreme court of the state in like manner as in civil actions, within sixty (60) days after the rendition and entry of such judgment in said superior court. If such judgment shall be in favor of the party appealing from the decision of said board, and in case said examining board does not appeal from said judgment within said sixty (60) days, then and in that case said board shall at the end of said sixty (60) days, and immediately upon the expiration thereof, issue to such successful party the usual license to practice medicine and surgery in this state, and in addition thereto shall reinstate upon the records of said board the name of such successful applicant in case of the revocation of his license by such board. In case of such appeal to the supreme court by said board, no such license shall be issued nor reinstatement be required until the final determination of said cause, and as hereinafter provided.

In case the final decision of the supreme court be against said medical examining board, then and in that case said court shall make such order in the premises as may be necessary, and said board shall act accordingly: Provided, That in no case shall an appeal bond be required of said board, nor shall any costs be adjudged or taxed against the same.

Sec. 7. The person receiving said license shall file the same, or a copy thereof, with the county clerk in and for the county where he or she resides, and said county clerk shall file said certificate, or copy thereof, and enter a memorandum thereof, giving the date of said license and the name of the person to whom the same is issued, and the date of such filing, in a book to be provided and kept for that purpose; and said county clerk shall each year furnish to the secretary of said board a list of all certificates on file in his office, and upon notice to him of the change of location or death of a person so licensed, or of the revocation of the license granted to such person, said county clerk shall enter at the appropriate place in the record so kept by him a memorandum of said fact, so that the records kept by said county clerk shall correspond with the records of the board, as kept by the secretary thereof. In case a person so licensed shall move into another county of this state, he or she shall procure from the county clerk a certified copy of said license and file the same with the county clerk in the county to which he or she shall remove. Said county clerk shall file and enter the same with like effect as if the same were original license.

Sec. 8. Any person practicing medicine or surgery within this state without first having obtained the license herein provided for, or contrary to the provisions of this act, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined not less than fifty (\$50) nor more than one hundred (\$100) dollars, or by imprisonment in the county jail not less than ten nor more than ninety days, or by both such fine and imprisonment. All such fines shall be paid into the state treasury for the use and benefit of the common schools. Any person shall be regarded as practicing within the meaning of this act who shall append the letters "M. D." or "M. B." to his or her name, or for a fee prescribe, direct or recommend for the use of any person, any drug or medicine or agency for the treatment, care or relief of any wound, fracture or bodily injury, infirmity or disease: Provided, however, The act shall not apply to dentists. Justices of the peace and the respective municipal courts shall have jurisdiction of violations of the provisions of this act. It shall be the duty of the respective county or district attorneys to prosecute all violations of this act. In cases of appeals to the superior court, as hereinbefore provided, it shall be the duty of the district attorney of the county wherein such appeal shall be tried to represent said board upon said appeal. And in all cases of appeal to the supreme court under the provisions of this act, the attorney-general shall represent said board upon such appeal.

Sec. 9. Said board shall have authority to prescribe and establish all needful rules and regulations to carry into effect the provisions of this act.

Sec. 10. Sec. 2289 of the General Laws of Washington Territory of 1881, and section 1, to amend section 2289 of the Code of Washington Territory, are hereby repealed. It is, however, provided, That all persons licensed under said act, or having complied with the provisions thereof, shall be taken and considered as licensed under this act, and the secretary of the board herein provided for shall enter the names of such persons upon the register so kept by him as licensed physicians and surgeons, upon the written application of such persons.

Sec. 11. Whereas, great embarrassment and inconvenience in relation to the practice of medicine and surgery in this state will arise from delay of time when this act shall take effect, it is therefore declared that an emergency exists, and this act shall take effect and be in force in thirty days from and after the date of approval by the governor.

Received by the governor March 28, 1890.

(Note by the Secretary of State.—The foregoing act having been presented to the governor of the state for his approval, and not having been filed in the office of the secretary of state within the time prescribed by the constitution of the state, with his objections hereto, has become a law under the provisions of the constitution.)

The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.

## Prospectus West Virginia Chautauqua Sanitarium, Mt. Pisgah, W. Va.

**The West Virginia Chautauqua Sanitarium** is an institution under the control of the Methodist Episcopal Church, of the State of West Virginia, and is located upon the most charming portion of their beautiful Chautauqua Encampment, at Mt. Pisgah, Clay County, W. Va.

Having an altitude of about eighteen hundred feet and overlooking most of the State, it is entirely above fog, and in an atmosphere of perfect purity. Being the highest point within a radius of at least fifty (50) miles, the scenery from the Sanitarium in every direction is beyond DESCRIPTION and UNSURPASSED.

At the foot of Mt. Pisgah flows the clear and sparkling Elk River, the south bank of which is traversed by the Charleston, Clendennin & Sutton Railway.

**Purpose.**—The purpose of the West Virginia Chautauqua Sanitarium is to establish and maintain a thoroughly reliable medical and surgical institution, equipped with the latest apparatus and appliances for scientific medical and surgical treatment, embracing all Hydrotherapeutic and Electrotherapeutic Baths, Russian, Turkish, Shower, Spray Baths, Massage, Gymnastics, Physical Culture, Swedish Movement, etc.; in short, it is to be an institution commanding the respect and confidence of all.

**A Delightful Winter as well as Summer Resort.**—Vast stretches of primeval forest afford the most agreeable pastime for those who are fond of hunting. The Elk and Buffalo rivers furnish the health and pleasure seeker unrivaled facilities for fishing, bathing and yachting; while nature has made most charming provisions for horse-back riding and driving over excellent roads through most charming scenery, and mountain climbing for pedestrians' tours.

**CONTROL.**—While the Methodist Episcopal Church shall always control the election of the management, IT IS IN NO WISE SECTARIAN. It holds such relations in order that the Institution may never revert into the hands of speculators, who would convert the Institution into a secular and mercenary enterprise, thereby defeating the purpose for which it has been founded.

**FEES SHALL BE GRADUATED TO COVER NECESSARY EXPENSES AND DIVIDEND.**—The Constitution adopted by the Chautauqua Trustees, and endorsed by the Conference, requires the management to charge the patrons of the Sanitarium, only enough to pay the actual expenses, the necessary improvements and repairs, and as nearly as possible an annual dividend of ten per cent. to the shareholders, who alone are the recipients of dividends, thereby securing to the people of West Virginia and other States, a Sanitary Hospital offering advantages superior to other similar institutions, with fees so graduated that its great benefits are within the reach of the most humble sufferer.

**BOARD OF MANAGEMENT.**—Rev. A. B. Riker, D.D., Gov. Geo. W. Atkinson, ex-Gov. W. A. MacCorkle, Supreme Judge H. C. McWhorter, C. C. Lewis, Jr., Dr. D. Mayer, Dr. W. M. Longstreth.

WE POINT WITH PRIDE TO

# HASKINS HOSPITAL

The building is new, large and commodious, and one of the best equipped institutions of the kind in the United States. It is a home-like, cheerful place, delightfully situated on high ground where the climate is temperate.

The building has been constructed especially for the purpose for which it is to be used and has been designed to offer peculiar facilities for the accommodation of surgical cases, and the treatment of allied diseased conditions.

It is of stone and brick and practically fire-proof, and is heated by the hot water system. A passenger elevator of the latest improved pattern is used.

The rooms are large, sunny, and well ventilated; each one is provided with an open fire-place, hardwood floor, electric and gas lights, electric bells, double walls and double doors, and every other arrangement which seems adapted to secure the comfort, seclusion and safety of patients.

There are wards intended for patients whose circumstances are such that they cannot afford a private room.

The operating room, of solid marble, is so constructed as to get absolutely pure air, heated and moistened to any degree that may be desired. Having my office in the same building, I am enabled to give personal supervision to every case.

A competent resident physician lives in the establishment; well-trained nurses will give the patients the best of care.

Number of patients limited to seventy five (75); no dementia cases received nor any form of disagreeable invalidism.

Patients may engage the services of any physician in good standing with whom they must make their own arrangements. Inspection invited. Full information on application.

Members of the profession who may commend their patients to our care can be assured of the most competent management and most exacting professional courtesies.

Terms, \$12.00 to \$25.00 per week, according to room. Address

**MEDICAL LAWS OF WEST VIRGINIA.**

THE FOLLOWING PROVISIONS, FROM THE ACT OF 1895, SET FORTH THE LAW AS IT NOW IS WITH REGARD TO ADMISSION TO THE PROFESSION OF MEDICINE IN WEST VIRGINIA; AMENDING AND RE-ENACTING SECTION 9 OF CHAPTER 150 OF THE CODE OF WEST VIRGINIA:

**WHO MAY PRACTICE MEDICINE IN THIS STATE.**

9. The following persons and no others shall hereafter be permitted to practice medicine in this state, viz.: First—All such persons as shall be legally entitled to practice medicine in this state at the time of the passage of this act.

Second. All such persons as shall pass an examination before the State Board of Health and shall receive certificates from the said Board to that effect, as hereinafter provided.

**EXAMINATIONS BY THE STATE BOARD OF HEALTH.**

9a. The State Board of Health shall at such times as a majority of them shall deem proper, hold examinations for the licensing of practitioners of medicine. Such examinations shall be not less in number than three, during each year, and shall be held at such points in the State as shall be most convenient to those presenting themselves for examination to the State Board of Health. At such examinations written and oral questions shall be submitted to the applicants for license, covering all the essential branches of the sciences of medicine and surgery, and the examination shall be a thorough and decisive test of the knowledge and ability of the applicants. The President and Secretary of the State Board of Health shall issue certificates to all who successfully pass the said examination, and such certificates, after being duly recorded as hereinafter provided, shall be deemed licenses to practice medicine and surgery in all their branches in this State.

The State Board of Health shall give timely notice of the time and place of holding each such examination, by publishing such notice in at least three newspapers of general circulation in this State, and all persons wishing to present themselves for examination should notify the Secretary of the State Board of Health to that effect. No applicant for license to practice medicine in this State shall be rejected because of his or her adherence to any particular school or theory of medicine. The State Board of Health shall call to their assistance, in the examination of any applicant who professes the homeopathic or eclectic school of medicine, a homeopathic or eclectic physician duly licensed to practice medicine in the State, and such homeopathic or eclectic physician so called to the assistance of the State Board of Health shall be allowed the per diem and actual expenses incurred, hereinafter allowed to regular members of the State Board of Health, provided, however, that the provisions of this and the preceding section shall not apply to physicians living in other States and duly qualified to practice medicine therein, who shall be called into consultation in this State, by a physician legally entitled to practice medicine in this State under these sections.

The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.

## WISCONSIN.

CAPITAL, MADISON.

Population of State, 1,686,880.

(Census of 1890.)

Males .....	874,951	Native .....	1,167,681
Females .....	811,929	Foreign .....	519,199
White .....	1,680,473	Chinese .....	128
Colored .....	2,444	Indians .....	3,835

. Number of Physicians, 2,233.

The State of Wisconsin extends from 42 degrees 31 minutes to 46 degrees 58 minutes north latitude, and from 87 degrees to 92 degrees 53 minutes west longitude, and is bounded on the north by Lake Superior, on the northeast by the Northern Peninsula of Michigan, on the east by Green Bay and Lake Michigan, on the south by Illinois, and on the west by Iowa and Minnesota. It comprises an area of 56,040 square miles, or 35,865,600 acres.

The climate is cool and pleasant, the mean annual temperature being 45.40 degrees, that of the summer 69.11 degrees, and of the winter 20.84 degrees. The average annual rainfall is about 31 inches.

There are numerous mineral springs in the State.

The Medical Colleges of the State are the Milwaukee Medical College, Milwaukee; the Wisconsin College of Physicians and Surgeons, Milwaukee, and the University of Wisconsin, Madison, with a special science course, antecedent to medicine.

The following table shows increase in population during 50 years:

1840 .....	30,945	1870 .....	1,054,670
1850 .....	305,391	1880 .....	1,315,497
1860 .....	775,881	1890 .....	1,686,880

The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.

Rate of Mortality in Wisconsin as computed from the United States census of 1890:

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000 White.	Rate per 1,000 Colored.
1,686,880	18,662	11.06	18,561	101	11.05	15.76

## MEDICAL LAWS OF WISCONSIN.

### AN ACT TO REGULATE THE PRACTICE OF MEDICINE AND SUR-GERY IN THE STATE OF WISCONSIN.

The people of the State of Wisconsin, represented in Senate and Assembly, do enact as follows:

Section 1. The Governor shall appoint a Board of Medical Examiners, consisting of seven members, who shall hold office as hereinafter provided and until their successors are appointed, to be known as the Wisconsin Board of Medical Examiners. Such appointments shall be made from three separate lists of ten names each, presented every second year to the Gov-ernor, one list by the Wisconsin State Medical Society, one by the Homeo-pathic Medical Society of the State of Wisconsin, and one by the Wiscon-sin State Eclectic Medical Society. In case any one of said societies should fail to present such list of names as **herein provided**, the Governor may fill the vacancies by the appointment of a sufficient number of reputable practi-tioners of medicine who shall be graduates of a recognized medical college and representative of the different schools of medicine as hereinafter pro-vided. The members first appointed under this act shall be divided into two classes, the first class to consist of four members, who shall hold office under the said appointment for a term of two years, and the second class to consist of three members, who shall hold office under said appointment for a term of four years, and thereafter all appointments shall be for four years. No person shall be appointed to serve for more than two terms in succession, and no member of any medical school, college, or university having a med-ical department shall be appointed on said board. Three of the appointees shall be regular physicians, and two of them shall be homoeopathic physi-cians, and two of them shall be eclectic physicians, and vacancies in said board may be filled as they occur by appointment from said list, preserving the same proportion of the different schools of medicine as aforesaid.

Sec. 2. Said board of medical examiners shall elect from their members a president, secretary and treasurer, and shall have a common seal. The president or secretary shall have the power to administer oaths for the purpose of this act. Said board shall hold four regular meetings each year, on the second Tuesday in January, April, July and October. One in Madison, and one in Oshkosh, and two in Milwaukee, and hold such other meetings at such other times and places as the said board may from time to time determine. Said board shall keep a record of all the proceedings thereof, and also a register of all applicants for license, together with his or her age, time spent in the study of medicine, and the name and locality of all insti-tutions granting to such applicants degrees or certificates of lectures in med-icine, or surgery. Said register shall also show whether such applicant was rejected or licensed under this act; said books and register shall be prima facie evidence of all the matters required to be kept therein.

Sec. 3. All persons hereafter commencing the practice of medicine or surgery in any of their branches in this state shall apply to the said board for license so to do at the time and place designated by said board, or at the regular meeting of said board, and shall submit to an examination in the various branches of medicine and surgery, or present to said board his or her diploma from a medical college that requires after January 1, 1897, at least three courses of not less than six months each before graduation. And after the year 1904, at least four courses of not less than six months each before graduation, no two of said courses to be taken within one twelve-month. The examination in materia medica, therapeutics, and practice of medicine shall be conducted by the members of said board representing the school of medicine which the applicant claims to follow; and the proceedings of the board shall at all reasonable times be open to public inspection. After examination or upon presentation of a satisfactory diploma as hereinbefore provided, the said board shall, if it find the applicant qualified, grant a license to said applicant to practice medicine and surgery in the State of Wisconsin, which said license can only be granted by the consent of not less than five members of said board, and which said license shall be signed by the president and secretary of the said board and attested by the seal thereof. The fee for such examination shall be fixed by said board, but shall not exceed the sum of ten dollars. When no examination shall be re-quired, and in case a satisfactory diploma as hereinbefore provided shall be

presented, the fee shall not exceed five dollars, and such fees shall be paid by the applicant to the treasurer of said board, to be applied by the said board toward defraying the expenses thereof. And said board, after notice to the party concerned and hearing, may by unanimous vote revoke the certificate of any person registered by them who has been convicted before the proper courts of crime committed in course of professional business. The person so receiving such license shall record the same with the county clerk in the county where he or she resides, and the said county clerk shall enter a memorandum thereof, giving the date of said license, name of the person to whom the same is issued, and the date of such recording, in a book to be provided and kept for that purpose. Any person removing to any other county to practice medicine or surgery, shall record said license in like manner in the county to which he or she removed. Any practitioner of medicine holding a certificate from any other state board that imposes equal requirements may, on presentation of the same with a diploma, be admitted to practice in this state without an examination, at the discretion of the board, on the payment of the regular fee as hereinbefore provided.

Sec. 4. All money received by the board shall be kept by the secretary thereof, who shall act as treasurer thereof. Out of the funds coming into their possession from the fees mentioned in this act, the members may receive all legitimate and necessary expenses incurred in attending the meetings of such board, and for their services a sum to be determined by the board, not exceeding five dollars for each day actually spent in attendance upon the meetings of the board; the secretary shall receive a salary in payment of all services, the amount thereof to be fixed by said board, not to exceed three hundred dollars per annum. Such expenses shall be paid from the fees received by the board under this act, and no part of the expenses of said board shall be paid out of the state treasury. The secretary shall furnish to the board such bond as it may from time to time direct. It shall be the duty of said board to make a biennial report of all the proceedings to the governor at the end of each biennial period, together with an account of all moneys received and disbursed by them pursuant to this act, and all moneys in excess of actual expenses are to be paid into the state treasury.

Sec. 5. This act shall not apply to commissioned surgeons of the United States army, navy, or marine hospital service, to physicians or surgeons in actual consultation from other states or territories, or to medical students practicing medicine under the direct supervision of a preceptor.

Sec. 6. Every person who shall begin the practice of medicine or surgery within this state after July 1, 1897, shall be required to have such license, and any person beginning such practice after said date, without first having obtained the license as herein provided for, or contrary to the provisions of this act, or who, not having the license aforesaid, shall advertise or hold himself out to the public as a physician or surgeon or specialist in medicine or surgery in this state, or who shall use the title of doctor or append to his or her name the letters M. D. or M. B., meaning thereby doctor of medicine, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than fifty dollars nor more than one hundred dollars for each such offense, or by imprisonment in the county jail for three months, or both.

Sec. 7. Every person shall be regarded as practicing medicine within the meaning of this act, who shall append the letters M. D. or M. B. to his or her name with intent to represent that he or she is a physician or surgeon, or who shall for a fee prescribe drugs or other medical or surgical treatment for the cure or relief of any wound, fracture, bodily injury, infirmity or disease. This act shall not apply to dentists in the practice of their profession. It shall be the duty of the board to investigate all complaints, all disregard, non-compliance or violation of the provisions of this act, and to bring all such cases to the notice of the proper prosecuting officers. Justices of the peace and the respective municipal courts and courts of record shall have jurisdiction over cases involving violation of this act, and it shall be the duty of the respective district attorneys to prosecute violations of this act.

Sec. 8. All acts or parts of acts so far as they conflict with the provisions of this act are hereby repealed.

Sec. 9. This act shall take effect and be in force from and after its passage and publication.

Approved April 19, 1897.

The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.

## MEDICAL LAWS OF WYOMING.

### AN ACT TO PREVENT THE PRACTICE OF MEDICINE, SURGERY OR OBSTETRICS BY UNQUALIFIED PERSONS.

\*Be it enacted by the Council and House of Representatives of the Territory of Wyoming:

Section 1. No person shall practice medicine, surgery or obstetrics in this Territory who has not received a medical education and a diploma from some regularly chartered medical school, said school to have a bona fide existence at the time when said diploma was granted.

2. Every physician, surgeon or obstetrician in this Territory shall file for record with the Registrar of Deeds of the county in which he or she is about to practice his or her profession, or where he or she now practices it, a copy of his or her diploma, at the same time exhibiting the original, or a certificate from the dean of the medical school of which he or she is a graduate, certifying to his or her graduation.

3. Every physician, surgeon, or obstetrician, when filing a copy of his or her diploma or certificate of graduation, as required by section 2 of this Act, shall be identified as the person named in the papers about to be filed by the affidavit of two citizens of the county, or by his or her affidavit, taken before a notary public or commissioner of deeds for this Territory, which affidavit shall be filed in the office of the Registrar of Deeds.

4. Any person practicing medicine, surgery or obstetrics in this Territory without complying with sections one, two and three of this Act shall be guilty of a misdemeanor, and upon conviction shall be punished by a fine of not less than fifty dollars, nor more than five hundred dollars, or by imprisonment in the county jail for a period of not less than thirty days nor more than six months, or by both fine and imprisonment, for each and every offense. And any person filing or attempting to file as his or her own the diploma or certificate of graduation of another, or a forged affidavit of identification, shall be guilty of a felony, and upon conviction, shall be subject to such fine and imprisonment in the penitentiary as may be fixed by the court for said offense.

5. It shall be the duty of the police, Sheriff or Constable to arrest all persons practicing medicine, surgery or obstetrics in this Territory who have not complied with the provisions of this act, and the officer making the arrest shall be entitled to one-half of the fine collected.

6. No portion of this Act shall apply to any person who, in an emergency, may prescribe or give advice in medicine, surgery or obstetrics, in a section of country where no physician, surgeon or obstetrician resides, or where no physician, surgeon or obstetrician resides within convenient distance, nor to persons prescribing in their own families; nor shall the provisions of this Act apply to persons claiming to practice medicine, surgery or obstetrics in any section of the Territory wherein no physician or surgeon, having a diploma or certificate of graduation as aforesaid, now resides or shall hereafter reside.

7. Upon the trial of any person charged with a violation of any of the provisions of this Act, it shall be sufficient for the prosecution to show that the defendant has practiced medicine, surgery or obstetrics within the county where the indictment is found, at any time since the passage of this Act, and the defendant shall not, after such proof, be entitled to an acquittal until he or she shows by the testimony of some competent witness, upon oath, that the defendant has received a medical education and a genuine diploma from some regularly chartered medical school: Provided, That the defendant may show such facts by depositions taken in the same manner as depositions are taken in civil cases.

8. That an Act entitled "An Act to protect the citizens of Wyoming Territory from empiricism, and to elevate the standing of the medical profession," be and the same is hereby repealed.

9. That this Act shall take effect and be in force from and after its passage.

\*Since these laws were enacted, Wyoming has become a State.

### MEDICAL LAWS OF BRITISH COLUMBIA.

#### Synopsis of Requirements.

Sub-sec. (C), Sec. 24, Med. Act, 1898, provides: The Council shall admit upon the register any person who shall produce from any college or school of medicine and surgery, requiring at least four years' course of study, a diploma of qualification, provided that where the college or school of medicine did not require a course of study of at least four years but a post graduate course has been taken which in point of time added to the college or school of medicine course completes a period of four years, it shall be deemed sufficient; provided also that the applicant shall furnish to the Council satisfactory evidence of identification, and pass before the members thereof, or such of them as may be appointed for the purpose, a satisfactory examination touching his fitness and capacity to practice as a physician and surgeon.

2. Sub-sec. (B), Sec. 24 provides that: The Council shall admit upon the register every person mentioned in chapter 48 of the Acts of Parliament of the United Kingdom, passed in the 49th and 50th years of Her Majesty's

reign, duly registered under the "Medical Act" (Imperial), prior to and inclusive of the 30th day of June, 1887, upon complying with the orders, regulations or by-laws of the Council, and giving due proof of such registration, and that the person applying for registration has not lost the benefit of the same by reason of misconduct or otherwise.

3. Every person applying for registration under Sub-sec. (C), 24 Medical Act, 1898, shall, on appearing in person before the Registrar of the Council and paying a fee to the Registrar of one hundred dollars, be entitled to be registered, on producing to such Registrar a certificate duly authenticated under the hand and seal of the Registrar of Medical Practitioners in England, Ireland and Scotland, as the case may be (or other legal evidence), that such applicant is a duly registered medical practitioner, and that he was duly registered under the "Medical Act" (Imperial), on or before the 30th day of June, 1887. Such applicant will also be required to produce a certificate of good standing in the profession of Medicine from the Registrar or other officer of the medical body having jurisdiction where such applicant last practiced his profession, and evidence by statutory declaration that he has not lost the benefit of his said registration under the "Medical Act" (Imperial) by misconduct, or otherwise.

4. Sub-sec. (D) Sec. 24 provides that: Any homeopathic physician holding a diploma of qualification from any authorized school or college requiring at least a four years' course of study, which has been undergone by the applicant, may be registered under this Act upon passing before the Council, or such of them as may be appointed for that purpose, a satisfactory examination in the following subjects, viz:—Anatomy, Physiology, Pathology, Chemistry, Obstetrics and Surgery.

5. The examination shall be orally and in writing, upon the following subjects:

1. Anatomy.
2. Chemistry.
3. Physiology.
4. Pathology.
5. Materia Medica.
6. Medical Jurisprudence.
7. Theory and Practice of Medicine.
8. Surgery.
9. Clinical Medicine.
10. Clinical Surgery.
11. Obstetrics and Diseases of Women and Children.

6. Before examination, the candidate shall pay to the Registrar of the College the fee of one hundred dollars for the examination, fifty of which shall be returned if the candidate be rejected.

7. During the year there shall be two regular meetings and two examinations held, beginning on the first Tuesday of May and the last Tuesday of October.

All examinations are held at the College rooms, in the new Parliament Buildings, Victoria.

8. Permits are not granted by the Council.

### MEDICAL LAWS OF THE NORTHWEST TERRITORIES.

Whereas, It is desirable to regulate the practice of medicine and surgery in the Territories;

Therefore, the Lieutenant-Governor, by and with the advice and consent of the Legislative Assembly of the Territories, enacts as follows:

1. This Ordinance may be cited as "The North-West Territories Medical Ordinance, 1888."

2. The members of the medical profession shall be a body corporate under the name of "The College of Physicians and Surgeons of the North-West Territories," and shall have perpetual succession, as hereinafter provided, and a common seal, with power to acquire, hold and dispose of chattel property and real estate, for the purposes of this Ordinance, and to sue and be sued.

3. Every person registered according to the provisions of Ordinance No. 11, 1885, shall be a member of the said College of Physicians and Surgeons of the North-West Territories.

4. Every person hereinafter registered under the provisions of this Ordinance shall also be a member of the said College.

5. There shall be a Council of the said College of Physicians and Surgeons of the North-West Territories, to be appointed in the manner to be hereinafter provided for in this Ordinance, and hereinafter referred to as "The Council."

6. The persons entitled to vote at elections of members of the Council shall be, as to the first election, the persons who, at the time of the passing of this Ordinance, are registered under and in pursuance of the said Ordinance No. 11 of 1885, and as to subsequent elections, the persons entitled to vote at elections for members of the Council shall be registered as medical practitioners in pursuance of this Ordinance.

7. No person shall be eligible to be elected a member of the Council at the first election, unless he be registered in pursuance of the said Ordinance No. 11 of 1885, and no person shall be eligible to be elected a member of the Council at subsequent elections, unless he be registered in pursuance of this Ordinance.

8. The number of persons to be elected as members forming the said Council shall be five, and the mode of election shall be by voting papers, as hereinafter mentioned.

9. The charge and conduct of the first election shall be under the management of the Clerk of the Legislative Assembly of the North-West Territories for the time being, and of subsequent elections under the management of the Registrar of the Council.

10. The first election shall take place on the first Friday in February, 1889, in the town of Regina, and subsequent elections shall be held at such time and place as may be determined on by the Council.

11. Every person entitled to vote may vote for five persons.

12. Such votes shall be given by closed voting papers, to be mailed to each registered practitioner by Clerk or Registrar, as the case may be, at least one month prior to the day of the election, in the form of the First Schedule of this Ordinance or to the like effect, signed by the voter and delivered, as to the first election, to the said Clerk of the Legislative Assembly on any day in the month preceding the day of election, and as to subsequent elections, to the Registrar of said Council on any of the twenty days preceding the day of election. Any voting paper delivered to the said Clerk of the Legislative Assembly or Registrar, as the case may be, by post, during the respective times aforesaid, shall be deemed delivered to him.

13. The said Clerk of the Legislative Assembly shall, on the Tuesday following the day of the first election, at the hour of 12 o'clock noon, at his office at the Government buildings, and in the presence of persons as are registered, or are entitled to be registered under the said Ordinance No. 11 of 1885, as choose to attend, scrutinize and count the votes, and keep a record thereof.

14. In respect of every subsequent election, the members, for the time being, of the Council shall appoint two persons who, together with the Registrar of the Council, shall act as scrutineers at the election. On the

day succeeding the day of election, the voting papers shall be opened by the Registrar in the presence of the other scrutineers, who shall scrutinize and count the votes, and keep a record thereof in a proper book, to be provided by the said Council.

15. The five persons who have the highest number of votes at the first election, shall hold office for one year, and those elected at all subsequent elections shall be the members of the Council for the two years following the date of such election, and until their successors are appointed.

16. Any person, entitled to vote at any election, shall be entitled to be present at the opening of the voting papers at such election.

17. In case of an equality of votes between two or more persons, which leaves the election of one or more of the members of the Council undecided, then, as to the first election, the Clerk of the Legislative Assembly, and as to subsequent elections, the scrutineers, shall forthwith put into a ballot box a number of papers, with the names of the candidates having such equality of votes written thereon, one for each candidate, and the Clerk of the Legislative Assembly, as to the first election, and the Registrar of the Council, in the presence of the scrutineers, as to subsequent elections, shall draw by chance from such ballot box one or more of such ballot papers, sufficient to make up the required number, and the persons whose names are upon such papers so drawn, shall be such members.

18. No person shall be entitled to vote at any election, other than the first, unless all his fees to the Council shall have been paid. No person shall be eligible for election unless qualified to vote at such election, and any votes cast for any person who is ineligible to be elected a member, shall be null and void, and the election shall be declared as if such votes had not been cast.

19. In the event of any person placing more than five names on his voting paper, the first five shall be taken, notwithstanding any of such five so named shall be ineligible for any election for any cause whatever.

20. The Clerk of the Legislative Assembly, as to the first election, and the Registrar of the Council, as to subsequent elections, shall, one month prior to the day on which the election is held, make out an alphabetical list or register of the medical practitioners who are entitled to vote at the elections there about to be held, and such register may then be examined at all reasonable times. In case any medical practitioner entitled to vote by this Ordinance, complains to the Clerk of the Legislative Assembly, or to the Registrar of the Council, as the case may be, in writing, of the improper omission or insertion of any name in the said list, it shall be the duty of the Clerk of the Legislative Assembly, or Registrar of the Council, forthwith to examine into the complaint, and rectify such error, if any there be, and in case any person is dissatisfied with the decision of the Clerk of the Legislative Assembly, or Registrar of Council, he may appeal to a judge of the Supreme Court in a summary way, and the decision of such judge shall be final, and such list shall remain or be altered in accordance with such decision.

21. The list or register so made out shall be held to be the register of persons entitled to vote at the next election, and no person shall be entitled to vote, whose name is not upon such register.

22. The members of the Council may, as to elections other than the first, make such regulations as they consider expedient, not contrary to the provisions of this Ordinance, for regulating the procedure under this Ordinance.

23. The voting papers belonging to any election shall not be destroyed until after all petitions, in respect to such election, have been decided, but the same, together with all other papers in connection with the election, shall be retained by the Clerk of the Legislative Assembly, or Registrar, as the case may be.

24. No petition against the return of any member shall be entertained, unless such petition be filed, as to the first election, with the Clerk of the Legislative Assembly, and as to subsequent elections, with the Registrar of the Council, within sixty days after the election, and shall contain a statement of the grounds on which such election is disputed, and unless a copy of such petition is served upon the member whose election is disputed, within sixty days of the date of election.

25. In case of any doubt, or dispute, as to the legality of the election of any member of the Council, it shall be lawful for the Council to hold an inquiry, and decide who is the legally elected member of the Council; and the person whom they decide to have been elected shall be, and be deemed to be, the member legally elected; and if the election is found to be illegal, the Council shall have power to order a new election.

26. The Council shall annually appoint a President, Vice-President, Registrar, Treasurer and such other officers as may from time to time be necessary for the working of this Ordinance, who shall hold office during the pleasure of the Council; and the said Council shall have power to fix by by-law, or from time to time, the salaries or fees to be paid to such officers, and to the Board of Examiners hereinafter appointed.

27. The Council shall appoint annually, from among its members, an "Executive Committee," to take cognizance of, and action upon, all such matters as may be delegated to it by the Council, or as may require immediate interference or attention between the adjournment of the Council and its next meeting; and all such acts shall be valid only till the next ensuing meeting of the Council; but the Committee shall have no power to alter, repeal or suspend any by-law of the Council.

28. In the case of the failure in any instance to elect the requisite number of duly qualified members of the Council, or in the case of any vacancy caused by the death or resignation of any member of the Council, or by any other cause, then it shall be the duty of the remaining members to supply the deficiency by appointing to such vacant place or places, as the same may occur, any person or persons duly qualified, according to the provisions of this Ordinance, to be elected as a member or members of the Council.

29. The first meeting of the Council shall be held at the town of Regina at such time as may be agreed upon by the majority of the members elected.

(1) The Council may make such rules and regulations at its first meeting as to the times and places of the future meetings of the Council, and the mode of summoning the same, as to the Council seems expedient; which rules and regulations shall remain in force till altered at any subsequent meeting; and in the absence of any rule or regulation as to summoning meetings of the Council, it shall be lawful for the President thereof, or in the event of his absence or death, for the Registrar to summon the same at such time and place, as to him seems fit, by circular letter to be mailed to each member.

(2) In the event of the absence of the President from any meeting, the Vice-President, or in his absence, some other member, to be chosen from among the members present, shall act as President.

(3) All acts of the Council shall be decided by the majority of the members present, not less than three in number.

(4) At all meetings the President for the time being shall have a casting vote.

30. There shall be paid to members of the Council such fees for attendance, and such reasonable traveling expenses as may from time to time be fixed by by-law passed by the said Council.

31. Every person who is now registered under the provisions of the said Ordinance No. 11 of 1885, shall be entitled to be registered under this Ordinance, without payment of any fee whatever.

32. The Council shall cause to be kept by an officer appointed by them, and to be called the "Registrar," a book or register, in which shall be entered the name of every person registered according to the provisions of this Ordinance, and from time to time the names of all persons who have complied with the enactments hereinafter contained, and with the rules and regulations made, or to be made, by the Council respecting the qualifications to be required from practitioners of Medicine or Surgery in the Territories, and those persons only whose names are inscribed in the book or register above mentioned, shall be deemed to be qualified and licensed to practice Medicine or Surgery in the said Territories, except as hereinafter provided, and such book or register shall at all times be open and subject to inspection by any person.

33. It shall be the duty of the Registrar to keep his register correct in accordance with the provisions of this Ordinance, and the rules, orders and regulations of the Council, and he shall from time to time make the necessary alterations in the addresses or qualifications of the persons registered under this Ordinance, and the said Registrar shall perform such other duties as may be imposed upon him by the Council.

34. The Council shall admit upon the register:—

(a) Any person who shall produce from any College or School of Medicine and Surgery, requiring a four years' course of study, a diploma of qualification; provided, also, that the applicant shall furnish to the Council satisfactory evidence of identification and pass before the members thereof if deemed necessary, or such examiners as may be appointed for the purpose, a satisfactory examination touching his fitness and capacity to practice as a Physician and Surgeon.

(b) The Council shall admit upon the register any member of any incorporated College of Physicians and Surgeons of any Province of the Dominion of Canada, or any member of any other incorporated body of medical men in Canada exercising powers similar to those conferred by this Ordinance upon the College of Physicians and Surgeons of the North-West Territories, or anyone possessing such qualifications entitling him to be registered as a member of any College of Physicians and Surgeons of any Province of the Dominion of Canada.

35. Each member shall pay to the Registrar, or to any person deputed by the Registrar to receive it, such annual fee as may be determined by by-law of the Council, not being less than \$1.00, nor more than \$2.00,

towards the general expenses of the College, which last mentioned fee shall be payable on the first day of January in each year; and such fee shall be deemed to be a debt due by each member of the College, and shall be recoverable, with the costs of suit, in the name of the College of Physicians and Surgeons of the North-West Territories, in the District Court in which the member resides.

36. The members of the Council shall, from time to time, as occasion may require, make orders, regulations or by-laws for regulating the register to be kept under this Ordinance, and shall from time to time make rules and regulations for the guidance of the examiners, and may prescribe the subjects and modes of examination, and generally make all such rules and regulations in respect of examinations, not contrary to the provisions of this Ordinance, as they may deem expedient and necessary.

37. Any registered medical practitioner, who has been convicted of any felony in any Court, shall thereby forfeit his right to registration, and by direction of the Council his name shall be erased from the register; or, in case a person known to have been convicted of felony presents himself for registration, the Registrar shall have power to refuse such registration.

38. Every person registered under the provisions of this Ordinance shall be entitled to practice Medicine and Surgery, including Midwifery, or any one of them, as the case may be, in the Territories, and to demand and recover in any Court in the said Territories, with full cost of suit, reasonable charges for professional aid, advice and visits, and the cost of any medicine or surgical appliances rendered or supplied by him to his patients.

39. No duly registered member of the College of Physicians and Surgeons of the North-West Territories shall be liable to any action for negligence or malpractice, by reason of professional services requested or rendered, unless such action be commenced within one year from the date when, in the matter complained of, such professional services terminated.

40. The Registrar of the Council shall from time to time, under direction of the Council, cause to be printed and published a correct register of the names in alphabetical order, according to the surnames, with the respective residences, in the form set forth in the Second Schedule of this Ordinance, or to the like effect, together with the medical titles, diplomas, and qualifications, conferred by any College or body, of all persons appearing on the register as existing on the day of publication, and such register shall be called the "North-West Territories Medical Register," and a copy of the register for the time being, purporting to be so printed and published as aforesaid, shall be prima facie evidence in all Territorial Courts, and before all Justices of the Peace, and all others, that the persons therein specified are registered according to the provisions of this Ordinance and subject to the provisions of sub-section one of this section; the absence of the name of any person from such copy shall be prima facie evidence that such person is not registered according to the provisions of this Ordinance.

(1) In the case of any person whose name does not appear in such copy, a certified copy, under the hand of the Registrar of the Council, of the entry of the name of such person on the register shall be evidence that such person is registered under this Ordinance.

**OFFENCES AND PENALTIES.**

41. Any person entitled to be registered under this Ordinance, but who neglects or omits to be so registered, shall not be entitled to any of the rights or privileges conferred by registration under the provisions of this Ordinance, so long as such neglect or omission continues, and he shall be liable to all the penalties imposed by this Ordinance, or any other Ordinance in force against unqualified or unregistered practitioners.

42. It shall not be lawful for any person, not registered, to practice Medicine or Surgery, for hire, or hope of reward; and if any person not registered pursuant to this Ordinance, for hire, gain or hope of reward, practices or professes to practice Medicine or Surgery, he shall, upon a summary conviction thereof, before any Justice of the Peace, for any and every such offense, pay a penalty not exceeding one hundred dollars.

43. Any person who wilfully, or falsely, pretends to be a Physician, Doctor of Medicine, Surgeon, or general Practitioner, or assumes any title, addition or description other than he actually possesses and is legally entitled to, shall be liable, on conviction thereof before a Justice of the Peace, to a penalty not exceeding fifty dollars, nor less than ten dollars.

44. Any person not registered pursuant to this Ordinance, who takes or uses any name, title, addition or description, implying or calculated to lead people to infer that he is registered under this Ordinance, or that he is recognized by law as a Physician, Surgeon, or a Licentiate in Medicine or Surgery, shall be liable, upon a summary conviction thereof before any Justice of the Peace, to pay any penalty not exceeding one hundred dollars, nor less than twenty-five dollars.

45. No person shall be entitled to recover any charge in any Court of Law for any medical or surgical advice, or for attendance, or for the performance of any operation, or for any medicine which he may have prescribed, unless he is registered under this Ordinance.

46. No person shall be appointed as Medical Officer, Physician or Surgeon, in any branch of the public service of these Territories, or in any hospital or other charitable institution not supported wholly by voluntary contributions, unless he is registered under the provisions of this Ordinance.

47. No certificate required by any Ordinance in force, or that may hereafter be passed, from any Physician, or Surgeon, or Medical Practitioner, shall be valid, unless the person signing the same is registered under this Ordinance.

48. Any prosecutions under this Ordinance may be brought or heard before any one, or more, of Her Majesty's Justices of the Peace having jurisdiction where any such offense has been committed, and such Justice or Justices may award payment of costs in addition to the penalty; and in case the penalty and costs awarded by him, or them, are not, upon conviction, forthwith paid, may commit the offender to the common jail, there to be imprisoned for any term not exceeding one month unless the penalty and costs are sooner paid.

49. In any prosecution under this Ordinance, the burden of proof as to registration shall be upon the person charged.

50. In all cases where proof of registration under this Ordinance is required to be made, the production of a printed or other copy of the register, certified under the hand of the Registrar of the Council, for the time being, shall be sufficient evidence of all persons, in lieu of the production of the original register; and any certificate upon such printed or other copy of the register, purporting to be signed by any person in his capacity of Registrar of the Council under this Ordinance, shall be prima facie evidence that such person is such Registrar, without any proof of his signature, or of his being in fact such Registrar.

51. Every prosecution under this ordinance shall be commenced within six months from the date of the alleged offense.

52. The Council, by an order signed by the President, having the seal of the Council appended thereto, may stay proceedings in any prosecutions under this Ordinance, where it is deemed expedient.

53. Any person may be prosecutor or complainant under this Ordinance.

54. All moneys forming part of the Council funds shall be paid to the Treasurer, and may be applied to carry this Ordinance into execution.

55. The words "legally qualified Medical Practitioner," or "duly qualified Medical Practitioner," or any other words implying legal recognition of any person as a medical practitioner or member of the medical profession, when used in any Ordinance or Law, shall, in so far as such Ordinance or Law applies to these Territories, be construed to mean a person registered under this Ordinance.

56. The fee for registration under this Ordinance shall be twenty dollars.

57. The members of the Council may, from time to time, make, alter or amend and repeal rules and regulations for the well-being and discipline of the Council, the conduct of its affairs, and the promotion of medical and surgical knowledge, and the disposition of the Council, provided such rules and regulations be not repugnant to the provisions of this Ordinance.

58. Homoeopathic physicians may be registered under this Ordinance, on complying with the terms mentioned in Section 34.

59. From and after the last Monday in the month of February, 1889, the said Ordinance No. 11, of 1885, shall stand repealed.

### MEDICAL LAWS OF NOVA SCOTIA.

#### REQUIREMENTS FOR REGISTRATION.

##### I. MEDICAL STUDENTS AND THE MATRICULATION EXAMINATION.

In accordance with the Medical Act, Sections 6 and 7, this Examination must be passed prior to the commencement of their medical study by all students proposing to qualify themselves to practice in Nova Scotia, and whether they intend to begin professional study within the province or abroad. The sections and schedule referred to in the same are as follows:

"6. Hereafter no person shall begin or enter upon the study of Physic, Surgery, or Midwifery, for the purpose of qualifying himself to practice the same in this Province, unless he shall have obtained from the Provincial Medical Board a certificate showing that he has satisfactorily passed a Matriculation or Preliminary Examination in the subjects specified in Schedule B of this Act.

7. No candidate shall be admitted to such Matriculation or Preliminary Examination unless he shall have at least fourteen days previous to such examination given notice to the Registrar of the Provincial Medical Board of his intention to present himself for such examination, and transmitted to the Registrar a certificate showing that he has completed his sixteenth year; and shall, before the examination, have paid a fee of ten dollars (1) to the Registrar."

(1) This fee shall not be returned in case of failure, but no additional fee is required when a supplementary examination is granted in one subject.

#### SCHEDULE B.

With the approval of the Governor-in-Council the uniform standard of matriculation examination, as established under Schedule B of Chapter 24, Rev. Stat. N. S., 5th Series, was amended August 20, 1889, and again April 20, 1891. In accordance with the latter amendment the requirements for the matriculation examination are now as follows:

##### Compulsory.

English Language.—Including Grammar, Composition, and Writing from Dictation.

Arithmetic.—Including Vulgar and Decimal Fractions, and the Extraction of the Square Root.

Algebra.—To the end of Simple Equations.

Geometry.—Euclid, Books I, II, III, with easy deductions.

Latin.—Including Grammar, Translation from specified Authors, and translation of easy passages, not taken from such Authors.

Elementary Mechanics of Solids and Fluids.—Comprising the Elements of Statics, Dynamics, and Hydrostatics (2).

(2) As in Blakie's Elements of Dynamics.

## Optional. (3).

One of the following subjects, viz.:  
 History of British America.—With questions in Modern Geography.  
 History of England.—With questions in Modern Geography.  
 French.—Translation and Grammar.  
 German.—Translation and Grammar.  
 Greek.—Translation and Grammar.

In order to pass, a candidate must make fifty per cent. of marks in each subject.

(3) In communicating with the Registrar, students will please state the optional subject chosen.

If fifty per cent. be made in all subjects but one, he may begin study and present himself in that subject alone at the next examination without additional fee.

Candidates failing in more than one subject will be allowed those subjects in which they have passed, but will be required to pay a fee of \$5.00 on presenting themselves for examination in the remaining subjects, and in the meantime may not begin their professional studies.

Certificates will be issued to successful candidates showing the subjects in which they passed, and the extent to which their knowledge of these subjects was tested.

Candidates who have passed the above examination will be admitted without further preliminary examination at all Canadian and American Colleges.

This examination also satisfies the requirements of the General Medical Council of Great Britain as to the preliminary examination, which must be passed by persons wishing to register as medical students.\*

It has also been recognized by the Joint Board of Examiners of the Scottish Universities and placed upon their list of Examinations accepted as equivalents for the Preliminary in Medicine.\*

\*In order, however, to be accepted by the Gen. Med. Council, or by the Scottish Universities' Board, Certificates must show that the examination was passed in all subjects at one time.

## EXAMINATIONS.

Examinations take place twice each year, viz.: On the first Thursday in May and the last Thursday in September.

In May local examinations will be held on application at Sydney, C. B., at Pictou, N. S., and at Yarmouth, N. S. Candidates taking local examinations are required to pay an additional fee of \$2.00.

For copies of previous examination papers (\$1.00 entire set) apply to Registrar Provincial Medical Board.

## EXEMPTIONS.

A certificate of having passed the Matriculation or Preliminary Examination of the N. S. Barristers' Society will exempt from further preliminary examination. The Provincial Medical Board will recognize pro tanto the Matriculation, Sessional and Degree Examinations of any chartered University or College; the examinations for Teachers' Grade A or Grade B License (Nova Scotia); the Preliminary Examination of any Medical Licensing Board authorized by law in Her Majesty's Dominions; the Junior Leaving Examination B of the High School (Nova Scotia Provincial Examination) with 50 per cent. in each subject; the Senior Leaving Examination A of the High School (N. S. Prov. Exam.) with 50 per cent. in each subject.

The Provincial Medical Board will also accept fully or recognize pro tanto such other examinations as may from time to time be similarly recognized by the Councils of Physicians and Surgeons of New Brunswick and of Prince Edward Island.

## II. MEDICAL PRACTITIONERS AND THE MEDICAL CURRICULUM.

For some time it has been felt by the Medical Councils in the Maritime Provinces that certain changes were urgently needed in the curriculum prescribed many years ago in the Medical Act of each province, it being no longer in harmony with the methods and scope of teaching now followed or being adopted by the best medical schools and colleges. It was also felt that in making changes it would be most desirable that a uniform standard should be adopted by all the provinces, as in this way a satisfactory basis would be secured for the establishment of reciprocity in registration and practice. A conjoint committee of representatives from New Brunswick, Nova Scotia and P. E. Island having carefully considered the matter submitted a report, providing a uniform curriculum, including the preliminary examination and the subsequent professional course, and recommending

that each province should make such alterations in its by-laws or secure such changes in its Medical Act as would allow of the adoption of this uniform standard.

The report, after careful consideration, was adopted by each province without amendment.

The Provincial Medical Board of Nova Scotia, in accordance with the proviso in Section 9 of the "Medical Act" (Chap. 24, Rev. Stat. N. S., 5th Series), decided to make the necessary changes in the curriculum, subject to the approval of the Governor-in-Council.

By an order of the Executive Council of Nova Scotia, passed at Halifax on the 13th day of September, 1895, and approved by His Hon the Lieutenant-Governor, the alterations decided upon by the Provincial Medical Board in the wording of said Section 9, and an amendment made to said section by an Order-in-Council, passed on the 8th day of October, 1891, and approved by His Honor the Lieutenant-Governor, have become law, so that the section shall now read as follows:

Sec. 9. "No person shall be entitled to have his name entered on the Register of the Provincial Medical Board, or to receive a License to practice from such Board unless he shall satisfy the Board that he has passed the matriculation or preliminary examination; that after such examination he has followed the studies during a period of not less than four years; that during such four years he has attended at some University, College or Incorporated School of Medicine in good standing, a graded collegiate course of four sessions of not less than six months each, such course to include satisfactory and sufficient lectures and instruction in Anatomy, Practical Anatomy, Chemistry, Practical Chemistry, Physiology, Histology, Materia Medica, Pharmacy, Therapeutics, Surgery, Clinical Surgery, Medicine, Clinical Medicine, Obstetrics, Practical Obstetrics, Diseases of Women and Children, Medical Jurisprudence, Hygiene, Pathology (including Bacteriology), together with evidence of attendance for a period of not less than twelve months upon the general practice of a Hospital, containing not less than fifty beds, under the charge of not less than two physicians or surgeons; that previous to graduation or obtaining a diploma he has passed satisfactory examinations in the subjects of the above curriculum, and that the examinations have been conducted and the diploma granted by a Medical School, College, University or Licensing Body which itself requires a four years' graded course as above appointed, or for want of such degree or diploma has satisfactorily passed an examination in the various branches hereinbefore specified, before examiners to be appointed by the Provincial Medical Board; that he is not less than twenty-one years of age, and that he has paid to the Registrar of the Board a fee of twenty dollars. Provided that the foregoing curriculum and regulations be made compulsory only in the case of persons who have begun the study of Medicine subsequent to January 1st, 1895, and that the Provincial Medical Board shall have power, subject to the approval of the Governor-in-Council, to make such alterations in the same as may from time to time be required."

Medical students and applicants for registration are particularly requested to observe that study under the direction of a licensed practitioner is no longer accepted as constituting an "annus medicus." In all cases evidence must be produced of four complete sessions at College, as specified above.

In cases where the certificates, etc., submitted to the Provincial Medical Board do not fulfill the requirements of section 9, applicants will be required to complete what is deficient by attending the necessary classes, etc., passing the required examinations and obtaining a diploma, as specified in the above section; or, after fulfilling the curriculum as prescribed, by passing the professional examination before the Examiners appointed by the Provincial Medical Board.

## EXAMINATIONS.

Professional examinations will be held once each year at Halifax, beginning on the third Wednesday in June.

Fee for examination, \$30.00, payable in advance. This fee shall not be returned in case of failure.

## III. RECIPROCAL REGISTRATION.

The adoption of regulations practically identical to the foregoing by the three Maritime Provinces having secured uniformity in the requirements relating to persons beginning Medical Study, to the Medical Curriculum, to Professional Examinations and Graduation, and to Registration in each Province, Reciprocal Registration has followed very easily and as a matter of course. It has been further agreed, therefore, between New Brunswick, Nova Scotia, and Prince Edward Island:

1st. That any person registered in one province and wishing to remove to another shall be required to bring from the Registrar of the province he is leaving a certificate showing that he is at that time a legally qualified

medical practitioner of such province, and that no charge of a criminal or professional nature is pending against him, and that on presentation of these credentials alone, with proof of identity, an applicant shall be registered on payment of the usual registration fees.

2nd. That the privileges of Reciprocal Registration shall be open to all persons whose names may be on the Register of either province at the date of the adoption of the terms of this agreement, as well as to those who shall subsequently be duly registered.

N.B.—Nova Scotia has also secured Reciprocal Registration with the Province of Quebec and with Manitoba.

Extract from a speech delivered by A. B. Fripp, M.D., M.S.F.R.C.S., of the Guy's Hospital, London, Eng.:  
 "In my own science I have tried this **ELECTROZONE** on many diseases and have found in every case it was a good deodorant. The more stinking the disease, the more difficult the case to treat, and however bad the sores, whether about the mouth, or other parts of the body, the disease was attacked better with **ELECTROZONE** than any other disinfectant I have ever met with."

## MEDICAL LAWS OF ONTARIO.

CHAPTER 148—An Act respecting the Profession of Medicine and Surgery, as Amended by 54 V., c. 26, entitled An Act to Amend the Ontario Medical Act.

Her Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:

1. This act may be cited as "The Ontario Medical Act." R. S. O., 1877, c. 142, s. 1.

2. The Medical Profession of Ontario heretofore incorporated under the name and style of "The College of Physicians and Surgeons of Ontario," shall be, and shall be deemed to have been from the date of its first establishment a body corporate by the name aforesaid, having perpetual succession and a common seal, with power to acquire, hold, and dispose of chattel property and real estate for the purposes of this act, and to sue and be sued in the manner usual with such corporations. R. S. O., 1877, c. 142, s. 2.

3. Every person registered according to the provisions of the act passed in the twenty-ninth year of the reign of Her Majesty, and chaptered 34, of the act passed in the thirty-second year of the reign of Her said Majesty, and chaptered 45, of the act passed in the thirty-seventh year of Her Majesty, and chaptered 30 of chapter 142 of the Revised Statutes of Ontario, 1877, and of the acts amending the same, shall be a member of the said College of Physicians and Surgeons of Ontario. R. S. O., 1877, c. 142, s. 3.

4. Every person hereafter registered under the provisions of this act shall also be a member of the said College. R. S. O., 1877, c. 142, s. 4.

5. There shall be a Council of the said College of Physicians and Surgeons of Ontario, to be appointed in the manner hereinafter provided for in this act, and hereinafter referred to as "The Council." R. S. O., 1877, c. 142, s. 5.

6. The Council shall be composed of the following persons:

Firstly.—One member to be chosen from each of the Universities, Colleges and Bodies hereinafter designated, to-wit: The University of Toronto, the Queen's University and College of Kingston, the University of Victoria College, the University of Trinity College, the Royal College of Physicians and Surgeons, Kingston, the Toronto School of Medicine, Trinity Medical School, the Ottawa University, Regiopolis College, the Western University, and of every other University, College, or Body in the Province, now by law authorized, or which may be hereafter authorized, to grant degrees in medicine and surgery, and which establishes and maintains to the satisfaction of the College of Physicians and Surgeons of Ontario, a medical faculty in connection therewith.

(2) No teacher, professor, or lecturer of any of the before-mentioned colleges or bodies shall hold a seat in the Council, except as a representative of the college or body to which he belongs.

(3) All members of the Council, representing the colleges or bodies aforesaid, shall be practitioners duly registered under this act, or the acts mentioned in Section 3 of this act.

Secondly.—Five members to be duly elected by the licensed practitioners in homoeopathy who have been registered under this act, or under the provisions in that behalf of any of the acts mentioned in Section 3 of this act.

Thirdly.—Twelve members to be elected in the manner hereinafter provided from amongst, and by the registered members of the profession, other than those mentioned in the preceding sub-sections of this section.

(2) The twelve members to be elected as aforesaid shall be residents of the several territorial divisions for which they are elected; and one member shall be so elected from each of the territorial divisions mentioned in Schedule A to this act, by the registered practitioners of medicine resident in such division; and the manner of holding such election shall, with respect to the time thereof and the taking the votes therefor, be determined by a by-law to be passed by the Council; and in default of such by-law being made, then the Lieutenant-Governor shall prescribe the time and manner of holding such election. R. S. O., 1877, c. 142, s. 6; 50 V., c. 24, s. 1.

7. (1) The members of the Council shall be elected or appointed, as the case may be, for a period of five years; but any member may resign his appointment at any time by letter addressed to the President or Registrar of the Council; and upon the death or resignation of any member of the Council, it shall be the duty of the Registrar forthwith to notify the college or body wherein the vacancy has occurred, of the death or resignation; and such college or body shall have the power to nominate another duly qualified person to fill the vacancy; or, if the vacancy be caused by the death or resignation of any member elected from a Territorial Division, the Registrar shall forthwith cause a new election to be held in such Territorial Division in such manner as may be provided for by by-law of the Council; and the election shall be conducted in accordance with the By-Laws and Regulations of the Council, but it shall be lawful for the Council during such vacancy to exercise the powers hereinafter mentioned.

(2) In the event of the death or resignation of any member of the Council representing the Practitioners of the Homoeopathic system of Medicine, it shall be lawful for the remaining representatives of the Homoeopathic system in the Council to fill such vacancy by selecting from amongst the duly registered Practitioners in Homoeopathy, a person to fill the said vacancy. R. S. O., 1877, c. 142, s. 7.

8. The persons entitled to vote under this Act at any election shall all the duly registered Practitioners. R. S. O., 1877, c. 142, s. 8.

9. (1) Any member of the College of Physicians and Surgeons of Ontario may have his name transferred from one class of voters to any other class, on his presenting to the Registrar a certificate duly signed by the member or members of the Board of Examiners appointed by the Council to examine candidates on the subjects specified in this Act, as peculiar to each School of Medicine, testifying that the member so applying to have his name so transferred has shown a sufficient knowledge of the system of Medicine he desires to connect himself with to entitle him to be admitted to the class he desires, and being so admitted he shall be entitled to vote in that class only.

(2) No member shall be entitled to return to the class from which he has been so transferred without the sanction of the Council; but no member shall at any time be entitled to vote in more than one class of the voters, who, in accordance with the provisions of this Act, vote in the election of the members of the Council; and there shall be payable to the Registrar for such transfer the same charge as is usual for the registration of an additional qualification, namely \$2.00. R. S. O. 1877, c. 142, s. 9.

10. In case of any doubt or dispute as to the legality of the election of any member of the Council, it shall be lawful for the Council to hold an inquiry and decide who is the legally elected member of the Council, and the person whom they decide to have been elected shall be, and be deemed to be, the member legally elected; and if the election is found to have been illegal, the Council shall have power to order a new election. R. S. O., 1877, c. 142, s. 10.

11. (1) The Council may make such rules and regulations as to the times and places of meetings of the Council, and the mode of summoning the same, as to the Council seems expedient, which rules and regulations shall remain in force until altered at any subsequent meeting; and in the absence of any rule or regulation as to the summoning of meetings of the Council, it shall be lawful for the President thereof, or, in the event of his absence or death, for the Registrar to summon the same at such time and place as to him seems fit, by circular letter to be mailed to each member.

(2) In the event of the absence of the President from any meeting, the Vice-President, or, in his absence, some other member to be chosen from among the members present shall act as President.

(3) All the acts of the Council shall be decided by the majority of the members present, not being less than nine in number.

(4) At all meetings the President for the time being shall have a casting vote. R. S. O. 1877, c. 142, s. 11.

12. There shall be paid to the members of the Council such fees for attendance, and such reasonable traveling expenses, as may from time to time be fixed by By-law passed by the said Council. R. S. O. 1877, c. 142, s. 12.

13. The Council shall annually appoint a President, Vice-President, Registrar, Treasurer, and such other officers as may from time to time be

necessary for the working of this Act, who shall hold office during the pleasure of the Council; and the said Council shall have power to fix by By-law, or from time to time, the salaries or fees to be paid to such officers, and to the Board of Examiners hereinafter appointed. R. S. O. 1877, c. 142, s. 13.

14. The Council shall appoint annually from among its members an "Executive Committee," to take cognizance of and action upon all such matters as may be delegated to it by the Council, or as may require immediate interference or attention between the adjournment of the Council and its next meeting; and all such acts shall be valid only till the next ensuing meeting of the Council; but the Committee shall have no power to alter, repeal or suspend any by-law of the Council. R. S. O. 1877, c. 142, s. 14.

#### DIVISION ASSOCIATIONS.

15. In each of the Territorial Divisions described in Schedule A of this Act, there may be established a "Territorial Division Medical Association," which may be called "The Division Association" of such Division; every member of the College of Physicians and Surgeons of Ontario, resident within the said Territorial Division, shall be a member, and the representative in the Council shall be ex-officio Chairman of such Division Association. R. S. O. 1877, c. 142, s. 15.

16. The said Division Association may from time to time submit to the Council a tariff, or tariffs, of professional fees, suitable to their Division, or to separate portions of their Division; and upon the said tariff, or tariffs of fees, receiving the approval of the Council, signified by the Seal of the College and by the signature of the President thereof, being appended thereto, such tariff or tariffs shall be held to be a scale of reasonable charges within the meaning of section 39 of this Act for the Division or section of a division where the member making the charge resides. R. S. O., 1877, c. 142, s. 16.

#### MEDICAL EDUCATION.

17. (1) The Council shall have power and authority to appoint an Examiner, or Examiners, for the admission of all Students to the Matriculation or Preliminary Examination, and to make by-laws and regulations for determining the admission and enrollment of students, but any change in the Curriculum of studies fixed by the Council shall not come into effect until one year after such change is made.

(2) Until a Homoeopathic Medical College for teaching purposes is established in Ontario, candidates wishing to be registered as Homoeopaths shall pass the Matriculation Examination established by this Act as the Preliminary Examination for all Students in Medicine, and shall present evidence of having spent the full period of study required by the Curriculum of the Council, under the supervision of a duly registered Homoeopathic Practitioner.

(3) Such candidates must also have complied with the full Curriculum of studies, prescribed from time to time by the Council for all Medical Students, but the full time of attendance upon lectures and hospitals required by the Curriculum of the Council may be spent in such Homoeopathic Medical Colleges in the United States or Europe as may be recognized by a majority of the Homoeopathic members of the Council; but in all Homoeopathic Colleges, where the winter course of lectures is only of four months' duration, certified tickets of attendance on one such course shall be held to be equivalent to two-thirds of one six months' course, as required by the Council; and when such Teaching Body has been established in Ontario, it shall be optional for such candidates to pursue in part or in full the required curriculum in Ontario. R. S. O. 1877, c. 142, s. 17.

18. The Council shall from time to time, as it may deem expedient, enact by-laws as to the terms upon which it will receive the Matriculation and other certificates of colleges and other institutions not in the Province of Ontario. R. S. O. 1877, c. 142, s. 18.

19. Graduates in Arts in any university in Her Majesty's Dominions shall not be required to pass the preliminary examination. Provided always that where the Council of the College of Physicians and Surgeons adopts a lower standard for matriculation than graduation in arts, such standard shall conform to the curriculum of the universities in the Province for the Academic Year to which such standard applies, or to the course of study prescribed for junior or senior Matriculation in Arts, or to the examinations prescribed by the Department of Education for the Leaving examination of high schools. 54 V., c. 26, s. 1.

20. The Council shall have power and authority to fix and determine from time to time a Curriculum of Studies to be pursued by the students, and such Curriculum of Studies shall be observed and taught by all colleges referred to in Section 6 of this Act. R. S. O. 1877, c. 142, s. 20.

#### MEDICAL REGISTRATION.

21. The Council shall cause to be kept by an officer appointed by them, and to be called the Registrar, a book or register, in which shall be entered the name of every person registered according to the provisions of this Act, or the Acts mentioned in the third section of this Act, and from time to time the names of all persons who have complied with the enactments hereinafter contained, and with the rules and regulations made, or to be made by the Council, respecting the qualifications to be required from Practitioners of Medicine, Surgery and Midwifery, in this Province; and those persons only whose names are inscribed in the book or register above mentioned, shall be deemed to be qualified and licensed to practice Medicine, Surgery or Midwifery in this Province, except as hereinafter provided; and such book or register shall at all times be open, and subject to inspection by any duly registered Practitioner in Ontario, or by any other person. R. S. O. 1877, c. 142, s. 21.

22. It shall be the duty of the Registrar to keep the register correct and in accordance with the provisions of this Act, and the orders and regulations of the Council, and to erase the names of all registered persons who shall have died, and he shall from time to time make the necessary alterations in the addresses or qualifications of the persons registered under this Act, and to enable the Registrar duly to fulfill the duties imposed upon him, it shall be lawful for the Registrar to write a letter to any registered person, addressed to him according to his address on the register, to enquire whether he has ceased to practice or has changed his residence, and if no answer shall be returned to such letter within the period of six months from the sending of the letter, it shall be lawful to erase the name of such person from the register, provided always that the same shall be restored to the register on compliance with the other provisions of this Act. 54 V., c. 26, s. 9.

23. (1) It shall be optional for the Council to admit to registration all such persons as are duly registered in the Medical Register of Great Britain, or are otherwise authorized to practice Medicine, Surgery and Midwifery in the United Kingdom of Great Britain and Ireland, upon such terms as the Council may deem expedient.

(2) Any person who was actually practicing Medicine, Surgery or Midwifery, or any of them in Ontario, prior to the first of January, 1850, and who has attended one course of lectures at any recognized medical school, shall upon such proof as the Council may require, be entitled to registration under this Act.

(3) Any person who was actually practicing Medicine, Surgery or Midwifery, according to the principles of Homoeopathy before the first day of January, 1850, and for the six years preceding the 24th day of March, 1874, in Ontario, may, in the discretion of the Representatives of the Homoeopathic system of Medicine, be admitted to registration under this Act. R. S. O. 1877, c. 142, s. 23.

24. Every person who possesses any one or more of the Qualifications described in Schedule B to this Act dated prior to the 23d day of July, 1870, shall on payment of a fee to be fixed by by-law of the Council, not exceeding ten dollars, be entitled to be registered, on producing to the Registrar the document conferring or evidencing the qualification, or each of the qualifications in respect whereof he seeks to be so registered, or upon transmitting by post to the Registrar information of his name and address, and evidence of the qualification or qualifications in respect whereof he seeks to be registered, and of the time or times at which the same was or were respectively attained; but no one registered under the Acts mentioned in Section 3 of this Act shall be liable to pay any fee for being registered under this Act. R. S. O. 1877, c. 142, s. 24.

25. Every person desirous of being registered under the provisions of this Act, and who had not become possessed of any one of the qualifications in Schedule B mentioned, before the 23d day of July, 1870, shall, before being entitled to registration, present himself for examination as to his knowledge and skill for the efficient practice of his profession, before the Board of Examiners, mentioned in section 28, and upon passing the examination required, and proving to the satisfaction of the Board of Examiners that he has complied with the rules and regulations made by the Council, and on the payment of such fees as the Council may by general by-law establish, such person shall be entitled to be registered, and in virtue of such registration, to practice Medicine, Surgery and Midwifery in this province. R. S. O. 1877, c. 142, s. 25.

26. When and as soon as it appears that there has been established a "Central Examining Board," similar to that constituted by this Act, or an institution duly recognized by the Legislature of any of the Provinces forming the Dominion of Canada, other than Ontario, as the sole examining body for the purpose of granting Certificates of Qualification, and wherein the Curriculum is equal to that established in Ontario, the holder of any such Certificate shall, upon due proof, be entitled to registration by

the Council of Ontario, if the same privilege is accorded by such Examining Board or Institution to those holding certificates in Ontario. R. S. O. 1877, c. 142, s. 26.

27. Each member of the College shall pay to the Registrar, or to any person deputed by the Registrar to receive it, such annual fee as may be determined by by-law of the Council, not being less than one nor more than two dollars, toward the general expenses of the College, which last-mentioned fee shall be payable on the first day of January in the year in which same is imposed; and such fee shall be deemed to be a debt due by each member to the College, and shall be recoverable with costs of suit in the name of the College of Physicians and Surgeons of Ontario, in the Division Court where the member resides. R. S. O. 1877, c. 142, s. 27.

28. At the annual meeting of the Council in each year, there shall be elected by the members of the Council a "Board of Examiners," whose duty it shall be to examine at least once in each year all candidates for registration in accordance with the by-laws, rules and regulations of the Council; such examinations to be held at Toronto or Kingston at such times and in such manner as the Council may by by-law direct. R. S. O. 1877, c. 142, s. 28.

29. The Board of Examiners appointed under the preceding section shall be composed as follows: One member from each of the teaching bodies now existing, referred to in Section 6 of this Act, and one from every other School of Medicine which may be hereafter organized in connection with any university or college which is empowered by law to grant Medical or Surgical Diplomas, and a number not exceeding five members to be chosen from among those members of the College of Physicians and Surgeons of Ontario, who are unconnected with any of the above teaching bodies. R. S. O. 1877, c. 142, s. 29.

30. Every candidate who, at the time of his examination, signifies his wish to be registered as a Homoeopathic Practitioner, shall not be required to pass an examination in either Materia Medica, or Therapeutics, or in the Theory or Practice of Physic, or in Surgery or Midwifery, except the operative practical parts thereof, before any examiners other than those approved of by the representatives in the Council of the Homoeopathic system. R. S. O. 1877, c. 142, s. 30.

31. The Council shall from time to time as occasion may require make Orders, Regulations or By-laws for regulating the registers to be kept under this Act, and the fees to be paid for registration, and shall from time to time make Rules, and Regulations for the guidance of the Board of Examiners, and may prescribe the subjects and modes of examinations, the time and place of holding the same, and generally may make all such rules and regulations in respect to such examinations not contrary to the provisions of this Act, as they may deem expedient and necessary. R. S. O. 1877, c. 142, s. 31.

32. Every person registered under this Act who obtains any higher degree or any qualification other than the qualification in respect of which he has been registered, shall, on the payment of such fees as the Council may appoint, be entitled to have such higher degree or additional qualification inserted in the register in substitution for, or in addition to, the qualification previously registered. R. S. O. 1877, c. 142, s. 32.

33. (1) No qualification shall be entered on the register either on the first registration or by way of an addition to a registered name, unless the Registrar is satisfied by proper evidence that the person claiming is entitled to it; and any appeal from the decision of the Registrar may be decided by the Council, and any entry proved to the satisfaction of the Council to have been fraudulently or incorrectly made, may be erased from the register by an order in writing of the council.

(2) In the event of the Registrar being dissatisfied with the evidence adduced by the person claiming to be registered, he shall have the power, subject to an appeal to the Council, of refusing registration until the person claiming to be registered has furnished such evidence duly attested by oath or affirmation, before the Judge of the County Court of any County. R. S. O. 1877, c. 142, s. 33.

34. (1) Where any registered medical practitioner has either before or after the passing of this Act, and either before or after he is so registered, been convicted either in Her Majesty's dominions or elsewhere of an offense which, if committed in Canada, would be a felony or misdemeanor, or been guilty of any infamous or disgraceful conduct in a professional respect, such practitioner shall be liable to have his name erased from the register.

(2) The Council may, and upon the application of any four registered medical practitioners, shall cause inquiry to be made into the case of a person alleged to be liable to have his name erased under this section, and on proof of such conviction or of such infamous or disgraceful conduct, shall cause the name of such person to be erased from the register; provided, that the name of a person shall not be erased under this section on account of his adopting, or refraining from adopting, the practice of any particular theory of medicine or surgery, nor on account of a conviction for a

political offense out of Her Majesty's dominions, nor on account of a conviction of an offense which, though within the provisions of this section, ought not, either from the trivial nature of the offense, or from the circumstances under which it was committed, to disqualify a person from practicing medicine or surgery.

(3) The Council may order to be paid out of any funds at their disposal such costs as to them may seem just to any person against whom any complaint has been made, which, when finally determined, is found to have been frivolous and vexatious. 50 Vic., c. 24, s. 3.

35. (1) Where the Council direct the erasure from the register of the name of any person, or of any other entry, the name of that person or that entry shall not be again entered in the register except by the direction of the Council, or by the order of any of the divisions of the High Court of Justice.

(2) If the Council think fit in any case they may direct the Registrar to restore to the register any name or entry erased therefrom, either without fees or on payment of such fee, not exceeding the registration fee, as the Council may, from time to time, fix, and the Registrar shall restore the same accordingly. 50 Vic., c. 24, s. 4. 54 Vic., c. 26, s. 3.

36. (1) The Council shall, for the purpose of exercising in any case the powers of erasing from and of restoring to the register the name of a person or any entry, ascertain the facts of such case by a committee of their own body not exceeding five in number, of whom the quorum shall be not less than three, and a written report of the Committee may be acted upon for the purpose of the exercise of the said powers by the Council.

(2) The Council shall, from time to time, appoint, and shall always maintain, a committee for the purposes of this section, and subject to the provisions of this section may, from time to time, determine the constitution and the number and tenure of office of the members of the Committee.

(3) The Committee shall meet, from time to time, for the despatch of business, and subject to the provisions of this section, and of any regulations from time to time made by the Council may regulate the summoning notice, place, management and adjournment of such meetings, the appointment of a chairman, the mode of deciding questions, and generally the transaction and management of business, including the quorum, and if there is a quorum the Committee may act, notwithstanding any vacancy in their body. In case of any vacancy the committee may appoint a member of the Council to fill the vacancy until the next meeting of the Council.

(4) A committee under this section may, for the purpose of the execution of their duties under this Act, employ, at the expense of the Council, such legal or other assessor or assistant as the committee may think necessary or proper; and the person whose conduct is the subject of enquiry shall also have the right to be represented by counsel; provided that all meetings of any such committee when held for taking evidence or otherwise ascertaining the facts shall be held within the county where the member complained of resides or the alleged offense has been committed.

(5) At least two weeks before the first meeting of the Committee to be held for taking the evidence or otherwise ascertaining the facts, a notice shall be served upon the person whose conduct is the subject of enquiry, and such notice shall embody a copy of the charges made against him or a statement of the subject matter of the enquiry, and shall also specify the time and place of such meeting; the testimony of witnesses shall be taken under oath, which the chairman or acting chairman of the committee is hereby authorized to administer, and there shall be full right to cross-examine all witnesses called and to call evidence in defense and reply; in the event of the non-attendance of the person whose conduct is the subject of such enquiry, the committee may, upon proof of personal service of the notice aforesaid in accordance with the provisions of this section, which proof of service may be by statutory declaration, proceed with the subject matter of the enquiry in his absence and make their report of the facts without further notice to such person. 50 V., c. 24, s. 5. 54 V., c. 26, s. 4.

37. No action shall be brought against the Council or the Committee for anything done bona fide under this Act, notwithstanding any want of form in the proceedings, but any person whose name has been ordered to be erased from the register may appeal from the decision of the Council to any Division of the High Court of Justice for Ontario at any time within six months from the date of the order for such erasure, and such Judge may, upon the hearing of such appeal, make such order as to the restoration of the name so erased or confirming such erasure, or for further enquiries by the Committee or Council into the facts of the case, and as to costs, as to such Judge shall seem right in the premises. 50, V. c. 24, s. 6. 54, V. c. 26, s. 5.

38. The appeal may be by summons served upon the Registrar to show cause, and shall be founded upon a copy of the proceedings before the committee—the evidence taken, the committee's report and the order of the Council in the matter—certified by the Registrar, and the Registrar shall, upon the request of any person desiring to appeal, furnish to any such person a certified copy of all proceedings, reports, orders and papers, upon which the committee have acted in making the order complained of upon payment of the sum of five cents per folio. 50 V. C. 24, s. 7. 54 V. c. 26, s. 6.

38a. Upon any inquiry under Section 34 of this Act, either party may without leave or order obtain and issue from and out of any Division of the High Court of Justice for Ontario a subpoena commanding the attendance and examination of any witness and also the production of any documents, production of which could be compelled at a trial, to and before the committee and at the time and place mentioned in the subpoena, and disobedience to the subpoena shall be deemed a contempt of court, but the person whose attendance is required shall be entitled to the like conduct money and payment of expenses and for loss of time as for and upon attendance at a trial. 54, V. C. 26, s. 7.

38b. In case of the erasure of a name under the preceding provisions of this Act, the Council may direct the costs of and incidental to such erasure to be paid by the party whose name has been directed to be erased, which costs shall first be taxed by one of the taxing officers of the High Court, upon whose certificate execution may issue for the collection of such costs by the college, out of any of the Divisions of the High Court, as upon a judgment in an action in such court. 50, V. c. 26, s. 7.

## RIGHTS OF REGISTERED PRACTITIONERS.

39. Every person registered under the provisions of this Act shall be entitled according to his Qualification or Qualifications to practice Medicine, Surgery, or Midwifery or any of them, as the case may be, in the Province of Ontario, and to demand and recover in any Court, with full costs of suit, reasonable charges for professional aid, advice and visits and the cost of any medicine or other medical or surgical appliances rendered or supplied by him to his patients. R. S. O. 1877, c. 142, s. 35.

40. No duly registered member of the College of Physicians and Surgeons of Ontario, shall be liable in any action for negligence or mal-practice, by reason of professional services, requested or rendered, unless such action be commenced within one year from the date when in the matter complained of such professional services terminated. 50, V. c. 24, s. 2.

## PUBLICATION OF REGISTER.

41. (1) The Registrar of the Council shall from time to time, under the direction of the Council, cause to be printed and published a correct Register of the names in alphabetical order according to their surnames, with the respective residences in the form set forth in schedule C of this Act, or to the like effect, together with the medical Titles, Diplomas, and Qualifications conferred by any College or body with the dates thereof, of all persons appearing on the Register as existing on the day of publication; and such Register shall be called "The Ontario Medical Register," and a copy of such Register for the time being purporting to be so printed and published as aforesaid, shall be prima facie evidence in all Courts, and before all Justices of the Peace, and others, that the persons therein specified are registered according to the provisions of this Act, and subject to the provisions of sub-section 2 of this section. The absence of the name of any person from such copy shall be prima facie evidence that such person is not registered according to the provisions of this Act.

(2) In the case of any person whose name does not appear in such copy, a certified copy under the hand of the Registrar of the Council, of the entry of the name of such person on the register shall be evidence that such person is registered under the provisions of this Act. R. S. O. 1877, c. 142, s. 36.

41a. (1) Every registered medical practitioner shall obtain from the Registrar, annually, before the last day of December in each year, a certificate under the seal of the College, that he is a duly registered medical practitioner.

(2) Upon payment of all fees and dues payable by such medical practitioner to the said College, the Registrar shall write his name on the margin of the certificate and the date thereof, and the certificate shall be deemed to be issued only from such date, provided, nevertheless, that any fees properly charged during the time in which any practitioner's name was erased from the register, under this Act, shall be legally recoverable upon the production of the certificate of registration at the time of suit.

(3) No certificate shall be issued to any practitioner who is indebted to the College for any sums payable to the College, nor until the annual fee for such certificate prescribed by the statute and the by-laws of the College is paid.

(4) If a practitioner omits to take out such annual certificate he shall not be entitled thereto until he pays to the College the certificate fee as aforesaid together with any other fees or dues which he owes to the College.

(5) After twelve months' default in taking out such certificate, and if two months' notice of such default be given by registered letter addressed to the registered address of such defaulter, the Registrar shall, if payment has not been made by the defaulter, erase the name of the medical practitioner so in default from the register, and the provisions of this Act as to unregistered medical practitioners shall forthwith apply.

(6) Such medical practitioner may, unless otherwise disqualified under this Act, at any time after his name is so erased by the Registrar, obtain re-registration by applying to the Registrar and paying up the fees and dues due the College, under this Act, and taking out of his certificate as herein provided, and be thereupon reinstated to the full privileges enjoyed by other registered medical practitioners under this Act. 54 V. c. 26, s. 8.

## OFFENCES AND PENALTIES.

42. Any person entitled to be registered under this Act, but who neglects or omits to be so registered, shall not be entitled to any of the rights or privileges conferred by registration under the provisions of this Act so long as such neglect or omission continues, and he shall be liable to all the penalties imposed by this Act, or by any other Act in force against unqualified or unregistered practitioners. R. S. O. 1877, c. 142, s. 37.

43. If the Registrar makes or causes to be made any wilful falsification in any matter relating to the Register, he shall incur a penalty of Fifty Dollars, and shall be disqualified from again holding that position. R. S. O. 1877, c. 142, s. 38.

44. (1) If any person procures or causes to be procured his registration under this Act, by means of any false or fraudulent representation or declaration, either verbally or in writing, it shall be lawful for the Registrar, upon the receipt of sufficient evidence of the falsity or fraudulent character of such representation or declaration, to represent the matter to the Council, and upon the written order of the President, attested by the seal of the College, to erase the names of such persons from the register, and to make known the fact and cause of such erasure by notice to be published in the Ontario Gazette; and after such notice has appeared the person whose name has been erased as aforesaid shall cease to be a member of the College of Physicians and Surgeons of Ontario, and shall cease to enjoy any of the privileges conferred by registration under this Act at any future time, without the express sanction of the Council.

(2) If any person wilfully procures or attempts to procure himself to be registered under this Act, by making any false or fraudulent representation or declaration, either verbally or in writing, he shall on conviction thereof before any Justice of the Peace incur a penalty not exceeding one hundred dollars; and every person knowingly aiding and assisting him therein shall on conviction thereof incur a penalty of not less than twenty nor more than fifty dollars for each such offense. R. S. O. 1877, c. 142, s. 39.

45. It shall not be lawful for any person not registered to practice Medicine, Surgery, or Midwifery for hire, gain, or hope of reward, and if any person not registered pursuant to this Act for hire, gain, or hope of reward practices or professes to practice Medicine, Surgery, or Midwifery, or advertises to give advice in Medicine, Surgery, or Midwifery, he shall upon a summary conviction thereof before any Justice of the Peace for each and every such offense, pay a penalty not exceeding one hundred dollars nor less than twenty-five dollars. R. S. O. 1877, c. 142, s. 40.

46. Any person who wilfully or falsely pretends to be a Physician, Doctor of Medicine, Surgeon, or General Practitioner, or assumes any title, addition, or description other than he actually possesses and is legally entitled to, shall be liable on conviction thereof before a Justice of the Peace to a penalty not exceeding fifty dollars, nor less than ten dollars. R. S. O. 1877, c. 142, s. 41.

47. Any person not registered pursuant to this Act who takes or uses any name, title, addition, or description implying or calculated to lead people to infer that he is registered under this Act, or that he is recognized by law as a Physician, Surgeon, Accoucheur, or a Licentiate in Medicine, Surgery, or Midwifery, shall be liable upon a summary conviction thereof before any Justice of the Peace to pay any penalty not exceeding one hundred dollars, nor less than twenty-five dollars. R. S. O. 1877, c. 142, s. 42.

48. No person shall be entitled to recover any charge in any Court of Law for any Medical or Surgical advice, or for attendance, or for the performance of any operation, or for any medicine which he may have prescribed or supplied, unless he produces to the Court a certificate that he is registered under this Act; but this Section shall not extend to the sale of any drug or medicine by any duly licensed Chemist or Druggist. R. S. O. 1877, c. 142, s. 43. 54, V. c. 26, s. 2.

49. No person shall be appointed as Medical Officer, Physician, or Surgeon in any branch of the public service of this Province, or in any Hospital or other charitable institution not supported wholly by voluntary contributions, unless he is registered under the provisions of this Act. R. S. O. 1877, c. 142, s. 44.

50. No certificate required by any Act now in force, or that may hereafter be passed, from any Physician or Surgeon or Medical Practitioner, shall be valid unless the person signing the same is registered under this Act. R. S. O. 1877, c. 142, s. 45.

51. Any prosecution under this Act may be brought or heard before any one or more of Her Majesty's Justices of the Peace having jurisdiction

The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.

## MEDICAL LAWS OF PRINCE EDWARD ISLAND.

### EXAMINATIONS AND REGISTRATION.

#### 1. MATRICULATION.

The "Medical Act, 1892," provides as follows:

Section 13. (1) No person who shall have commenced the study of Medicine on or after the first day of September, A. D. 1892, shall be entitled to be registered unless he has passed a matriculation examination equivalent to that of the College of Surgeons, London, or shall hold a license as a first-class Teacher in this Province, or shall have obtained from the Council a certificate that he has satisfactorily passed a matriculation examination in the subjects specified in Schedule "B" of this Act.

(2) Any graduate or any student having matriculated in Arts in any University in Her Majesty's Dominions, shall not be required to pass the matriculation examination.

Section 14. The Council shall cause to be kept by the Registrar a Book or Register to be called the "Medical Students' Register," in which shall be entered the names of all who have passed the said Matriculation Examination, together with the date of registration and such other particulars in regard thereto as may be by the Council deemed necessary or expedient. A fee of two dollars shall be paid for such registration and certificates thereof.

#### 2. PROFESSIONAL.

The "Medical Act, 1892," provides as follows:

Section 11. Every person who holds a Medical or Surgical degree or diploma dated prior to the first day of January, A. D. 1880, from any University, College, or School of Medicine, in Great Britain, Ireland, or Canada, or from any of the Universities or Colleges in the United States mentioned in the Schedule "A" to this Act, shall, on payment of a fee to be fixed by by-law of the Society, not exceeding twenty dollars, be entitled to be registered on producing to the registrar such diploma or producing satisfactory evidence of the qualification in respect whereof he seeks to be so registered.

Section 12. Every person desirous of being registered under the provisions of this Act (who has not been registered under the Acts mentioned in Section 2) and who had not become possessed of a medical or surgical degree or diploma dated prior to the first day of January, A. D. 1880, as provided in Section 11 of this Act shall, before being entitled to registration, present himself for examination as to his knowledge and skill for the efficient practice of his profession, before the Medical Council; and upon passing the examina-

tion required, and upon producing proofs of study in Medicine, Surgery, and Midwifery for four years, in a Medical School, College, University or Licensing Body, which itself requires a four years' graded course, during at least twelve months of which four years he shall attend upon the practice of an approved General Hospital (57 Vic., Cap. XIX, Sec. 1), and on payment of a fee to be fixed by by-law of the Society, not exceeding twenty dollars, shall, subject to the provisions of the next section, be entitled to be registered, and by virtue of such registration to practice Medicine, Surgery, and Midwifery in this Province, provided always that the Council may, if they see fit, dispense with such examination in any case.

Section 16. When and so soon as it appears that there has been established an examining body similar to that constituted by this Act, or an institution duly recognized by the Legislature of any of the Provinces of the Dominion of Canada other than Prince Edward Island, as the sole examining body for the purpose of granting certificates of qualification, and wherein the curriculum is equal to that approved of by the Medical Council of the Province of Prince Edward Island, the holder of any such certificate shall upon due proof be entitled to registration by the Council of Prince Edward Island, if the same privilege is accorded in such other Province to those registered in Prince Edward Island.

Section 18. It shall be the duty of the Council to hold an examination at least every three months, if required, for candidates for registration (other than those entitled to registration without examination) in accordance with the by-laws, rules and regulations of the Council, such examination to be held at such places, at such times, and in such manner as the Council may by by-law direct.

#### BY-LAWS OF THE MEDICAL COUNCIL.

##### EXAMINATIONS.

The subjects of the examinations under Sections 12 and 18 of the Medical Act, 1892, shall embrace Anatomy, Practical Anatomy, Physiology, Histology, Materia Medica, Pharmacy, Therapeutics, Chemistry, Practical Chemistry, Surgery, Medicine, Obstetrics, Diseases of Women and Children, Medical Jurisprudence, Hygiene, Pathology, including Bacteriology.

Proof shall be required that the candidate has, previous to presenting himself for this examination, pursued a four years' graded Collegiate Course of not less than six months each, and that previous to graduation or obtaining a Diploma he has passed satisfactory examinations in the subjects of the above curriculum.

In cases where the certificates do not fulfill these requirements the applicant shall be compelled to complete what is deficient—attend the necessary classes—pass the required examinations and obtain a Diploma as specified in the last sub-section, or complete the curriculum as above and then pass the examinations prescribed by the Council, before its own examiners.

The examinations under Section 18 of the "Medical Act, 1892," shall be held at Charlottetown, on the first Tuesdays of January, April, July and October.

##### RECIPROCITY.

Any person registered in any Province of the Dominion of Canada which reciprocates with this Province under the provisions of Section 16 of the "Medical Act, 1892," and wishing to remove to this Province, shall be required to bring from the Registrar of the Province he is leaving a Certificate showing that he is at the time a legally qualified Medical Practitioner of said Province, and that no charge of a criminal or professional nature is pending against him.

##### FEES.

The fee for registration payable under Sections 11 and 12 of the "Medical Act, 1892," shall be \$20.

The fee for the professional examination under Section 12 of the "Medical Act, 1892," shall be \$12.

The fee for the matriculation examination under Section 13 of the "Medical Act, 1892," shall be \$5.

#### MEDICAL LAWS OF QUEBEC.

##### REVISED STATUTES OF THE PROVINCE OF QUEBEC—TITLE X.—CHAPTER IV.—SECTION II.—PHYSICIANS AND SURGEONS.

##### § 1.—INCORPORATION OF THE COLLEGE OF PHYSICIANS AND SURGEONS.

3969. All persons resident in the Province of Quebec, authorized to practice medicine, surgery or midwifery therein, and registered under this section, are hereby constituted a body politic and corporate by the name of "The College of Physicians and Surgeons of the Province of Quebec," and, by that name, they have perpetual succession and a common seal, with power to change, alter, break or renew the same; they, by the name aforesaid, may sue and be sued, implead and be impleaded, answer and be answered unto in all courts and places whatsoever, and are capable in law to have, hold, receive, enjoy, possess and retain for the purposes of this section, and, for the benefit of the said College, all sums of money at any time paid, given or bequeathed to and for the use of the said College.

The value of the real estate held by the corporation shall not, at any time, exceed the sum of twenty thousand dollars.

The corporation may, at any time, and without any letters of mortmain, acquire, receive, have, hold, possess and enjoy any lands, tenements or hereditaments, and any estate or interest derived or arising therefrom, but solely for the purposes of the College; and it may sell, grant, lease, demise, alienate or dispose of the same, and do or execute all and singular the matters and things that to them shall or may appertain to do. 42-43 V., c. 37, s. 2.

3970. The corporation shall have two places of business, one in the city of Quebec, and the other in the city of Montreal, which shall be in the office of the secretaries of the College appointed in virtue of Article 1 of Chapter 2 of its statutes, by-laws and regulations.

Service upon the corporation is effected at either of such offices indifferently, by speaking to a person employed therein; and in all legal proceedings the domicile of the corporation is sufficiently designated by the following words: "having a place of business in each of the cities of Quebec and Montreal." 45 V., c. 32, s. 2.

##### § 2.—COMPOSITION AND GOVERNMENT OF THE COLLEGE OF PHYSICIANS AND SURGEONS.

3971. The persons who compose the College of Physicians and Surgeons are called "Members of the College of Physicians and Surgeons of the Province of Quebec." 42-43 V., c. 37, s. 3.

3972. The affairs of the College are conducted by a Board of Governors, forty in number, elected for three years, chosen as hereinafter set forth, viz.: Fifteen from among the members of the College residing in the district of Quebec;

Nineteen from among its members residing in the district of Montreal; Three from among its members residing in the district of Three Rivers; and

Three from among its members residing in the district of St. Francis. At no time can the city of Quebec have more than eight governors, or the city of Montreal more than ten; not less or more than eight of the members of the Board of Governors shall reside in the city of Quebec, and not less or more than ten shall reside in the city of Montreal.

Two of its members are named by Laval University at Quebec, and chosen from among the members of the College, residing in the city of Quebec.

Two of its members are named by Laval University at Montreal;

Two by the University of McGill College;

Two by the University of Bishop's College; and

Two by the Incorporated School of Medicine and Surgery of Montreal, affiliated to the University of Victoria College, or with any other British university.

The eight latter members of the Board so nominated by the Laval University at Montreal, University of McGill College, University of Bishop's College, and the Montreal School of Medicine and Surgery, shall be chosen from among the members of the College of Physicians and Surgeons residing in the city of Montreal.

The governors appointed by the institutions above mentioned are not required to have their appointment confirmed or approved by the College, but, on presenting their certificate of nomination, have the right to take their seats and enter upon their functions.

In case any of the universities or incorporated medical schools above named should cease to have its students taught the science of medicine, the power of appointing members of the Board of Governors, hereinbefore provided, ipso facto ceases, and can only be revived when such institutions, bona fide, resume their teaching.

At each election of the Board of Governors, every member of the corporation has the right of voting by proxy. 42-43 V., c. 37, s. 4.

3973. For the above purposes, the district of Quebec comprises the present judicial districts of Quebec, Gaspé, Saguenay, Chicoutimi, Rimouski, Montmagny, Beauce and Kamouraska; the district of Montreal comprises the present judicial districts of Montreal, Terrebonne, Joliette, Richelieu, Bedford, St. Hyacinthe, Iberville, Beauharnois and Ottawa; the district of Three Rivers comprises the present judicial districts of Three Rivers and Arthabaska; and the district of St. Francis comprises the present judicial district of St. Francis. 42-43 V., c. 37, s. 4, § 2.

3974. The members of the Board of Governors are elected for a period of three years, but any member may, by letter addressed to the secretary of the Board, resign his appointment at any time; and, upon the death or resignation of any member of the Board, the secretary shall forthwith notify the university or body wherein such vacancy may occur, and such university or body may nominate another person qualified to fill such vacancy.

If the vacancy be caused by the death, resignation or removal from the city or district, of any member elected by cities or districts, the Board of Governors at the next ensuing meeting fills up such vacancy from amongst the eligible members of the College in the city or district where such vacancy has occurred, by an election by ballot.

In the event of any vacancy occurring in the Board of Governors in consequence of any of the said institutions ceasing to teach, the place of such governors, during the suspension of such teaching in such institution, is filled in the same manner, from amongst the members of the said College, residing in the city wherein such institution was located;

And, during any such vacancy, it shall be lawful for the Board of Governors to exercise the powers of the Board hereinafter mentioned. 42-43 V., c. 37, s. 4 § 3.

3975. The Board of Governors is known as the "Provincial Medical Board;" and in such capacity it meets to perform the several duties devolving upon it, as the Board of Governors of the College, not less than twice in each year, at such time and place as by them shall be deemed most fit.

At such meetings seven shall be a quorum for the transaction of business. 42-43 V., c. 37, s. 5.

### § 3.—ADMISSION TO PRACTICE.

3976. No person shall practice medicine, surgery or midwifery in the Province, unless he has obtained a license from the Provincial Medical Board, which is hereby authorized to issue such license, and unless he be registered in accordance with this section. 42-43 V., c. 37, s. 6; 45 V., c. 32, s. 3.

3977. Every person who obtains a medical degree or diploma in any university or college mentioned in Article 3972 is entitled to such license, without examination as to his medical knowledge and skill, provided that such diploma has only been given after four years of medical study from the date of admission to study, and according to the requirements of this section, and provided also that the Provincial Medical Board has power to grant the same privilege to holders of degrees or diplomas of medicine and surgery from other British, Colonial or French Universities or Colleges. 42-43 V., c. 37, s. 7.

3977a. The privileges above conferred upon the holders of degrees or diplomas from British Colleges and Universities is hereby extended to every person whose name is entered upon the Medical Register, under the Imperial Medical Act, 1886 (49-50 Victoria, Chapter 48), or of any act amending the same. (Added by 52 V., c. 39, s. 1.)

3978. No person shall be admitted as a student of medicine, surgery or midwifery, unless he has obtained a certificate of qualification from the Provincial Medical Board.

No one is entitled to the license of the College, on presentation of a diploma, unless he has been previously admitted to the study of medicine in accordance with the provisions of this section, or unless he has passed an equivalent preliminary examination before a college, school or board, authorized by law to require and cause such preliminary examinations to be passed in Her Britannic Majesty's other possessions. 42-43 V., c. 37, s. 8.

3979. At a regular meeting of the Board, after the expiration of the present triennial term, the Provincial Medical Board shall appoint, for three years (and similarly every third year), four persons actually engaged in the work of education in the Province of Quebec, to examine candidates for the study of medicine, surgery and midwifery, on the subjects of general education hereinafter mentioned, as belonging to the preliminary qualification of medical students, viz.:

One examiner speaking the French language and one the English language, for the city of Montreal; and

One examiner speaking the French language and one the English language, for the city of Quebec.

The subjects for the preliminary qualifications to be English and French, Latin, geography, history, arithmetic, algebra, geometry, belles-lettres and any one of the following subjects: Greek, natural or moral philosophy.

The candidate must present a certificate of good moral character. 42-43 V., c. 37, s. 9.

3980. Every candidate for a license to practice medicine, surgery and midwifery in this Province, desiring to be registered, and who has not obtained a degree or diploma in medicine, surgery and midwifery, from any of the institutions mentioned in Article 3972, shall, before being entitled to such license, and to registration, pass an examination before the Board, as to his knowledge and skill, for the efficient practice of medicine, surgery and midwifery; and, upon passing the examination required, and proving to the satisfaction of the examiners, that he has, in an institution for the teaching of medicine, in Her Majesty's possessions, complied with the rules and regulations made by the Provincial Board, and on payment of such fees as the Board may, by general by-law, establish, such person shall be entitled to such license. 42-43 V., c. 37, s. 10.

3981. All persons coming from any recognized college outside of Her Majesty's possessions, and who are desirous of obtaining a license from the College of Physicians and Surgeons of the Province of Quebec, must previously pass the preliminary examination before the examiners appointed by the Provincial Medical Board, or establish, to the satisfaction of the Board, that they have already passed an equivalent examination.

They must, moreover, follow, in one of the schools of medicine in this Province, a complete course (for six months) of lectures, and such other course or courses as shall be necessary to complete the curriculum required by the Board; they shall also pass the professional examination before the Provincial Medical Board.

Such persons may pass their professional examination immediately after their preliminary examination. 42-43 V., c. 37, s. 11.

3982. The Board of Governors of the College of Physicians and Surgeons has power:

1. To regulate the study of medicine, surgery and midwifery, by making rules with regard to the preliminary qualification, duration of study, curriculum to be followed, and the age of the candidate applying for a license to practice;

2. To examine all credentials, all certificates of admission to study or of attendance at lectures and all other documents purporting to entitle the bearer to a license to practice, and all diplomas, degrees or other qualifications sought to be registered in this Province, and to require the bearer thereof to attest on oath (to be administered by the chairman for the time being), that he is the person whose name is mentioned therein, and that he became legally possessed thereof.

3. To register, in the books of the College, the name, age, place of residence and birth of every member of the profession practicing in the Province, the date of his license and the place where he obtained it;

4. To fix the period of probation which persons must undergo before being eligible for election as governors of the College, which period shall not be less than four years; and

5. To make all such rules and regulations for the government and proper working of the corporation, and the election of a president and officers thereof, as may seem meet and expedient, which rules and regulations are submitted to the Lieutenant-Governor in Council, to be approved by him and come into force only after such approval. 42-43 V., c. 37, s. 12.

3983. The Provincial Medical Board shall, from time to time, as occasion may require, make rules and regulations:

1. Respecting the duties of the examiners, the subjects and mode of the examinations, the time and place of holding the same, and generally all that it may deem expedient and necessary concerning such examinations;

2. Respecting the study of medicine, surgery and midwifery, with regard to the preliminary qualifications, duration of study and curriculum of studies to be followed by the students.

No change in the curriculum of studies fixed by the Board shall, however, come into effect until one year after such change is made;

3. Respecting the appointment of assessors chosen from its members, or from among the registered members of the College, to attend the medical examinations of the various universities, colleges and incorporated schools of the Province, and to report to the Provincial Medical Board upon the character of such examinations.

Such assessors shall not be chosen out of any of the professors in any one of the said universities or incorporated schools; and should such report be, at any time, unfavorable to any university, college or incorporated school, the Provincial Board may refuse the license and the registration of the degrees or diplomas of the institutions so reported upon, so long as such examinations have not been amended.

For such purpose, the Provincial Board shall appoint or elect assessors, two or more of whom shall attend the examinations at each university, college or incorporated medical school, in accordance with one or more by-laws to be passed by the Board.

Such institutions shall, at least one month previous to such examinations, notify the Provincial Board of the time or times at which their examinations are to be held;

4. Respecting the tariffs of rates to be charged in towns and country, for medical, obstetrical or surgical advice, or for attendance, or for the performance of any operation, or for any medicines prescribed or supplied.

To be valid, such tariff must be approved by the Lieutenant-Governor in Council, and can only come into force six months after its publication once in the Quebec Official Gazette, and that of the order in council approving the same.

Such tariff shall not, in case of suit, obviate the necessity of proof of the giving of the advice, care, prescriptions, medicines and other things therein mentioned, according to the laws then in force. 42-43 V., c. 37, s. 13.

3984. The Provincial Medical Board has power to fix, by by-law, the salary or fees to be paid to the officers, examiners and assessors appointed by the Board; and also the fees to be paid by candidates entering on the study of medicine, by candidates for license to practice, as well as the fees to be paid for registration.

The Board may dispose of such fees in whatever manner it may think most conducive to the interests of the College. 42-43 V., c. 37, s. 14.

3985. The qualifications required of a candidate for obtaining a license, authorizing him to practice medicine, surgery and midwifery, are the following:

1. That he holds a certificate of study from a licensed physician, for the period intervening between the course of lectures which he has followed;

2. That he has reached the age of twenty-one years;

3. That he has followed his studies during a period of not less than four years, commencing from the date of his admission by the Board to the study of medicine;

4. That, during the said four years, he attended at some university, college or incorporated school of medicine, within Her Majesty's possessions, not less than two six months' courses of general or descriptive anatomy,—of practical anatomy,—of surgery,—of practice of medicine,—of midwifery,—of chemistry,—of materia medica and general therapeutics,—of the institutes of medicine or physiology and general pathology,—of clinical medicine and of clinical surgery,—one six months' course or two three months' courses of medical jurisprudence,—one three months' course of botany,—one three months' course of hygiene, and a course of not less than twenty-five demonstrations upon microscopic anatomy, physiology and pathology.

5. That he attended the general practice of a hospital in which are contained not less than fifty beds, under the charge of not less than two physicians or surgeons, for a period of not less than one year and a half, or three periods of not less than six months each;

6. That he attended six cases of labor and compounded medicine for six months.

Each six months' course shall have consisted of one hundred and twenty lectures, except in the case of clinical medicine, clinical surgery and medical jurisprudence.

Of the four years' study required by this section, three six months' sessions at least shall be passed in attendance upon lectures at a university, college or incorporated school of medicine recognized by the Board.

The first of such courses shall have been attended during the session immediately succeeding the preliminary examination, and the last, during the fourth year of study, and the candidates shall undergo an examination on the final subjects of the curriculum, at the end of session in the fourth year of study. 42-43 V., c. 37, s. 15; 45 V., c. 32, s. 4.

3986. All persons obtaining the license to practice from the College of Physicians and Surgeons of the Province of Quebec shall be styled members of the College, but shall not be eligible as governors within a period of four years from the date of their admission as members; and the election of governors shall be made under such rules and regulations therefor, and in such manner as the Board of Governors shall ordain.

The members of the College shall pay the sum of two dollars a year. 42-43 V., c. 37, s. 16.

3987. The Provincial Medical Board has power to make rules and regulations respecting the admission of women to the study and practice of midwifery in this Province, and determines the degree, the nature and extent of knowledge and qualifications required from them; provided always, that all women who, on the 31st of October, 1879, were legally qualified to practice as midwives in this Province, whilst required to conform to such rules and regulations as may hereafter be made by the College of Physicians and Surgeons of the Province of Quebec, respecting them, retain that right.

Nothing in this article or in the by-laws which may be made shall prevent women in the country from practicing midwifery or assisting at accouchements, as is often the case, without being admitted to the study or the practice of midwifery; but they must obtain a certificate from a duly licensed physician, certifying that they have the necessary knowledge. 42-43 V., c. 37, s. 17.

3988. The Provincial Medical Board shall cause to be kept by the registrar, a register, in which are successively entered the names of all persons who have been duly licensed and registered under the law, and who have complied with the provisions hereinafter contained, and with the rules and regulations made by the Provincial Medical Board, respecting the qualifications required of persons practicing medicine, surgery and midwifery in the Province:

And those persons only, whose names are inscribed in the above mentioned register, are deemed to be qualified and licensed for such practice.

Such register may, at all times, be inspected by any duly registered practitioner in the Province, or by any other person. 42-43 V., c. 37, s. 18.

3989. The registrar shall keep the register correctly, in accordance with the provisions of this section, and the orders and regulations of the Provincial Medical Board.

He, from time to time, makes the necessary alterations in the addresses or qualifications of the persons registered, and performs the other duties imposed upon him by the Provincial Medical Board. 42-43 V., c. 37, s. 19.

3990. Under the direction of the Board of Governors, the registrar of the College causes to be printed, published, and distributed to the members of the College, from time to time, a copy of the register of the names of the registered physicians and surgeons, which he places in alphabetical order, inserting their names and surnames, respective residences, medical title, diplomas and qualifications conferred by the College or other medical body, with the dates of the same.

Such register is called the "Quebec Medical Register."

A printed copy of such register, certified under the hand of such registrar as such, is prima facie evidence before all courts, that the persons therein named and entered have been registered in accordance with the provisions of this section.

The absence of the name of any person from such copy is prima facie proof that such person has not been registered in accordance with the requirements of this section; provided always that, in case a person's name does not appear on such printed copy, a copy or an extract from the register, certified by the registrar of the College, of the entry of such person's name on the register, shall be proof that such person is duly registered. 42-43 V., c. 37, s. 20.

3991. A certificate, under the hand of the registrar, that any member whose name appears on the register, has paid his annual contributions to the College, shall be received in all courts of justice as prima facie evidence that such payments have been made. 42-43 V., c. 37, s. 20.

3992. Any person required or entitled to be registered under this section, who neglects or omits to be so registered, shall not be entitled to practice medicine, surgery, midwifery, or to claim any of the rights and privileges conferred by this section, and shall be liable to all the penalties imposed by it upon any person practicing medicine, surgery or midwifery, without being registered as required, saving the right of certain members holding a license from the College of Physicians and Surgeons of Lower Canada. 42-43 V., c. 37, s. 22; 45 V., c. 32, ss. 5 and 6.

3993. Any person who has attended medical lectures, during three sessions of any medical school in the British possessions, and who has been actually engaged in the practice of the profession of medicine for a period of over thirty years in this Province, may, on proof of these facts, to the satisfaction of the Provincial Medical Board, and producing, moreover, a certificate signed by two resident medical practitioners, in the neighborhood where he has practiced, that he has succeeded in his profession, and is entitled to the consideration of the Board, be entitled to a license to practice medicine, surgery and midwifery in this Province and to registration without examination. 42-43 V., c. 37, s. 24.

3994. No person, unless otherwise authorized, shall be entitled to recover any charge, in any court of law, for any medical or surgical advice, or for professional services, or for the performance of any operation, or for any medicine which he may have prescribed or supplied, or be entitled to any of the rights or privileges conferred by this section, unless he prove that he is registered according to law and has paid his annual contribution to the College. 42-43 V., c. 37, s. 25.

3995. No certificate required by this section or any act now in force, from any physician or surgeon or medical practitioner, is valid, unless the person signing the same be registered under this section. 42-43 V., c. 37, s. 26.

3996. If the registrar be convicted of a felony, he shall be disqualified from again holding any office in the College. 42-43 V., c. 37, s. 21.

3997. Any registered member of the medical profession, who has been convicted of felony, in any court of justice, thereby forfeits his right to registration, and the Provincial Medical Board causes his name to be erased from the register.

In case a person, known to have been convicted of felony, presents himself for registration, the registrar shall refuse such registration. 42-43 V., c. 37, s. 27.

## § 4.—PENALTIES AND PROSECUTIONS.

3998. Any person not entitled to be registered in this Province, who is convicted, upon the oath of one or more witnesses, of having therein practiced medicine, surgery or midwifery, in contravention of the provisions of this section, for hire, money, goods, or effects generally whatsoever, or in the hope of receiving any money, goods or effects, or in the hope of a reward, or who receives any reward whatsoever, for practicing medicine, surgery or midwifery, shall incur a penalty of fifty dollars.

2. A like penalty of fifty dollars is incurred by every person who assumes the title of doctor, physician or surgeon, or any other name implying that he is legally authorized to practice medicine, surgery and midwifery, in this Province, if unable to establish the fact by legal proof, as required by the present section, and the other laws of the country.

3. Any person who, in an advertisement published in a newspaper, or in written or printed circulars, or on business cards, or on signs, assumes a title, name or designation of such a nature as to lead the public to suppose or believe that he is duly registered or qualified as a practitioner of medicine, surgery or midwifery, or any one of these branches of the medical profession, or any person who offers or gives his services as physician, surgeon or accoucheur, for hire, gain or hope of reward, if he be not duly authorized and registered in the Province, shall, in each case, incur a like penalty of fifty dollars.

4. In every prosecution under this section, the proof of registration is incumbent upon the party prosecuted.

5. The penalties imposed by this section are recoverable with costs, and the same may be sued for and recovered by the College of Physicians and Surgeons of the Province of Quebec, under its corporate name, and belong to the said corporation for the use thereof.

And neither in any such suit nor in any other civil action to or in which the said corporation may be a party or interested, shall any member of the corporation be deemed incompetent as a witness by reason of his being such member.

The penalties imposed by this section may be recovered with costs by an ordinary civil suit in the name of the College of Physicians and Surgeons of the Province of Quebec, before any Circuit Court of the county or of the district in which the defendant is domiciled, or in which the offense was committed; and the court, if the proof is sufficient, condemns the defendant to pay a penalty of fifty dollars, in addition to the costs, within

a delay which it determines, and to an imprisonment of sixty days in the common jail of the district, in default of his satisfying the condemnation within such delay.

The warrant of imprisonment, in such cases, shall issue under the hand of the clerk of the said court, on a written application of the advocate of the prosecutor, and may, mutatis mutandis, be according to form (O 1) in the schedule to Chapter 178 of the Revised Statutes of Canada, and shall be executed in the usual way. 42-43 V., c. 37, s. 28; 45 V., c. 32, ss. 7 and 8; 49-50 V., c. 34, s. 1.

3999. In all cases where proof of registration under this section is required, the production of a printed or other copy or extract from the register, certified under the hand of the registrar of the College of Physicians and Surgeons of the Province of Quebec, for the time being, is sufficient evidence, in lieu of the production of the original register, that all persons therein named are registered practitioners; and any certificate upon such printed or other copy of the register, or extract from such register, purporting to be signed by any person, in his capacity of registrar of the College, under this section, shall be prima facie evidence that such person is such registrar, without any proof of his signature, or of his being in fact such registrar. 42-43 V., c. 37, s. 29.

## § 5.—MISCELLANEOUS.

4000. All by-laws, rules and regulations heretofore made by the said College of Physicians and Surgeons of the Province of Quebec remain in force until repealed or modified under the provisions of this section. 42-43 V., c. 37, s. 30.

4001. It is lawful for the president of the College, if he deem it expedient so to do, at any time, under his hand and seal, to authorize, name, constitute and appoint any person or persons other than any of the officers of the said College, whom he may select, to institute any proceedings against any person who may be supposed to have infringed any of the provisions of this section, and to collect any and all sums of money payable to the said College by any person. 42-43 V., c. 37, s. 34.

4002. Nothing in this section contained shall be construed to affect the rights of any persons, under the provisions of the following section of this chapter. 42-43 V., c. 37, s. 35.

The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.

### THE NEWFOUNDLAND MEDICAL ACT, 1896.

Whereas, An Act was passed in the 56th year of the Reign of her present Majesty, entitled "The Newfoundland Medical Act, 1893";

And whereas, A Medical Board was appointed under the provisions of the said Act, and consisted of the following medical practitioners, viz.: Henry Shea, William M. Allan, J. S. Tait, H. Rendell, N. McKendrick, J. G. Duncan, and N. S. Fraser:

And whereas it is advisable to enlarge the powers of the said Board:

Be it therefore enacted by the Governor, Legislative Council and House of Assembly, in Legislative Session, convened, as follows:

1. The following medical practitioners, namely: Henry Shea, W. M. Allan, J. S. Tait, H. Rendell, N. McKendrick, J. G. Duncan, and N. S. Fraser, and their successors under this Act, shall be and are hereby constituted a Board for the purposes of carrying out the provisions of this Act, and shall be known as "The Newfoundland Medical Board."

2. The members of the said Board shall hold office during good behavior or until voluntary resignation, subject to removal at any time by the Governor in Council upon the petition of five members of the said Board.

3. Any vacancy in the said Board shall be filled by the registered medical practitioners of Newfoundland, by election in such manner and subject to such rules as may be made by the said Board. All registered medical practitioners shall be entitled to vote at any such election.

4. The Board shall hold an annual meeting at such time and place in Newfoundland as may be determined upon. At this meeting the Board shall appoint examiners and fix the time of examinations for the ensuing year. Such other meetings as may be necessary shall be held in St. John's and shall be called by the Secretary upon giving a reasonable notice thereof to each member.

5. The Board shall consist of seven members, of whom four shall be resident medical practitioners resident in St. John's. Four members shall be a quorum for all purposes.

6. The Board shall elect one of their number as President and another as Treasurer, and a third as Secretary and Registrar. The duties of the said officers and the remuneration (if any) to be paid them, shall be determined by the Board.

7. The Board shall have power to make rules, not inconsistent with this Act, respecting—

- (a) The holding of meetings, and the place and time of, and the order of business at such meetings;
- (b) The filling of vacancies in the Board by election, and the taking and receiving of votes of registered practitioners by proxy or otherwise at such elections;
- (c) The conduct of examinations and the granting of certificates upon matriculation;
- (d) The registration of members;
- (e) The fees payable for registration, certificates, licenses and examinations under this Act, and fixing the amount of such fees; and

- (f) The inquiry by the Board into complaints against persons charged with an offence under section twenty-three of this Act, and the mode of procedure thereon.
8. The Board may make such further rules, subject to approval by the Governor in Council, as they may deem necessary for carrying into effect the purposes of this Act.
9. No person shall begin or enter upon the study of medicine, surgery or midwifery, in this Colony, unless he shall have obtained from the Newfoundland Medical Board a certificate that he satisfactorily passed a matriculation or preliminary examination on the subject in Schedule A hereto.
10. No candidate shall be admitted to such matriculation or preliminary examination unless he shall have, at least fourteen days previous to such examination, given notice to the Registrar of his intention to present himself for such examination, and shall, before the examination, have paid to the Registrar the fee prescribed by the Board.
11. The Board shall cause to be kept by the Registrar a book or register, in which shall be entered the name of every person registered, according to the provisions of this Act, together with his place of residence, and the medical titles, diplomas and qualifications conferred by any college or body, and the dates thereof, and the said Register shall be in the form in Schedule B, or as near thereto as may be found convenient. Those persons only whose names are inscribed in the book or register shall be deemed to be qualified to practice medicine, surgery, or midwifery in this Colony.
12. The Registrar shall, on or before the 15th day of January in each year, cause to be printed and published in the Royal Gazette a copy of the said register containing the names in alphabetical order according to the surnames of all persons appearing on the register at that date.
13. Such register shall be called "The Newfoundland Medical Register," and a copy of the same for the time being shall be prima facie evidence in all Courts and before all Justices of the Peace and others, that the persons therein specified are registered according to the provisions of this Act, and the absence of the name of any person from such register shall be prima facie evidence that such person is not registered according to the provisions of this Act.
14. The Registrar shall enter upon the register the names of all persons registered under the Act 56th Vic., Cap. 12, without fee.
15. Every person shall be entitled to have his name registered on the Newfoundland Medical Register upon satisfying the Board that he holds a medical degree or diploma from some regular University or School of Medicine, having a four years' course of study, and that he has, prior to obtaining such degree, passed a preliminary or matriculation examination satisfactory to the Board, and upon paying to the Registrar the fee prescribed by the Board.
16. No qualification shall be entered on the register either on the first registration or by way of addition to a registered name, unless the Registrar is satisfied by proper evidence that the person claiming such qualification is entitled to it. Any appeal from the Registrar shall be decided by the Board.
17. Any entry proved to the satisfaction of the Board to have been fraudulently or incorrectly made may be erased from the register by an order of the Board.
18. Any person registered under this Act who may have obtained any higher degree or diploma, other than that already recorded in the register, shall be entitled to have the same inserted in the register in addition to or in substitution for that previously inserted.
19. Every registered medical practitioner shall annually, before the 10th day of January, take out from the Registrar a certificate to practice, for which he shall pay to the Registrar the fee prescribed by the Board. The said fee shall be deemed to be a debt due by each registered medical practitioner to the board, and shall be recoverable with costs in an action in the name of the Newfoundland Medical Board before any stipendiary Magistrate or Justice of the Peace.
20. Every person registered under this Act who shall have taken out the certificate, as provided in section 19, shall be entitled to practice medicine, surgery and midwifery in any part of this Colony, and to demand and recover in any Court reasonable charges for professional aid or advice, together with the cost of any medicine or other medical or surgical appliance supplied by him.
21. Any person entitled to be registered under this Act, who neglects or omits to take out the certificate provided in section 19, shall not be entitled to any of the rights or privileges conferred by registration so long as such neglect or omission continues, and he shall be liable to all the penalties imposed by this Act upon unqualified or unregistered practitioners.
22. The Board may, after examination, grant to any person, not otherwise qualified or entitled to registration under this Act, a license to practice medicine, surgery or midwifery for a limited period in specified localities. The names of such licensees, together with the period for, and the locality

in, which they may practice, shall be entered in the register and published as hereinbefore provided in the case of registered medical practitioners. Such licensee shall pay the fee prescribed by the Board, and shall thereupon be entitled to demand and recover in any Court reasonable charges for aid and advice, together with the cost of any medicine or other medical or surgical appliances supplied by him during the period and within the limits of his license.

23. Whenever a medical practitioner or licensee registered under this Act has been or may hereafter be found by the Medical Board, after due inquiry by a committee of their number or otherwise, guilty of professional misconduct or mal-practice, or of conduct unbecoming a practitioner, the said Board may resolve that such medical practitioner or licensee is unworthy to practice medicine, surgery or midwifery in this Colony and strike his name off the books and the register, either absolutely or for a limited period, and thereupon all the rights and privileges of the said medical practitioner or licensee shall thenceforth cease and determine, either absolutely or for such period.

(a) Such medical practitioner or licensee may appeal from such decision to the Supreme Court at its next sitting, upon giving due notice thereof to the said Board (in which notice shall be set forth the grounds of appeal) within fourteen days after the passing of such resolution. When such notice shall have been given, the Secretary shall transmit all papers connected with the charge and proceedings thereunder, and the evidence taken thereon, to the Supreme Court. If no notice be given within the time specified, or in case such appeal be not prosecuted at the next sittings of the Supreme Court, the resolution of the Board shall stand confirmed.

24. It shall not be lawful for any person not registered to practice medicine, surgery or midwifery for hire, gain or hope of reward, and if any person not registered pursuant to this Act, practices, or professes to practice, medicine, surgery or midwifery, or advertises to give advice, or gives advice, in medicine, surgery or midwifery for hire, gain or hope of reward, he shall, upon conviction in a summary manner before a Justice of the Peace, pay a penalty not exceeding fifty dollars, and, in default of payment, be imprisoned for a period not exceeding six months.

25. Any person who wilfully or falsely pretends to be a physician, doctor of medicine, surgeon or medical practitioner, or assumes any title or addition or description other than he actually possesses or is entitled to, shall be liable, upon conviction thereof in a summary manner before a stipendiary Magistrate or Justice of the Peace, to a penalty not exceeding fifty dollars, or, in default of payment, to imprisonment for a period not exceeding three months.

26. Any person, not registered pursuant to this Act, who takes or uses any name, title, addition or description, implying or calculated to lead people to infer that he is registered under this Act, or that he is recognized by law as a physician, surgeon, accoucheur, or a licentiate in medicine, surgery or midwifery, shall be liable, on conviction thereof in a summary manner before a stipendiary Magistrate or a Justice of the Peace, to a penalty not exceeding fifty dollars, or, in default of payment, to imprisonment for a period not exceeding six months.

27. No person shall be entitled to recover in any Court any charge for any medical or surgical advice, or for attendance, or for the performance of any operation, or for any medicine which he may have prescribed and supplied, unless he is registered under this Act, and shall have for the current year taken out the certificate provided in section 19, or the license provided in section 22 of this Act.

28. In any trial or prosecution under this Act the burden of proof shall be upon the person charged.

29. All penalties recovered under this Act shall be paid to the Registrar, and shall form part of the funds of the Board. Any person may be prosecutor or complainant under this Act, and the Board may allot such portion of the penalties recovered as may be expedient towards the payment of such prosecutor.

30. No person shall be appointed as medical officer, physician or surgeon in any branch of the public service, or in any hospital or other charitable institution, unless he is registered under this Act.

31. Any person, whilst employed in actual service in any naval or military service as physician or surgeon, may practice medicine, surgery or midwifery in Newfoundland after having been registered.

32. Nothing in this Act shall prevent private persons from giving necessary medical or surgical aid in times of urgent need, provided that such aid is not given for gain or hire.

33. Nothing in this Act shall prevent the practice of midwifery by females.

34. If the Registrar shall wilfully cause any name to be placed on the register not in accordance with the provisions of this Act, he shall forfeit the sum of one hundred dollars, and be removed from his office by the said Board.

## NEW YORK UNIVERSITY

... THE ...

# University and Bellevue Hospital Medical College.

The union of the Medical Department of the New York University and the Bellevue Hospital Medical College, projected in 1897, has been consummated.

The two medical schools now united and with greatly increased facilities and an enlarged faculty, will be conducted as the Medical Department of the New York University.

The Session begins on Monday, October 3, 1898, and continues for thirty-two weeks. For first-year and second-year students attendance on four courses of lectures is required for graduation. Graduates of other accredited Medical Colleges are admitted as fourth-year students. Students who have attended one full regular course at another accredited Medical College are admitted as second-year students without medical examination. Students are admitted to advanced standing for the second or third years, either on approved credentials from other Medical Colleges, or after examination on the subjects embraced in the curriculum of this College.

*It is designed to make this pre-eminently a school of practical medicine, and the course of instruction has been arranged with this purpose constantly in view.*

This College presents in combination the following essential elements: FIRST—Unequivocally a THREE YEARS' GRADED COURSE. SECOND—Applicants for matriculation must present a Baccalaureate degree from some college or university, or must have passed an examination in the English branches before the Regents of the University of the State of New York. THIRD—Students must pass a satisfactory examination at the end of the first year in order to be admitted to the Junior year, and at the end of the Junior year to be admitted to the Senior year. FOURTH—Students are required, before graduation, to pass a satisfactory examination by the Faculty.

**REGULAR SESSION**—1898: Oct. 3, Monday, opening exercises; Oct. 4, Tuesday, college opens; Nov. 24 27 inclusive, Thanksgiving vacation; Dec. 24 to Jan 2, 1899, inclusive, Christmas vacation. 1899: Feb. 22, Washington's Birthday; April 20, lectures close; April 24, examinations begin; May 9, commencement.

**NOTE**—It is important that students be present at the opening of the session. It would also be to their advantage if they would register a few days in advance of the opening exercises, secure boarding places, and purchase books; in this way their studies would not be interrupted. The Dean will be found in the office of the Faculty at the college.

**FEES**—One-half the fees are payable at the opening of the term and one-half by January 15th, 1899. First year: matriculation fee, \$5; tuition fee, \$100; anatomical material, \$10. Second year: tuition fee, \$100; anatomical material, \$5. Third year: tuition fee, \$100. Fourth year: tuition fee, \$100; examination fee, \$30. Total, \$450. Special students: professors' tickets, each, \$20; matriculation fee, \$5.

This College is a member of the "Association of American Medical Colleges." Four regular courses are required prior to graduation. The Preliminary Fall Course begins September 1st; the Regular Winter Course begins October 1st; and the Spring Course April 1st.

Thorough Laboratory work is required in Biology, Comparative Anatomy, Human Anatomy, Chemistry, Histology, Physiology, Embryology, Bacteriology, Pathology, Clinical Pathology, and Operative Surgery.

Practical Hospital and Dispensary work is required during the third and fourth years. The wards of the Maryland General Hospital are filled with patients suffering from nearly every form of disease and injury, furnishing a large Clinic for Medical and Surgical cases. Our Maryland Lying-in Hospital, immediately adjacent, presents excellent advantages for the study of practical Obstetrics.

There is abundant clinical work in Obstetrics, Gynæcology, Medicine, Surgery, Eye and Ear, Nose, Throat and Chest, Diseases of Children, Nervous and Mental Diseases etc. The Baltimore Medical College Dispensary furnishes an out-door Clinic of 25,000 patients annually. Our College Buildings are spacious, comfortable, and among the most completely equipped in the United States, and are located on Madison street, corner of Linden avenue, on Linden avenue, and on Howard street. They contain a large Lecture Hall, a Clinical Amphitheatre, an Anatomical Amphitheatre, and Laboratories of Anatomy, Biology, Histology, Physiology, Chemistry, Pathology, Bacteriology, etc., all of which are thoroughly equipped.

Terms reasonable. For further particulars send for Catalogue, and address

## Course of Instruction and Facilities.

Four years of graded instruction are required of candidates presenting themselves for the degree of M.D. The instruction consists in didactic lectures, amply supplemented by clinical teaching at the bedside and in the laboratories and dispensaries.

In addition to the members of the Faculty named above there is a large corps of experienced instructors who assist the professors in practical work in the laboratories or in bedside work at the hospitals and dispensaries. Every candidate for the degree is personally taught, by dividing the class into small sections, in Clinical Medicine and Physical Diagnosis, Obstetrics and Gynecology, Major and Minor Surgery and Bandaging, Orthopedic Surgery, Diseases of Children, Ophthalmology, Neurology, Otology, Dermatology, Laryngology, and Genito-Urinary Diseases. Ample clinical material is afforded by the Jefferson College Hospital, in which no less than 300 patients are treated daily, and by the Philadelphia and other Hospitals.

Laboratory instruction is given in Medical Chemistry, Pharmacy, Physiology, Clinical Microscopy, Anatomy, and Histology, and in Operative Obstetrics, Surgery, Pathology and Hygiene.

Daily instruction in the practical branches is given in the Hospital of the College, is a special feature of the course in the second and third years, and is without extra charge.

Special Laboratory instruction is given to graduates of medicine in Bacteriology and Pathology.

The Annual Announcement, giving full particulars, will be sent on application to

## ADDRESSING PHYSICIANS and DENTISTS

Our list is kept corrected to date.

R. L. POLK & CO., DETROIT and CHICAGO.

# HAHNEMANN MEDICAL COLLEGE AND HOSPITAL.

CHARTERED 1848.

Broad Street above Race,  
PHILADELPHIA.

Medical Students, in selecting their Alma Mater, should

## REMEMBER:

1st. That the Hahnemann Medical College of Philadelphia is the oldest Homœopathic Medical College in the world, and her alumni, 2,372 in number, are found in every State in the Union and in the Faculty of every Homœopathic Medical College in the country.

2d. That its College and Hospital buildings are new and modern in construction, and complete in every detail.

3rd. That they are located in the heart of the city, within two squares of the City Hall, and convenient to all places of interest and public resort.

4th. That it has a museum of Anatomical and Pathological specimens scarcely excelled in size and variety in this country.

5th. That it has a library of 15,000 volumes to which students have free access.

6th. That its Laboratories—Anatomical, Physiological, Histological, Chemical, etc., etc.—are fully equipped in every detail.

7th. That it has a corps of experienced Professors, Lecturers and Demonstrators, 36 in number.

8th. That its teachings are broad and liberal, embracing everything essential to a thoroughly educated modern physician.

9th. That it has a large Hospital in which over 25,000 patients are treated annually, and that senior students have six months' experience in the several departments of its Dispensary, in which they examine, diagnose and treat hundreds of cases, embracing all classes of disease and accident, under the direction of the Professors and Instructors.

10th. That in the Obstetrical Department every senior student is drilled in the use of Obstetrical instruments, performs all the operations, and attends cases of confinement.

11th. That it requires a good preliminary education and a four years course of lectures.

12th. That Philadelphia is renowned as the medical center of the country; is a delightful place of residence, and offers a home for the student full of attractions and interesting historical associations.

13th. That announcements may be had by addressing **PEMBERTON DUDLEY, M. D.,** Dean, or **CHARLES MOHR, M. D.,** Registrar, Hahnemann Medical College, Philadelphia, Pa.

The curriculum of this school of medicine requires a proper preliminary education, and four years of study in college, devoted to laboratory, didactic, and clinical instruction, to recitations, and to manual training in the use of instruments and appliances.

Instruction is given in two capacious, well lighted edifices. The new building contains five large laboratories in which are conducted the practical laboratory courses in Anatomy, Physiology, and Histology, Chemistry, Materia Medica, Pathology and Bacteriology.

The old building is devoted to instruction by clinics, didactic lectures, and by numerous important practical courses in manual training in manipulations and in the use of the instruments employed in medicine, surgery, obstetrics and the specialties.

Manual training in all departments of medicine is a special feature of the instruction in this college. Systematic recitations, conducted in five commodious recitation rooms, are regarded as a most important means of teaching.

With over seventy professors and instructors, and with ample room and appliances, this school is able to furnish its classes with the most approved systematic education in medicine.

Physicians and medical students are invited to visit the laboratories and to inspect the educational appliances of this school.

For further information and for announcements, apply to the College Clerk or to the Secretary,

# Northwestern University Medical School

(CHICAGO MEDICAL COLLEGE),

Nos. 2421 to 2431 Dearborn St., CHICAGO, ILL.

N. S. DAVIS, M. D., LL. D., Dean.

LABORATORY BUILDING AND DAVIS HALL.

**THIS MEDICAL SCHOOL** was the pioneer in insisting upon the following points in medical education: The enforcement of a standard of preliminary education, the adoption of longer annual courses, grading of the curriculum. The regular course now includes four years of eight months each. Admission is in accordance with conditions detailed in the circulars of the college. Students who have taken courses especially antecedent to the study equivalent to that mentioned in the catalogue as arranged for advanced standing, are admitted to the second year.

The buildings now occupied by the school were erected in 1893 for its use, and are arranged accordingly.

The equipment and teaching in the laboratories is modern. The professors of chemistry and physiology are practical men, very successful teachers, and their entire time is paid for by the college.

The curriculum is arranged in four entirely separate and distinct consecutive annual courses. The instruction is by didactic and clinical lectures, recitations, demonstrations and laboratory and clinical work.

The clinical material, which includes the number and variety of cases which only very large cities can supply, is drawn from the South Side Dispensary, located in the college building, and Mercy, St. Luke's and Wesley Hospitals. Over 20,000 cases were treated in the dispensary last year. The method in which this very large clinical material is used is original with this college, and it secures each individual student a better opportunity to learn disease, through actual personal observation of cases, than exists in any other college in this country. Students in the first year do not attend clinics; those of the other three years comprise the clinical class, and are divided into two divisions—hospital and dispensary. The hospital division is subdivided, one section attending Mercy Hospital and the "College clinics," the other attending St. Luke's Hospital and the "College clinics." In the dispensary, patients are assigned to its several departments, medical, surgical, et al, and small groups of students are assigned for daily work in these departments, the assignment so arranged that each group works six consecutive weeks in each department, and in the course of the year in all departments. The "College clinics" are conducted by the professors of the several departments, and fourteen are given each week. Dispensary and college clinic hours are 10 to 12 A. M. and 2 to 4 P. M.

**FEES.** The matriculation fee of five dollars is paid once. The annual fee is one hundred and twenty-five dollars. The laboratory fee is ten dollars. A deposit of five dollars is required in the laboratories; if no breakage occurs this fee is returned. For circulars of information, address the Secretary,

Every candidate for admission not holding a degree of arts or science, must pass a written examination on entrance to this School, in the following subjects: 1. English. 2. Latin. 3. Physics. 4. Chemistry. 5. Either French or German. 6. Algebra, Plain Geometry or Botany. The admission examinations for the coming year will be held June 30, at Boston, Quincy, Andover, Groton, Southborough, Worcester, Mass.; Exeter, Concord, N. H.; New York, Albany, Buffalo, Philadelphia, Washington, Cleveland, Cincinnati, Chicago, St. Louis, Minneapolis, Denver, San Francisco; Portland, Oregon; Bonn, Germany, and Tokio, Japan; on September 26, at Boston only.

Instruction is given by lectures, recitations, clinical teaching and practical exercises, distributed throughout the academic year. In the subjects of Anatomy, Histology, Chemistry and Pathological Anatomy, laboratory work is largely substituted for, or added to, the usual methods of instruction. The year begins October 1, 1898, and ends on the last Wednesday in June, 1899, and is divided into two equal terms.

Students are divided into four classes, according to their time of study and proficiency, and during their last year will receive largely increased opportunities for instruction in the special branches mentioned. Students who began their professional studies elsewhere may be admitted to advanced standing; but all persons who apply for admission to the advanced classes must pass an examination in the branches already pursued by the class to which they seek admission.

Beginning with the academic year 1892-93, the required course of study in this school was made a graded course covering four years. The degree Doctor of Medicine cum laude will be given to candidates who have pursued a complete four years' course, and obtained an average of over 75 per cent. upon all the examinations of this course.

## ORDER OF STUDIES.

FOR THE FIRST YEAR.—Anatomy, Physiology, Histology and Embryology, Hygiene, Bacteriology and Physiological Chemistry.

FOR THE SECOND YEAR.—Anatomy, Pathology and Pathological Anatomy, Clinical Chemistry, Materia Medica and Therapeutics, Theory and Practice, Clinical Medicine, Surgery and Clinical Surgery.

FOR THE THIRD YEAR.—Theory and Practice, Clinical Medicine, Surgery, Clinical Surgery, Obstetrics, Pediatrics, Dermatology, Neurology, Gynaecology, and Mental Diseases.

FOR THE FOURTH YEAR.—Required Studies: Clinical Medicine, Clinical Surgery, Clinical Microscopy, Genito-Urinary Surgery, Ovarian Tumors, Mental Diseases, Ophthalmology, Otolaryngology, Orthopedics, Legal Medicine and Syphilis. Elective Studies: Ophthalmology, Otolaryngology, Orthopedics, Gynaecology, Dermatology, Neurology, Bacteriology, Physiology, Chemistry, Hygiene, Operative Surgery, Operative Obstetrics.

REQUIREMENTS FOR A DEGREE.—Every candidate must be twenty-one years of age, must have studied medicine four full years, have spent at least one continuous year at this school, have passed a written examination upon all the prescribed studies of the course taken.

FEES.—Matriculation, \$5; for the first three years, \$200; for the fourth year, \$100; for one term alone, \$120; for Graduation, \$30. For Graduates' Course the fee for one year is \$200; for one term, \$120; and for single courses such fees as are specified in the Catalogue. Payment in advance, or, if a bond is filed, at the end of the term. Students in regular standing in any one department of Harvard University are admitted free to the lectures, recitations and examinations of other departments.

Matriculation examination requirements are in accordance with those of the Association of American Medical Colleges. Special courses in Latin, Algebra and Physics are provided by the College for such students as are conditioned.

## **PLAN OF INSTRUCTION.**

The plan of instruction comprises a four years' graded course, consisting of didactic and clinical lectures, conferences, laboratory practice etc., upon the essential branches of the Science of Medicine. In addition to the lectures, there are recitations, clinical teaching and practical work in the laboratory and the dissecting room.

## **REQUIREMENTS FOR GRADUATION.**

Candidates must be at least 21 years of age. They must have attended four annual courses of lectures of not less than six months' duration each in different years at this College; or, have attended three such courses at some other recognized medical college or colleges and one at this; or, having attended two such courses at some other recognized medical college or colleges and two at this; or have attended one such course at some other recognized medical college and three at this; or, having been admitted to advanced standing in this College, by having pursued a prescribed course or courses of study in other recognized colleges and universities, as set forth by the Association of American Medical Colleges, shall be required to have attended at this College only such courses of lectures as are necessary to complete the curriculum of four annual courses of lectures. Candidates must have dissected all parts of the cadaver. They must have attended six cases of obstetrics.

- XX. REVIEW. Special reference to diagnosis of diseases mistaken for others; Uterine Disease for Consumption; Male Neurasthenia for Consumption and Rheumatism; Heart Diseases for Consumption; Fatty and Fibroid Degenerations for Consumption, Rheumatism, etc.

It is not expected that the physician will master the above during the course, but that he may be taught how to use his microscope daily in practice. He becomes his own teacher at the end of the course. The teaching is made as practical as possible, and the diseases noted are usually covered. The detection of the pre-disposing states of tuberculosis, rheumatism, thrombosis, apoplexy, Bright's and heart diseases (to name no more), with the removal of their causes; and the diagnosis of the conditions existing when pre-disposing states are passed, with the positive management of such that a certain percentage are permanently ameliorated, are amongst the duties of the physician of the present day.

FOR BOOK LIST: *Microscopy, General Medicine, Gynecology, Laryngology, Electro-Therapy*, address as above.

The curriculum comprises instruction in Anatomy, Physiology, Chemistry, Materia Medica and Therapeutics, Practice, Obstetrics, Surgery, Diseases of Children, Ophthalmology and Otology, Pathology and Bacteriology, Neurology, Diseases of the Mind, Hygiene, Medical Jurisprudence, Venereal Diseases, Dermatology, Laryngology and Gynecology. This instruction is given by scholastic and clinical lectures and by demonstrations. Laboratory instruction in Urinary Analysis, Histology, Pathology and Bacteriology and practical work in Physical Diagnosis and Demonstrative Obstetrics and Surgery are now compulsory; and each candidate for the degree of doctor in medicine must have taken each of these branches. The Medical and Surgical Clinics held at the Hospital offer every advantage to students. No extra charge is made for these courses.

An entrance examination or its equivalent is required. Four full courses of lectures and four full years of study are required of each candidate for graduation.

Candidates for graduation must have taken each of the following practical courses in this or some other college: Histology, Dissecting, Pathology, Urinalysis, Physical Diagnosis, Demonstrative Obstetrics, Practical Surgery.

For further particulars address the secretary,

The course of instruction consists of the regular winter course, commencing October 1st and extending over seven months.

A four years' course is required for graduation, the last year of which may be spent as house officer of a hospital acceptable to the faculty.

The dissecting rooms and laboratories for chemistry, histology, pathology and bacteriology are fully equipped, and the courses in them are compulsory.

Systematic clinical instruction is given in diseases of the eye, ear, throat, gynecology, neurology, and venereal diseases at the college clinic.

Two hours a day clinical lectures are given in the amphitheatre of the Cincinnati Hospital.

Bedside instruction is given in the same institution to small classes of students.

In addition to the lectures and laboratory work at the college, recitations are held in the various branches.

The college possesses a separate building for its dispensary service, and a maternity hospital for the teaching of obstetrics.

## A full Corps of Lecturers, Instructors and Assistants.

Attention is called to the fact that Laboratory, Clinical and Recitative methods supplant the usual didactic work as far as practicable. Each session's work is definite and complete, and advancement from grade to grade depends chiefly upon the record of the session rather than upon any final examination. The first two years are devoted exclusively to the elementary or preliminary branches, the last two to the practical prominence being given to clinical.

**W. E. LEWIS, Secretary,**

Mr. and Mrs. Alexander McDonald have presented and thoroughly equipped a beautiful building in memory of their daughter, Mrs. Laura McDonald-Stallo.

Coincident with the gift of the Laura Memorial College, a union has been affected with the Woman's Medical College of Cincinnati.

By this arrangement there will be but one Medical College for Women in the State. The advantages of this arrangement will be manifest in the concentration of clinical, laboratory and practical anatomical teaching. The Presbyterian Hospital, immediately adjoining the college, has, during the past summer, been materially altered and improved, so that the clinical advantages which the students of this college have heretofore enjoyed will be greatly increased.

The corps of instructors has been enlarged by accessions from the faculty of the Woman's Medical College of Cincinnati, until every department is amply provided for. The Trustees, the Hospital Board and the Faculty feel assured that every want of the students will be supplied.

A graded course of four years' session of seven months each.

For catalogue and other information, address,

# MEDICAL COLLEGE

—OF—

## WESTERN RESERVE UNIVERSITY,

### CLEVELAND, O.

**T**HIS College was established in 1843, and has maintained annual sessions from that time. The course of study for the degree of Doctor of Medicine is of four years' duration,—each year including eight months. Theoretical and applied branches are arranged with reference to their bearing upon and preparation for each other, and the effect of the whole course. Instruction is given by lectures, recitations, laboratory work, clinical demonstrations and practical exercises graded to the advancement of the student. Clinical opportunities are afforded by the Lakeside, Charity and City Hospitals, the Home of Maternity and two College Dispensaries.

#### The College Year of 1898-99

**Begins Wednesday, October 5th, 1898 and  
Ends Thursday, June 16th, 1899.**

Beginning with the academic year of 1901-2, the requirements for admission to the course in this College, will consist of such knowledge and training as are embodied in the first three years of a college course.

# Toledo Medical College.

SESSION 1898-9.

MEMBER OF ASSOCIATION OF AMERICAN MEDICAL COLLEGES.

The Fall Opening occurs Sept. 29th, 1898, in the new building at the corner of Cherry and Page streets. Four courses of seven months each are required before graduation. As this is the only medical college in Toledo and has the active support of the profession of this city and the physicians of northwestern Ohio, the College is able to give its students most excellent clinical advantages. Clinics are held daily at College building, while hospital work in general is done at the Toledo and St. Vincent's Hospitals.

## ADDRESSING PHYSICIANS and DENTISTS

Our list is kept corrected to date.

R. L. POLK & CO., DETROIT and CHICAGO.

# "DO NOT STAMMER."

## The Philadelphia Institute,

established 1884 by EDWIN S. JOHNSTON, has won a world-wide reputation. It has no branch **anywhere**, and at no time has had any connection whatever with any other school. Since its organization the location has never been changed, and from childhood Mr. Johnston has resided in the same block. After forty years' intense suffering from stammering and persistent personal effort to effect a cure, the present method was formulated. The most enthusiastic endorsers are those who were most skeptical before they had witnessed its remarkable results.

Bishop Cyrus D. Foss and Bishop C. H. Fowler endorse the Philadelphia Institute in the following letters:

OFFICE, BISHOP'S ROOM, 1018 Arch Street,

Philadelphia, Jan. 17th, 1895.

It gives me pleasure to certify to my high confidence in Mr. E. S. Johnston's method of treatment of stammering. Last summer I inquired into it with care, and also briefly observed the operation of it in a large class of his pupils, for the sake of a friend who was afterwards cured by him. I believe in him and his work.

CYRUS D. FOSS.

C. H. FOWLER, Bishop M. E. Church,  
455 Franklin St.,

Buffalo, N. Y., May 18th, 1898.

Mr. Edwin S. Johnston, Philadelphia, Pa.

Dear Sir:

It gives me pleasure to be able to state to you that from my personal observation I know that your work and treat-

ment for the cure of those of my acquaintance who have been afflicted with stammering, have been effectual and permanent.

Always sincerely,

C. H. FOWLER.

From HON. JOHN WANAMAKER,  
Ex-Postmaster-Gen. U. S.

Mr. Edwin S. Johnston:

Dear Sir—In reply to your letter, I will be very glad to give you the testimonial asked for. I never saw worse stammerers than some of those you brought to me, and the cure that was wrought upon them was very rapid and truly wonderful. I am willing to say this in writing or tell it to any one who may call upon me.

Yours truly,  
JOHN WANAMAKER.

**R. L. POLK & CO., Detroit and Chicago.**

# UNIVERSITY OF MICHIGAN. HOMŒOPATHIC MEDICAL COLLEGE.

LECTURES COMMENCE OCTOBER 1, EACH YEAR.

**Special Advantages.**—The special advantages which this department offers to medical students may be summed up as follows: *Its long thorough and graded course of study; its low fees and inexpensive cost of living; its magnificent and thoroughly equipped laboratories; its new, commodious and well-equipped hospital; its corps of salaried professors and instructors; its association with the greatest University on this continent, whose diploma is known, honored and recognized the world over, and which gives its possessor superior standing in, and commends him to the people of any community.*

**The Homœopathic Hospital.**—The new Homœopathic Hospital is provided with a corps of trained nurses, large, airy and well-lighted wards for male and female patients, private rooms for special patients, rooms for antiseptic surgery, dispensary, etc., all under the immediate direction of the Faculty.

**Anatomical Laboratory.**—The anatomical laboratory is admirably adapted for its purpose; the rooms are large, well-lighted and well-ventilated.

**Chemical Laboratory.**—The chemical laboratory provides thorough instruction and suitable appliances for the practical study of all branches of medical chemistry.

**Physiological Laboratory.**—The apartments provided for the physiological laboratory offer excellent facilities for practical work, whether of class instruction or original investigation.

**Histological Laboratory.**—The histological laboratory is well supplied with microscopes, microscopical accessories, microtomes, imbedding apparatus, and other instruments used in histological work.

**Pathological Laboratory.**—The work in this laboratory comprises an elementary and an advanced course. It includes all ordinary practical work in connection with the study of the processes of disease as seen with the microscope.

**Hygienic Laboratory.**—There is a large room devoted to bacteriological work, which contains all the improved apparatus employed by Koch. All the known pathogenic and the most important non-pathogenic germs are studied.

**Pathogenetic Laboratory.**—A laboratory of experimental pathogenesis has been established in the Homœopathic building on the campus. This laboratory is equipped with the necessary apparatus for experimentation with medicinal substances on the healthy human body. This is a special feature of the school. Proving will be made, and each student will be required to do a certain amount of original work and research in the pathogenic field. A complete course in Homœopathic pharmacutics will also be given in this laboratory.

**The Gymnasium.**—The gymnasium is 152 feet long by 124 feet wide, while the administration rooms have an area of 82 feet by 32 feet, with a wing for the ladies' gymnasium, in addition. It is open to students of all departments.

Men and Women Admitted on Equal Terms.

### SPECIAL LECTURERS.

HUBERT WORK, M. D., Pueblo, Some Diseases of the Nervous System.  
 FRANK E. WAXHAM, M. D., Denver, Diphtheria, Croup and Intubation.  
 EDWARD JACKSON, M. D., Denver, Physiological Optics.  
 PEMBROOK R. THOMBS, M. D., (Superintendent of State Insane Asylum) Mental Diseases.  
 ALFRED A. WOODHULL, M. D., (U. S. A.), Denver, Preventive Medicine.  
 RICHARD W. CORWIN, M. D., Pueblo, Surgery.

The course of instruction is graded, and covers four years of nine months each. Instruction during the first year is given in Boulder, and during the second, third and fourth years in Denver, on account of clinical advantages.

**THE TERM BEGINS EARLY IN SEPTEMBER, AND ENDS THE LATTER PART OF MAY.**

The advantages of the climate of Colorado, especially for pulmonary and malarial affections, are unquestioned. Many young men and women who have been compelled to leave school, both in the East and South, on account of the development of pulmonary consumption, have come to Colorado and been able to pursue their studies without interruption.

**THE UNIVERSITY IS WELL EQUIPPED WITH FACILITIES FOR LABORATORY WORK.**

### CLINICAL ADVANTAGES.

Clinical instruction, illustrating the didactic, is a special feature of the second, third and fourth year courses in this school. The hospitals of Denver, to which medical students have access, accommodate about five hundred patients. The Arapahoe County Hospital has two hundred and fifty beds, and its capacity is steadily increasing from year to year. At this hospital four clinical lectures are delivered each week to the medical students in the city.

The Dispensary of the College will be open daily, except Sunday, and at least six clinical lectures will be given at the college each week throughout the entire nine months.

**Tuition:**—For residents of Colorado, \$35.00; for non-residents, \$45.00; Graduation fee, \$10. For further information, apply to

**LUMAN M. GIFFIN, Dean,**

The Baltimore College of Dental Surgery, the first, and for many years the only Dental School, offers facilities for the study of Dentistry proper, such as age and experience only can give. Its immense *museum*, complete apparatus, large and well arranged building, and carefully-studied *curriculum*, give to its students great advantages and opportunities, both theoretical and practical, while its age gives its Diploma a dignity far out-ranking all other Colleges—a Diploma honorably represented in all civilized countries, and held by the most distinguished members of the Dental profession.

The fact that Dentistry must be *practically taught* is fully recognized *the College Infirmary*, a most complete, large and handsome *Hall*, being daily filled with clean and respectable patients, of a class nearly equal to those of the average dentist. *This Infirmary is open all the year*, students paying an entrance fee which is deducted from those of the regular succeeding course.

The session begins October 1, closing in April. A large corps of Demonstrators, always present, put in actual practice the teachings of all lecturers on Dentistry—leaving nothing undemonstrated. *All methods are fully taught*, all appliances and apparatus used; the making of instruments and the most elaborate gold and continuous-gum work, and all the cases arising in ordinary practice, with many which are rarely seen, carefully demonstrated.

Commencing October 1, 1895, this College will admit women as students, subject to the same requirements as men.

The College has formed an alliance with the College of Physicians and Surgeons, by which its students are privileged to attend all lectures and clinics. The patients of this medical school numbered last year over 40,000.

Graduates of the Baltimore College of Dental Surgery are required to attend but *one session* at the College of Physicians and Surgeons prior to presenting themselves as candidates for the degree of M. D. (See Catalogue.) In accordance with the resolution adopted by the National Association of Dental Faculties in the City of New York, on the 4th of August, 1884, and which went into effect for the session of 1885 and 1886, the qualifications for entering the Junior Class are a preliminary examination in the ordinary English branches.

**TERMS OF GRADUATION.**—Attendance on three Winter Courses of Lectures in this College. As equivalent to one of these we accept *one course* in any reputable Dental College. *Graduates in Medicine* can enter the Junior Class.

**BENEFICIARY STUDENTS.**—Each State Dental Society is privileged to send one Beneficiary Student to this College at one-half the regular tuition fees. This has been for some years an established feature of this College.

**FEES.**—Matriculation (paid once only), \$5.00. Tuition fees, \$100.00. Diploma fee, \$30.00. Dissecting fee, \$10.00.

Students corresponding with the Dean will please be careful to give full address, and direct their letters to

# The Alabama Medical and Surgical Age

THE ONLY MEDICAL JOURNAL PUBLISHED  
IN THE STATE OF ALABAMA.

The following resolution was introduced by one of the leading physicians of the city of Mobile, Ala., and it was unanimously adopted by the Medical Association of the State of Alabama, April 22, 1898, at the meeting held in the city of Birmingham.

*"Whereas*, There is regularly published in the city of Birmingham, Ala., a monthly medical Journal known as THE ALABAMA MEDICAL AND SURGICAL AGE, and

*Whereas*, The course of said Journal has always been promotive of the best interests of this Association; therefore,

*Be it resolved*, That this Association endorse said Journal as its official organ."

Has a large, bona fide, paid-up subscription in Alabama and adjacent states.

This journal has been published by the present owners for more than **nine years**, and is growing in favor with the medical profession, as is shown by the substantial support given, and by contributions from month to month. The advertising department is liberally patronized by a long list of the best known houses in this country.

Rates for advertising will be given on application to the Editor. Address

# HERING MEDICAL COLLEGE,

**3832 and 3834 Rhodes Avenue,  
CHICAGO, ILL.**

**New Building. Stronger Faculty. Better Clinics.**

**“If our school ever gives up the strict inductive method of Hahnemann, we are lost, and deserve only to be mentioned as a caricature in the history of medicine.”—Constantine Hering.**

**T**HAT the strict inductive method of Hahnemann, based on the principles of The Organon, the single remedy in the potentized form and the minimum dose, is no longer taught from the college rostrum, nor practised by the majority of our school, is acknowledged by all.

In its place a spurious science, disfigured by crude dosage, by unwise expedients, by paltry palliatives, and totally unworthy of the name HOMŒOPATHIC, holds almost undisputed sway.

Against such teaching, and against such practice, the **HERING MEDICAL COLLEGE** is a protest and an appeal; a cry to halt and an effort to reform.

It differs, therefore, from all other existing colleges, both in regard to the principles taught and in the methods of teaching.

It advances Materia Medica and Therapeutics to their proper place of eminence, and insists that **PURE HOMŒOPATHY** is all that is necessary or desirable in the cure of the sick. No important field or specialty of modern medicine is neglected, but they are taught by men who are Homœopathists first, and Specialists second.

The Faculty being zealously devoted to a central truth, are consequently in harmony, and this will insure an orderly, systematic and harmonious presentation of the whole broad subject of the science and art of Therapeutics, which, philosophically considered, is Homœopathy.

Students who have a leaning towards Homœopathy, are earnestly requested to consider the above facts, and if they conclude to study Homœopathy at all, are urged to study it in its purity, and not the hybrid of Allopathy and Eclecticism generally taught under that name.

## ADDRESSING PHYSICIANS and DENTISTS.

Our list is kept corrected to date.

R. L. POLK & CO., DETROIT and CHICAGO.

# New York Post-Graduate Medical School and Hospital, University of the State of New York.

Second Avenue and 20th Street, NEW YORK CITY.

Incorporated by Special Act of the Legislature of the State of New York. For Practitioners of Medicine Exclusively.

SEVENTEENTH YEAR. SESSIONS OF 1898-99.

The Post-Graduate Medical School and Hospital occupies the largest and best building for combined hospital and college purposes in the country. It is an eight-story fire proof structure, containing accommodations for 175 patients. The Babies' Wards are an integral part of the Institution, under its own roof, with beds for fifty patients. The new building has adequate accommodations for the personal instruction of large classes of practitioners, while the hospital facilities are equal to those of any hospital in the City of New York. Every opportunity, both in the dispensary and hospital, is afforded in all departments of medicine and surgery. The major operations are performed in the amphitheatre of the Institution, which is fitted up in a manner to secure the best surgical results. Pathological and Histological Laboratories are also a part of the school. The Faculty are connected with many of the great Hospitals and Dispensaries in the city, where other clinics are held for the benefit of the matriculates of the Post-Graduate Medical School. Practitioners may enter at any time.

Members of the profession who are visiting New York for a day or two, will be heartily welcomed at the Post-Graduate School, and if they desire to attend the clinics a visitor's ticket, good for two days, will be furnished them on application to the Superintendent. Connected with the Hospital is a Training School for Nurses, which not only furnishes the nurses for the Post-Graduate Hospital, but also in part for three other important institutions.

For Catalogue or further information, address **SENECA D. POWELL, M.D.**, Secretary of the faculty, Second Avenue and 20th Street, New York City.

**ALEXANDER H. CANDLISH, Superintendent.** Physicians coming to the School will please ask for the Superintendent.

**THE POST-GRADUATE JOURNAL.** This journal is published monthly, and contains comments on the leading medical event of the time, together with original articles, and papers that have been read in The Post-Graduate Clinical Society, with discussions upon these articles, and book notices. Besides there are thirty-two pages of abstract from the very best home and foreign journals. It is no mere organ of the Post-Graduate Medical School, but an independent, critical medical journal, of interest to the whole profession of the country. Subscriptions are invited, as well as articles for insertion. The editor will not undertake to return communications which cannot be used, unless stamps are enclosed for that purpose. The subscription price is \$1.00 per year. Letters enclosing subscriptions or articles for insertion may be sent to **THE POST-GRADUATE**, Second Avenue and Twentieth St., New York City. Communications referring to advertisements in the Journal should be directed to **J. J. COMSTOCK**, Second Avenue and Twentieth Street, New York City.

## **MEDICAL DEPARTMENT.**

**NASHVILLE, - TENN.**

The building is modern in every respect. All departments are fully equipped with the most modern appliances. The course of study is graded, and separate instruction is given to each of the three classes—junior, middle and senior. Three years of attendance is demanded and a fourth year is advised. Thorough, practical work in all the laboratories is compulsory. In the lecture rooms the students are instructed didactically, clinically and by recitations. Twelve clinics every week. Subdivisions of the middle and senior classes are given practical experience in the out-door clinic of the College. Hospital facilities abundant.

Beginning with 1899, either three sessions of eight months or four sessions of six months will be required.

# MEDICAL DEPARTMENT FORT WORTH UNIVERSITY

FORT WORTH, TEXAS.

The Medical Department was organized under the University charter in July, 1894. The annual session of 1897-98 has been a phenomenally prosperous one. The trustees, faculty and advisory board are gratified and encouraged by the endorsement of the profession throughout the state, by the ample supply of clinical material, the large number of capable students, and the prospect of a largely increased attendance for the coming session.

The situation at Fort Worth has proved to be such as to meet the needs of a growing medical school. Its position as a geographical, railway, educational and surgical center, its rapidly increasing population, its large number of eminent physicians and surgeons, from which the faculty is drawn, its private and public hospitals, homes and dispensaries, and the immense field tributary to it, all combine in a peculiar degree to render it a great medical centre.

# THE DRAKE SANITARIUM ESTABLISHED 1889

**... LOCATED....**  
**826 West Fourth Street, DES MOINES, IOWA.**

The location is on one of the finest streets in the city, and the highest point on Fourth Street. Every convenience obtainable for the treatment of Chronic, Nervous and Surgical Diseases, is at hand, including Electricity in all beneficial forms.

**OUR BATHS** include Plain and Electric, Medicated, Steam or Vapor, and Genuine Sea Salt Baths. These baths are invariably followed with the most Scientific Massage or Osteopathic Treatment. Some one, or all of these treatments are used if necessary, in the preparatory and after treatment of surgical cases, as well as in all cases not requiring surgical interference.

**DIAGNOSIS.** At this point we must remind our readers, that we make all examinations **free of charge** at the Sanitarium. We treat successfully from our standpoint of examination and diagnosis, and in our own peculiar way, the following diseases: **Nervous Conditions**, peculiar to young ladies, including Painful, Irregular or Suppressed Menstruation, and all surgical diseases of women. **Ulceration and Laceration of the Womb, Laceration of the Perineum, Ovarian**, and all Tumors that women are subject to. Piles, Papilla, Pockets and Fissures of the Rectum, and Fistula in male and female. These local troubles all have their reflex or sympathetic troubles, such as Headache, Weak Eyes, Lung, Stomach, Liver, Spleen, Pancreatic or Bowel Trouble, Epileptic Fits, Rheumatism, Etc., attended in nearly all cases with nervousness.

We have one ward wherein we take a few obstetrical cases and give them the best care and attention, with less expense than at their homes. Our success in the so-called incurable diseases, is unparalleled, and is due to careful diagnosis and treatment, and individualizing each disease, and the condition of each patient.

Our prices at the Sanitarium are moderate in all cases. We have the confidence of the public. We are located to stay. Our business is increasing. We have our own school and train our own nurses. You are welcome, come and see us. Remember all examinations **free**. Don't mistake the location.

# COLLEGE OF MEDICINE

## MEDICAL DEPARTMENT OF

# Syracuse University

**HISTORY.**—The famous Fairfield (N. Y.) Medical School was organized in 1812. In 1841 part of its faculty went to the Geneva Medical School and the other part to Albany. The fame of the Geneva School was soon well established; of the learning and eloquence of her lecturers the graduates always speak with enthusiasm. In 1872 the Geneva School became the Medical Department of Syracuse University. With advancement in Medical Education the Syracuse School has supplemented its lecture courses by recitations and practical work in laboratories and hospital wards, and has arranged all as a four-years' graded curriculum—steadily keeping its standard of admission and scholarship in advance of the legal requirements of the State.

**NEW BUILDING.**—The new college building, with its attractive lecture rooms, numerous, spacious and well equipped laboratories, a library recently supplemented by the gift from Dr. Stephen Smith, of New York, of his large and private collection, an ample cold storage plant for the preservation of anatomical material (a separate building for animals used in the physiological and bacteriological laboratories), two large study rooms for men and women respectively, modern lavatories, individual students' lockers, photographic dark rooms and an electric plant for running ventilating fans, elevator, physiological laboratory apparatus and supplying incandescent lighting (especially important in the dissecting room), and arc lights for lantern, microscopic projection and photo-micrography, is one of the better appointed medical schools of the United States.

**HOSPITALS AND DISPENSARY.**—Two large general hospitals, a children's hospital, a large county orphan asylum, an extensive state institution for feeble-minded children and a city free dispensary, are at the service of the faculty and are all utilized for purposes of clinical instruction.

**FACULTY.**—In the faculty are enthusiastic progressive teachers who strive to advance medical education by accepting as students only well prepared men and women, and insisting upon undergraduates continuing capable and doing steadily step by step the prescribed work of the curriculum. The work is so graded, however, that willing and industrious students of average ability experience little difficulty in meeting these demands.

**UNIVERSITY ATHLETICS.**—An excellent gymnasium, with tub, shower and plunge baths for both men and women; a first-class athletic field, with a quarter-mile cinder track and a grand stand, are at the service of all university students. Fee, \$3.00 annually.

**COLLEGE FEES.**—The annual fee is \$125.00, paying in full for didactic lectures, recitations, the course in practical anatomy with necessary material, all the various laboratory courses with necessary material and the use of microscopes and other apparatus, the use of the library, bone loan collection, museums, reading rooms and lockers, clinical lectures and training in the hospitals and dispensary, all examinations and graduation. The annual caution fee of \$5.00 is the only other charge.

**ROOMS AND BOARD.**—Good rooms for one student can be had in Syracuse for from \$6.00 upwards per month, and the same rooms occupied by two students for from \$8.00 upwards per month. By clubbing together in clubs of from six to twelve students, good board can be had for \$2.00 a week per student.

The sessions begin September 1, and continue eight months. During the term all the branches of medicine and surgery are taught, didactically and clinically. Regular clinics are held three days in the week at the City and County Hospital, Potrero Avenue (450 beds), where the Professors of the practical chairs have charge of wards and possess every advantage for the instruction of students. There is also an active clinic conducted three times a week at the College Dispensary where a large number of patients are examined and treated before the classes. Didactic lectures are given daily by the Professors, and evening recitations are held several times a week.

The dissecting room is open throughout the entire year. Material is abundant and costs but little.

It will thus be seen that the course of instruction, which extends through eight months of the year, aims at the development of practical physicians and surgeons. The great advantages possessed by the Medical Department of the State University, enable the Regents and Faculty to commend it in an especial manner to those seeking a complete and systematic knowledge of the medical profession. The facilities for bedside study have been largely increased of late, and the student will find opportunities at his command which, for comprehensiveness, are nowhere surpassed.

#### FOUR YEARS COURSE.

In response to the general demand, both in and out of the profession, for a higher degree of proficiency in medical education, the Medical Department of the State University was one of the first in the United States to adopt the four years' term of study. No student can present himself for final examination until he has attended faithfully four annual courses of medical lectures and clinics. Graduates of accredited literary and scientific colleges are admitted to the second class without examination.

This School, in affiliation with the ASSOCIATION OF AMERICAN MEDICAL COLLEGES, requires attendance upon four full courses of instruction prior to graduation. The annual sessions open about the last Tuesday in September of each year and continue twenty-six weeks exclusive of the mid-winter recess. With the opening of the session 1898-1899 the College will be equipped with one of the most complete buildings in the United States, and its laboratory facilities will be unsurpassed. Its resources for clinical instruction will be greatly increased by its connection with the ST. JOSEPH'S and with the WISCONSIN LYING-IN HOSPITALS, the medical and surgical staffs of which are made up of members of the College Faculty.

Provision is made for passing students, having special preliminary educational advantages to advanced standing.

A never-failing, harmless and permanent home cure. Trial treatment free on request.  
Dr. J. C. Hoffman, 494 Isabella Bldg., Chicago, Ill.

Graduate of Vienna, Austria, of Wuerzburg, Bavaria, and of Rush Medical College, Chicago.  
Late Physician of the Illinois State Insane Hospital, The Berlin Charité, The Allgemeines Krankenhaus, Vienna and U. S. Navy.

# THE MEDICAL COLLEGE OF INDIANA.

The twenty-eight annual commencement exercises of this well-known institution took place on March 29, 1898, with a class of seventy-nine. The Faculty desires to call attention to the following points in connection with the school: The careful and thorough grading of the classes (this is not, as in many schools, merely in theory, but is complete and absolute); the classes never by any chance hear the same lecture repeated; the system of monthly examinations, the only method fair alike to teacher and student; a building specially erected for and owned by the college, containing ample room, and well stocked with teaching facilities; a dispensary in college building, well patronized; clinic rooms at hospitals, new and modern; women admitted on same terms as men; a four-year course rigidly administered, and finally a high grade of intelligence in its classes. The last graduating class contained men from nearly every literary and normal school in the state, and from many in neighboring states. Of the applicants at the opening of last term less than seven per cent. required a preliminary examination.

# The Physio-Medical College, OF INDIANA.

Cor. Alabama and North Sts., INDIANAPOLIS, IND.

**This College was organized and incorporated under the laws of the State of Indiana, in 1873, Charter granted. Classes have been graduated every year since.**

The Faculty have adopted a four years' course of not less than twenty-six weeks each, and not more than one course being delivered in one twelve months.

## SESSION OF 1898 and 1899.

The Twenty-Sixth Annual Session of The Physio-Medical College, of Indiana, will commence September, 1898.

## FEES AND EXPENSES.

To students taking their full course in this school, the fees, including those for matriculation, professor's ticket, dissecting material and graduation, will be sixty dollars per year.

Students who have spent three years elsewhere or are graduates of other schools, must attend one year to secure a diploma from this institution and pay sixty dollars in addition to the graduation fee of twenty-five dollars.

Former graduates of this institution will be admitted without charge except for laboratory fees and expense of material used.

The cost of ticket giving admission to all the clinics of city hospital is three dollars each year.

All fees are due on entering and must be settled in cash or by bankable paper due in one hundred and thirty days.

In addition to the above, students will be required to pay five dollars each, per session, for bacteriological and chemical laboratory work, and deposit five dollars (returnable) for breakage.

THE JACKSON SANATORIUM, DANSVILLE, NEW YORK, is the LEADING HEALTH INSTITUTE of the Country. See p. 11.

**NEW YORK UNIVERSITY.  
THE UNIVERSITY AND BELLEVUE HOSPITAL  
MEDICAL COLLEGE,  
CITY OF NEW YORK.**

Session of 1898-99.

The union of the Medical Department of the New York University and the Bellevue Hospital Medical College projected in 1897 has been consummated. The two medical schools now united and with greatly increased facilities and an enlarged faculty, will be conducted as the Medical Department of the New York University.

The Session begins on Monday, October 3, 1898, and continues for thirty-two weeks. For first-year and second year students attendance on four courses of lectures is required for graduation. Third-year students are admitted under the three-years' system. Graduates of other accredited Medical Colleges are admitted as third-year students. Students who have attended one full regular course at another accredited Medical College are admitted as second-year students without medical examination. Students are admitted to advanced standing for the second or third years, either on approved credentials from other Medical Colleges or after examination on the subjects embraced in the curriculum of this College.

The annual circular for 1898-99, giving full details of the curriculum for the four years, the Regents' requirements for matriculation, requirements for graduation, and other information, was published in June, 1898.

Address **EDWARD G. JANEWAY, M.D., Dean,**

# New York Polyclinic Medical School and Hospital.

## A Clinical School for Graduates in Medicine and Surgery.

THE NEW YORK POLYCLINIC is a school for teaching graduates the most recent methods of diagnosis and treatment in every department of medicine. The clinical material is abundant and the Hospital wards adjoin the lecture rooms. Since the fire of 1896 a new building has been erected and thoroughly equipped, and the institution is now prepared to offer better facilities than ever. Students may enter at any time.

The school maintains a dispensary in its own building, where in the presence of the matriculants from one hundred and fifty to two hundred patients are treated daily. The members will be brought into personal contact with the Patients, where the clinical features of each case may be minutely and leisurely studied. The Hospital wards contain fifty beds for surgical patients, and all the operations are done before the class, and opportunities given to witness the after-treatment.

# THE TELFAIR SANITARIUM

## THE TELFAIR TREATMENT

Is the only individual treatment for Liquor, Morphine and Cocaine Diseases. Is endorsed by all leading physicians. It has the enthusiastic sanction of every man and woman who ever took it. It is the only cure where individual treatment is given in each case, and where unfailing results can be assured.

Out-of-town patients are supplied with comfortable quarters at the Sanitarium.

It is the endeavor of the management to make the institution a place eminently home-like, agreeable socially, and pleasant in all its surroundings. There is no flavor of hospital life about it, and no restraint whatever is imposed upon patients. They go and come at will, outside of treatment times, and in general are treated as guests who have paid us a certain sum of money for certain professional services. The rules of the institution are for the general welfare of all and for individual guidance, and as such, do not infringe on the dignity or freedom of any patient. In this way the Sanitarium, while faithfully and honestly carrying out its primary mission, makes of itself a friend and co-worker with every person who seeks its aid and power.

References will be fully furnished of numerous former cures, and leading physicians throughout the State of New York.

Send to us for printed matter. Correspondence strictly confidential.

# CLIFTON SPRINGS SANITARIUM,

Clifton Springs, New York.

**T**HE CLIFTON SPRINGS SANITARIUM is beautifully situated in the village of Clifton Springs, Ontario County, New York, one of the most healthful locations in the State, half way between the cities of Rochester and Syracuse, and is reached by the New York Central and Lehigh Valley Railroads.

The fresh water springs which supply the Sanitarium are pure and abundant, and the sulphur springs are classed among the leading remedial springs of the world.

The bathing, gymnastic and electrical appointments are superior to any similar institution in the country, and include the Apostoli method of treating fibroids and other diseases of the uterus and its appendages.

The medical staff consists of eight physicians, one of the number being a lady, whose entire time and attention are given to caring for the sick.

---

**Fire-Proof Buildings, heated by Steam and Open Fireplaces. Elevators, Electric Bells, Electric Lights, and all Modern Improvements. Main Piazza enclosed in glass, warmed by Steam and lighted by Electricity. Rooms en suite, Double, Single or with Private Bath and Toilet. The facilities for treatment in the winter are equal to those of the summer months, even for the most delicate patients.**

---

**No Expense is spared to make the Facilities for Medical Treatment, Rest and Recreation the Best.**

**From THOMAS  
PHARMACAL  
COMPANY,

OUR advertisement in the MEDICAL HERALD seems to be bringing us inquiries from physicians who know the value of an active therapeutic agent in the treatment of diabetes, as we are pleased to say that our sales in the Missouri Valley, to the trade, have increased very satisfactorily during the last few months. The great proportion of these inquiries are attributed to our advertising in the HERALD. Many of your physicians have tested Euxeline thoroughly, and are so well convinced of its value that they are using it in their own practice, and calling the attention of their doctor friends to it. This co-operation is of great value to us, and is highly appreciated.

Wishing you success in your journalistic enterprise, we remain,

Very respectfully yours,

THOMAS PHARMACAL COMPANY.

Dr. Julius Fehr's HYGIENIC DERMAL POWDER. (See adv. p. 1887.)

# Strontia Medicinal Water.

The water comes from the Springs warm, and is a natural effervescent. Prof. Wm. P. Headon made an analysis of the water when the spring was simply an open hole, and found Carbonic Acid, Silicic Acid, Sulphuric Acid, Iron, Alumina Lime, Strontia Soda, Potassa, (Magnesia heavy).

The Strontia, in combination with the other valuable medicinal properties found in this water, gives it a value as a restorer of all the Vital Forces, unequaled by the water of any known spring in the world. It is invaluable in the treatment of all Nervous Diseases. For Stomach and Intestinal troubles, and Kidney, Bladder and Uterine Diseases it has no equal.

It is a valuable remedy for Eczema, Urticaria, and other Skin Diseases. It has a specific influence on the Mucous Membrane, soothing and healing. Drinking this water freely will positively destroy the craving for intoxicating beverages. It influences the entire animal economy, restoring all the organs to their normal healthy function.

We recommend this water to the careful consideration of all intelligent physicians, believing they will find it a valuable adjunct in the treatment of many obscure and troublesome diseases.

If the stomach is very weak commence using only one-third to one-half tumblerfull for first week, three to four times a day. Drink hot before breakfast, and at no time should the patient drink as cold as the city water is from the hydrant. If you are troubled with insomnia don't fail to give this water a trial; drink on retiring. We would be pleased to have you call at the office for further information, and where testimonials as to the merits of the water may be seen.

The Strontia Springs Hotel and Cottages are located in the Grand Canon of the Platte River, and offer unequaled attractions to those seeking Health, Pleasure or Rest. The scenery is Grand, Majestic; wild Fruits and Flowers abound in their season. The Platte River, in front of the Hotel, is unexcelled for Trout Fishing. One hour's delightful ride from Denver, on the old reliable South Park R. R., whose trainmen are always courteous, will land you at the Hotel door. The life giving waters are free to Guests. For further information, address

# THE BEST ANTISEPTIC

FOR BOTH INTERNAL AND EXTERNAL USE.

## LISTERINE

**NON-TOXIC, NON-IRRITANT, NON-ESCHAROTIC—ABSOLUTELY  
SAFE, AGREEABLE AND CONVENIENT.**

LISTERINE is a well-proven antiseptic agent—an antizymotic—especially useful in the management of catarrhal conditions of the mucous membrane, adapted to internal use, and to make and maintain surgical cleanliness—asepsis—in the treatment of all parts of the human body, whether by spray, injection, irrigation, atomization, inhalation, or simple local application, and therefore characterized by its particular adaptability to the field of

### PREVENTIVE MEDICINE—INDIVIDUAL PROPHYLAXIS.

LISTERINE destroys promptly all odors emanating from diseased gums and teeth, and will be found of great value when taken internally, in teaspoonful doses, to control the fermentative eructations of dyspepsia, and to disinfect the mouth, throat and stomach. It is a perfect tooth and mouth wash, INDISPENSABLE FOR THE DENTAL TOILET.

### FOR DISEASES OF THE URIC ACID DIATHESIS.

## LAMBERT'S LITHIATED HYDRANGEA

**RENAL ALTERATIVE—ANTILITHIC.**

Close clinical observation has caused LAMBERT'S LITHIATED HYDRANGEA to be regarded by Physicians generally as a very valuable Kidney Alterative and Antilithic agent in the treatment of

**Urinary Calculus, Gout, Rheumatism, Cystitis, Diabetes, Hæmaturia,  
Bright's Disease, Albuminuria and Vesical Irritations Generally.**

Realizing that in many of the diseases in which LAMBERT'S LITHIATED HYDRANGEA has been found to possess great therapeutic value, it is of the highest importance that suitable diet be employed, we have had prepared for the convenience of physicians,

### DIETETIC NOTES,

suggesting the articles of food to be allowed or prohibited in several of these diseases. A book of these Dietetic Notes, each note perforated and convenient for the physician to detach and distribute to patients, supplied upon request, together with literature fully descriptive of LISTERINE AND LAMBERT'S LITHIATED HYDRANGEA.

**THE MEDICAL GAZETTE PUBLISHING CO.,**  
**(INCORPORATED.)**  
**CLEVELAND, OHIO.**

**THE CLEVELAND MEDICAL GAZETTE** is owned, published and controlled by physicians.

It is a reflex of new ideas and practical advancement in medicine and surgery, containing especially those new points and wrinkles in diagnosis and practice, which the general practitioner likes to get hold of for use in his every day practical work. It also aims to keep track of scientific discoveries in so far as they have a direct bearing on practical work.

The body of the **GAZETTE** is kept free from advertising matter, direct and indirect. The advertising columns admit only advertisements of unobjectionable character.

Its character makes it valuable for preservation by readers, and so largely increases its value for advertisers. It is not consigned to the waste basket. Its large circulation throughout Ohio renders it the most valuable medium in the State.

Dr. Julius Fehr's COMPOUND TALCUM. (See adv., p. 1837.)

# CELERINA

**NERVE TONIC, STIMULANT AND ANTISPASMODIC.**

**FORMULA.**—Every Fluid Drachm represents FIVE grains EACH—Celery, Coca, Kola, Viburnum, and Aromatics.

**INDICATIONS.**—Loss of Nerve Power (so usual with Lawyers, Preachers, Writers and Business Men), Impotency, Spermatorrhea, Nervous Headache, Neuralgia, Paralysis, Hysteria, Opium Habit, Inebriety, Dyspepsia, and ALL LAGUID conditions of the System.

Indispensable to restore a patient after alcoholic excess.

**DOSE.**—One or two teaspoonfuls three or more times a day, as directed by the Physician.

# ALETRIS CORDIAL

**UTERINE TONIC AND RESTORATIVE.**

PREPARED FROM THE ALETRIS FARINOSA OR TRUE UNICORN.

**INDICATIONS.**—Amenorrhoea, Dysmenorrhoea, Leucorrhoea, Prolapsus Uteri, Sterility, to PREVENT Miscarriage, etc.

**DOSE.**—One teaspoonful three or four times a day.

Unrivalled as a Uterine Tonic in Irregular, Painful, Suppressed and Excessive Menstruation.

It Restores Normal Action to the Uterus, and Imparts Vigor to the Entire Uterine System.

Where Women have miscarried during previous Pregnancies, or in any case where miscarriage is feared, ALETRIS CORDIAL is indicated, and should be continuously administered during entire gestation.

## S. H. KENNEDY'S

CONCENTRATED EXTRACT OF

# PINUS CANADENSIS

**DARK.      A NON-ALCOHOLIC LIQUID.      WHITE.**

**A most valuable Non-Irritating Mucous Astringent.**

THE JACKSON SANATORIUM, DANVILLE, NEW YORK, is the LEADING HEALTH INSTITUTE of the Country. See p. 11.

The "Manipulator," one of the machines used for giving Mechanical Massage.

GEO. H. TAYLOR, M. D.,  
 Founder, Inventor of Mechanical Massage.  
 G. H. PATCHEN, M. D., Medical Director.

## The Improved Movement Cure INSTITUTE,

637 MADISON AVENUE, N. E. COR.  
 59th STREET,

NEW YORK CITY.

### DEAR DOCTOR:

Do not forget that the proper application of **Mechanical Massage** (the invention of Dr. Geo. H. Taylor) will cure the most obstinate cases of Rheumatism, Sciatica, Neuralgia, Dyspepsia, Constipation, Hemorrhoids, Obesity, Deformities, Uterine Displacements, and Chronic Congestions and Inflammation of the Pelvic Organs, even after drugs, baths and electricity have failed.

This Institute makes the experienced application of Mechanical Massage a specialty, and at no other place or Institution are its various processes given with the knowledge, skill and precision as here, in exact accordance with the manner of application so long and so successfully employed by its inventor.

## Personal Inspection of Methods Solicited.

CALL OR SEND STAMP FOR EXPLANATORY LITERATURE.

The Institute, in addition to its regular work of curing the sick, carries on a **SCHOOL OF MASSAGE**. Apply for circular for particulars.

All of Dr. Taylor's Appliances for giving Mechanical Massage for sale. Send for Illustrated Catalogue and Price List.

Send for description and price-list of the following books by Dr. Taylor, published by the Institute: **Health by Exercise; Health for Women; Pelvic and Hernial Therapeutics; Manual Massage; Mechanical Massage; Paralysis; Mechanical Aids in the Treatment of Chronic Forms of Disease**. Also, by Dr. Patchen, a 38-page pamphlet, **How Should We Breathe?** and **The Treatment of Chronic Forms of Disease by Motion** (in course of preparation).

Address, for any purpose,

# Do You Treat Hernia ?

## IF NOT, WHY NOT?

The PERFECTION RUPTURE CURE METHOD is just what the name implies. It is perfect in every detail. Many years of practical experience in the treatment of hernia has enabled me to perfect a system which is ALWAYS SUCCESSFUL. That which has cost me years of study, practice and research and a considerable outlay of money you may have at a nominal cost. You can absolutely determine beforehand precisely the result to be expected in every case and that the treatment, when properly given, effects perfect and permanent cures of hernia no one now doubts who has given the system careful, conscientious and professionally intelligent investigation.

I have succeeded in preparing a FLUID for injection purposes which involves no danger in its use, and which causes sufficient local irritation and subsequent plastic adhesion to close all unnecessary space in the internal ring, and the inguinal canal. But no matter what the virtues of the fluid, it is indispensable that the physician giving the treatment for hernia should be thoroughly posted in the details of the work, otherwise he will be a failure, or at least only a partial success. Perfect reduction, perfect retention by skillful adaption of truss appliances, and skillful injection of the fluid must be had if good results are to be expected. A careful and detailed study of the subject of hernia I enjoin, and to facilitate the quick acquirement of the proper knowledge by those who go under my instruction. I have gone to great pains to prepare a monograph on Differential Diagnosis of Hernia, which touches also on other important points essential to know.

This specialty affords greater returns with less work than any other, and unless you have investigated you will be surprised to know how many cases are within a stone's throw of you. My daily clinics are large and interesting and by procuring a course ticket, you will have full privilege of attending any and all clinics for as long a time as you may choose to stay, which will afford you ample opportunity to acquire a full and complete knowledge of my method for the treatment of all forms of hernia, a knowledge absolutely necessary for the successful treatment of this paying speciality.

Patients needing Change of Scene, Regular Life, Rest and Diversion, send to **The Jackson Sanatorium,** Dansville, N. Y. See Page 11.

# Mercy Hospital, Des Moines, Iowa,

The Hospital was formally opened for patients April 23d. 1893. It is beautifully located in the suburbs, on an elevation overlooking the entire City of Des Moines and surrounding country, and equipped with all the modern sanitary improvements, with no building around it to intercept the air or prevent the sun from continually shining upon it. The Medical Faculty consists of the most prominent Physicians in the city. The Hospital is in charge of the Sisters of Mercy.

#### THE MECHANICAL TREATMENT OF HERNIA A SPECIALTY.

See "Agnew's Surgery," Vol. I, and "System of Surgery," by Gross, Vol. II.

TWENTY-FIVE YEARS' REFERENCE: Profs. S. D. Gross, D. Hayes Agnew, Willard Parker, W. H. Pancoast, Dr. Thomas G. Morton, and Surgeons General of the U. S. Army and Navy.

Prof. SAMUEL D. GROSS, M. D., in his "System of Surgery," Vol. II, page 507, Sixth Edition, writes as follows:

**"The Hard Rubber Truss.** \* \* \* \* As now manufactured it would be difficult to point out a single fault in it, whether we regard the material of which it is composed, its durability, or its adaptability to the object for which it is designed. The best Trusses of this kind now before the Profession are those made by **I. B. Seeley & Co.** (now Chesterman & Streeter), of this city, to which the Committee of the International Medical Congress, at its meeting in London, in 1881, awarded the only Certificate of Merit."

Our "MECHANICAL TREATMENT OF HERNIA and ILLUSTRATED CATALOGUE," book of 111 pages and 180 illustrations of HARD RUBBER TRUSSES, SUPPORTERS and PILE PIPES, LEATHER COVERED and ELASTIC TRUSSES, ABDOMINAL and UTERINE SUPPORTERS, SHOULDER BRACES, ELASTIC STOCKINGS, SUSPENSORIES, etc., etc., mailed on application.

## Dr. Tuholske's Private Surgical and Gynæcological Hospital.

This Hospital has been specially designed and built for the care of patients requiring surgical or gynæcological treatment, and it is believed that so far as sanitary conditions, ventilation, light and heating are concerned, this Institution will compare favorably with the best in the land. The rooms are nicely and cosily furnished, the cuisine equals that of first-class hotels, the nurses are thoroughly trained, competent and required to be affable, gentle and attentive. Patients will find in this Institution the comforts, and if desired, the luxuries of a home combined with the quiet, seclusion and trained nursing, such as one finds in hospitals only, and the security which comes from the knowledge of being under the direct and personal care of the Surgeon.

**The Institution is centrally located on N. E. Cor. of Jefferson Ave. and  
Locust St., St. Louis, Missouri.**

DR. H. TUHOLSKE, Surgeon in Charge.

# THE RUNNELS HOSPITAL

**522 North Illinois St.,  
INDIANAPOLIS, IND.**

**O. S. RUNNELS, A. M., M. D., Chief Surgeon.**

**ESTABLISHED 1890.**

To meet the requirements of the best services  
attainable in surgical and gynecological practice.

The building is commodious, pleasantly situated, easily accessible and conforms in all its appointments to modern surgical demands. Good cooking and a liberal table for convalescents. Graduate nurses only. Visiting physicians always welcome. Correspondence solicited.

**To Superintendents of Hospitals and Physicians.**

## **Sterilized Hospital Absorbent Cotton.**

All of **OUR GOODS ARE IN LAYERS**, rolled in tissue. Our long experience in the manufacture of absorbent cotton leads us to say that we are producing a line of goods superior to any Absorbent Cotton in the market.

### **THE DEDHAM ABSORBENT GAUZE**

Is noted for its soft, silky feeling, and is entirely free from all sizing, and is particularly adapted for surgical dressings and sterilized sponges. It is used by the Boston City Hospital, the Massachusetts General and the Johns Hopkins, and by a large number of small hospitals. Physicians order it in 100-yard rolls for their private practice. We should be pleased to supply you at a very low price.

We are introducing a new specialty for hospitals and physicians—**Absorbent Gauze Bandages**—all widths, either by the yard or pound.

For prices apply to Manufacturers,

### PHYSICIANS.

ELLEN M. KIRK, 223 West Seventh Street.  
ELLA G. HUNT, 549 West Seventh Street.  
F. IRENE HUNT, 549 West Seventh Street.

This Institution, incorporated October, 1881, is the outgrowth of a Free Dispensary established a few years earlier by Drs. Ellen M. Kirk and Martha May Howells. The work in the Dispensary proved conclusively the need of a hospital, when generous and philanthropic women formed an association for its promotion and support. For about six years it occupied modest quarters on Ninth Street. At the expiration of that time the present building was purchased and equipped. It is centrally located on one of the best streets in the city, and has plenty of sunlight. It is a very happy result of women's efforts to establish a quiet homelike hospital for women and children needing medical attention. It offers thirteen private beds varying in price from seven to twenty dollars per week. Patients occupying these beds may have any physician of any school to attend them. A pleasant ward is provided containing six beds, in charge of the attending physician, for patients needing gratuitous attention, or at a nominal price to those able to pay it. A training school for nurses is an important adjunct, insuring to patients the advantages of a trained nurse. Special information may be obtained by addressing officers or physicians.

# The Sanatorium, HUDSON, WIS., desires to be an AUXILIARY, not competitor of the General Practitioner. See Page 24.

## SASKATCHEWAN ROBES AND COATS

Received the Highest Award at the World's Fair.

The robes keep you warm and dry, dry quicker than genuine Fur Robes, and never get hard. The Fur Cloth is as tough as leather, and far more durable than Goat or other Fur Robes.

This handsome Robe is not excelled for warmth and durability for the price, and consists of three parts: The Fur Cloth, the Lambskin Lining and the Rubber Drill for an interlining to make it waterproof. All these parts are without seams. The colors are Buffalo Brown, Dark Brown and Black. The lining is either Black, Scarlet or Green.

The Coats made of this Fur Cloth have no equal for Doctors' use. Ask for these goods at your dealer's or send for illustrated catalogue to

# MISS ALSTON'S HOUSE

**143 WEST FORTY-SEVENTH STREET,**  
Formerly 106 East Thirty-Eighth Street.

Telephone 1842, 38th St.

**NEW YORK.**

Miss A. L. Alston, for nearly eight years Superintendent of Mount Sinai Training School for Nurses, opened, September, 1894, a house for the reception of private patients. Being unable to supply the demand for rooms, a larger house has been fitted up with all modern improvements, well-appointed operating room, elevator, etc., which will materially add to patients' comfort.

Miss Alston's long and thorough experience will insure the best of nursing and general supervision for those who are in her charge. Great attention will be paid to the careful and appetizing preparation and serving of the food.

All classes of cases, male and female (including maternity cases) will be received, excepting those suffering from contagious diseases or insanity.

The house will be open to the patients of any reputable physician and will remain entirely in his charge, no house officer being in attendance. The house will be open the entire year.

**TERMS.**—For terms enquire at above address.

**REGISTRY FOR NURSES.**—A registry for nurses has been opened and calls will receive prompt attention. Dressings for aseptic surgery will be furnished at moderate rates to surgeons for work in private houses.
